Judge: Mr S R Goodwin

I would like to thank the Officers and Committee of Boston & District Canine Society for inviting me to judge at their show. I would also like to thank both of my stewards, Natasha Dawson and Heidi Thomas, who kept things running smoothly. My appreciation must go to the exhibitors, allowing me to judge their lovely dogs. I was thrilled that my BOB won Group 3 in the Terrier Group.

Puppy Dog (3) 1 Tate's I Can Boogie At Jaeva NAF TAF: 7 months old, very promising red, good head, nice strong muzzle and good teeth, bright sparkling dark oval eyes, nice ears, good neck and front, nice body bone and rib, coat coming well, well-made hindquarters, moved and showed well, competent handling got the best out of him. Best Puppy Dog. **2 Thompson-Morgan's Belleville Ice Cool Cloud:** 6 months old, not as mature as my winner, I preferred this boys head, excellent body, very smart on the move with a level short back, I like his tail carriage I am sure these two quality puppies will change places many times.

Junior Dog (2) 1 Gee's Watercroft Tea Leaf: Red, compact dog with a strong head, super scissor bite, dark oval eyes, good expression and neat set ears, a good length of neck and well laid shoulders good depth of body, excellent alert temperament and moved with drive.

Post Graduate Dog (3) 1 Davis' Watercroft Earl Grey: Red, well-proportioned dog, with good bite, large teeth and dark eyes, compact body well covered body, excellent black pigmentation, moved well and maintained level topline.

Open Dog (4) 1 Gee's Watercroft Boozy Miller: Red, mature dog with a strong broad head, correct scissor bite, short and compact body as were all from this kennel, moved well, excellent harsh coat. Best Dog & Best Opposite Sex. **2 Thompson-Morgan's Belleville High Life:** Compact dog with an alert expression, strong head and muzzle, good ears which he used well, true front, level topline, moved and showed well, I just preferred the body of the winner. Two lovely dogs. Reserve Best Dog.

Puppy Bitch (3) 1 Gee's Watercroft On Your Marks: Very showy alert little bitch, enjoying every moment in the ring, good head and ears, well balanced body, good front and tail set, moved and showed with a look at me attitude. Best Bitch Puppy & Best Puppy In Breed. **2 Thompson-Morgan's Belleville Secret Hopes:** Another quality exhibit, typical head and ears, excellent pigmentation well balanced right through, more coat and ruff would complete the picture and make her look more compact, moved and showed well.

Junior Bitch (4) 1 Gee's Watercroft Gold Leaf: Red, 15 months, nicely balanced with lovely head and ear set, lovely head piece, typical alert expression, thin neat ears, good neck and well laid shoulders, true in front, well balanced body, good quarters that enabled her to move with drive. **2 Thompson-Morgan's Belleville Hopes And Dreams:** Red, 7 months of excellent type, giving a lot away to age in this class, needs to gain more confidence this, will come I am sure more times that she is shown.

Open Bitch (7) 1 Gee's Ch Watercroft Sticky Toffee: Excellent quality red bitch with lovely head, well set ears, good stop, dark eyes, correct bite, good front and shoulders, nice neck to well ribbed body, short backed with good set on, alert and on her toes, with excellent turn of stifle, double coat, moved true both ways, carrying a level topline, she took my eye soon as she entered the ring. Many thanks, firstly to the committee for the appointment and to the exhibitors for the entry. I found the quality was strong, with the girls strongest in depth. The lockdown must have prompted you all to get the toothbrushes out, because I never found one dirty mouth, in fact they were gleaming.

Puppy Dog (5) 1 Darnell's Jaquidon Hot Off The Press: 6m old full of type, lovely head with dark eye and super dentition, just the right amount of bone and muscle for his young age, well angulated front and rear, with a level topline and strong loin, he moved out easily. BP. **2 Tate's I Can Boogie At Jaeva NAF TAF:** Another tidy youngster, nice shape in profile, good all round but just preferred the winners movement. **3 Brazier's Kinsridge Close To Midnight.**

Junior Dog (3) 1 Gee's Watercroft Tea Leaf: Liked this boy a lot, his head was typical Norfolk, with a dark oval eye & and super ear carriage, shoulders well laid, with straight front and tight feet, nicely bodied with strong ribbing, rear quarters were strong with good angulation, presented with good jacket, on the move excelled with good reach and drive. One I'm sure for high honours. CC & BOB. Nice to see him in the cut for the group. **2 Smith's Javidel Maybach:** Nice type with appealing head and expression, felt a little too well bodied, it would help his balance and movement of he lost a bit

Post graduate Dog (2) 1 Powell's Watercroft Brown Boots: Pleasing outline with decent head shape, dark eye with good ear carriage, well bodied with good spring of rib, good quarters, moved out ok but would like to see more enthusiasm.

Limit Dog (3) 1 Thompson-Morgan's Belleville High Life: Quality boy throughout, appealing head & expression, good length of neck, well laid shoulders into straight front, deep well sprung ribs, level topline with strong well angulated rear quarters, presentation was superb, moved out with drive, really pushed the CC winner hard. RCC. **2 Atkinson's Moortop Mymark Again:** Another lovely type, typical head shape with dark oval eye and good mouth, quarters were well angulated with decent bone and muscle, strong in back with good loin. Coat was presented nicely, moved out strongly.

Open Dog (4) 1 Gee's Watercroft Boozy Miller: Another lovely type, typical head with dark eye. Straight front with good lay of shoulder, deep well sprung rib with muscular loin, short in back, rear quarters well-muscled with super angulation, handled and presented well. **2 Smith's Javidel Despicable May:** Another typy dog, all the attributes of 1, but I just preferred the pace and gait of the first

Puppy Bitch (4) 1 Jenkins' Kinsridge Songbird: 6m old, sweetest head and expression, I know that things can change, but everything about her is just right at this age, hopefully that will carry on as she develops, moving was a good game for her, and she took advantage of it. **2 Thompson-Morgan's Belleville Secret Hopes:** Another 6m baby with sweet head and expression, same attributes as the first, and I'm sure these two will swap round many times. **3 Gee's Watercroft On Your Marks**

Junior Bitch (7) 1 Gee's Watercroft Gold Leaf: Yet another beautiful girl from this kennel, so balanced throughout, feminine head and expression, quarters correctly angulated with good firm muscle, well bodied with firm backline, coat was bang on, on the move she was loving it with her super driving action, she pushed the dog hard for the top honour. CC. **2 Atkinson's Moortop Bobby's Girl:** Lovely cobby youngster with feminine head and expression, quality throughout, still seemed very much a baby, give her a couple of months, and I think she will blossom nicely. **3 Jones' Javidel May Blessing At Darlaur**

Post Graduate Bitch (4) 1 Smith's Javidel May I Present: Prettiest head and expression, dark oval eye, teeth, well what do we say, best mouth I've seen in a long time, her teeth were big but fitted her jaw perfectly, good front assembly with well laid shoulders, short level back into muscular rear, moved out easily with good driving action. **2 Thompson-Morgan's Belleville Secret Hopes. 3 Glynn's Kenberlynn Angels Dream**

Limit Bitch (4) 1 Phillips' Blakens Look To The Stars: super cobby black and tan, her richly coloured jacket was in superb condition, prettiest of heads with dark knowing eyes, well-made quarters fore and aft, deep ribbing with muscular loin, her movement in profile was nice to watch, driving from the rear. RCC. **2 Jenkins' Kinsridge Tip Toes:** Super type with such a pretty head, firm well-muscled throughout yet feminine in every way, coat in good order, moved out with drive. **3 Glynn's Kenberlynn Angels Spirit**

Open Bitch (6) 1 Thompson-Morgan's Belleville Natural High: Feminine girl with lovely head shape, strong neck into well laid shoulders, short and cobby with well angulated rear, coat was in super condition, well presented as usual from this kennel, movement was excellent with easy driving action. **2 Gee's Ch Watercroft Pink Fizz:** Pretty feminine girl, typical of this kennel, she is well made throughout, with the right amount of bone and muscle, yet still keeping her femininity, moved out well. **3 Gee's Watercroft Sticky Toffee**

Veteran Bitch (3) 1 Jenkins' Ch Kinsridge Top Tip: Always liked this girl, and her record goes before her, now at 8 she is still looking good, feminine all through with the sweetest head and expression, well-built throughout, with not a hint of age, moved out like she knew where she was going. BV. **2 Lloyd's Orison Calm Attitude:** Another nice 7yo veteran, lovely head with well-set ears, good quarters, deep chest, firm body, smart jacket, moved out well.

Minor Puppy Dog (2) 1 Thompson-Morgan's **Belleville Plum Picker**: 6 months and very promising. Lovely head and expression, neck well fitted into well laid shoulders, nice through the body. Harsh jacket, well angulated hindquarters and correct tail set. On the move had an impressive forehead. Must have a bright future ahead. **2 Ayres-Cousins' Kinsridge Box Brownie at Viracocha**: Another 6 month old. Excellent textured jacket on this well constructed baby. Balanced head, with lovely eyes and finish. A touch longer cast than 1 and topline touch soft at present but this will settle with age. A promising puppy.

Puppy Dog (2) 1 Gee's Watercroft Neat And Dandy: 9 months old. Good headed puppy with a super dentition. I was particularly impressed by his overall balance and size. Harsh textured coat. Well angulated hindquarters with hocks well let down, all working well on the move. Pleasing body and substance. BPD. **2 Tate's I Can Boogie At Jaeva NAF TAF:** Another quality baby with extremely attractive head and expression. Super eyes and finish. Overall, not quite as balanced as 1 but this will come together with maturity. Neck well set and correct lay of shoulders; secure backline. Tail well set. Handled superbly. Coat of great colour and texture.

Junior Dog (1) 1 Phillips' Blakens Specially Brewed: 14 months. Excels in balance of head which gives a great expression, neat ears, strong well set jaws and strong flowing neck above well laid shoulders. Correctly angulated forequarters. Super feet. Ribs well sprung, powerful hindquarters, tail well set on. Produces a lovely profile on the move, demonstrating an easy flowing action. Presented in a harsh textured jacket and great overall in condition. RBD & RBIS

Novice Dog (1) 1 Ayres-Cousins' Kinsridge Box Brownie at Viracocha: 2nd in MPD. Topline was much more settled in this class.

Post Graduate Dog (1) 1 Davis' Watercroft Earl Grey: 19 months, Correct head with keen expression. Just carrying a touch too much weight which detracted a little from the profile picture of what is a very well-proportioned dog. Super head and dentition. The best of hindquarters which aided powerful rear drive. OK in front. Coat of great texture. A lovely character!

Limit Dog (5) 1 Thompson-Morgan's Belleville High Life: 21 months and clearly a real handful which actually added to the attraction of this impressive young dog. Upon inspection my hands just flowed. Head is well proportioned broad with slightly rounded skull and defined stop. Dark oval eyes; well set ears. Correct length of neck, super lay shoulders and strong forequarters Well sprung ribs. Good substance and bone with neat feet. Presented in excellent coat and condition. His impressive conformation produced spectacular movement. BD & BIS. **2 Atkinson's Moortop Mymark Again:** Mature 4 year old. Pleasing expression contained within a correctly proportioned headpiece. Dark eyes giving a keen expression. Excellent jaw and dentition. Body was compact, well ribbed, with a secure topline. Well angulated hindquarters, moved well. **3 Nash's Ralph Of House Nash ShCEx:** Best B/T Dog

Open Dog (2) 1 Gee's Watercroft Tea Leaf: Smart red dog, nicely balanced throughout. Attractive masculine head with dark oval eye, giving an alert expression. Compact body, short back, level topline. Correct high set tail. Presented in a good jacket, he moved with drive and determination. **2 Thompson-Morgan's Belleville Way Cool:** Produces an attractive silhouette when standing. Well-proportioned head, with dark eyes giving a keen, intelligent expression. Good for ear size and placement; defined stop. Ample length of neck into well laid shoulders. Correct ratio of upper/lower arm and upper arm. Well sprung ribs, compact body and secure backline. The major disappointment was that he just did not wish to cooperate which was disappointing all round.

Minor Puppy Bitch (4) 1 Gee's Watercroft Treacle Toffee: 6 months old. On the stand she produces an admirable picture being beautifully balanced throughout. Prettiest of heads containing dark expressive eyes, well placed shoulders, good reach of neck, short back, great coat texture. She is a definite heart stopper and is seriously going to trouble the best in future but no more weight on her please! BPB & BPIS. **2 Thompson-Morgan's Belleville Citation:** Another beautiful 6 month old baby, slightly different in type but equally as enchanting. She has a very feminine head with appealing dark eyes, sturdy body, well sprung ribs and great coat texture for age. Excellent hindquarters. Moved really well.

Puppy Bitch (2) 1 Thompson-Morgan's Belleville Secret Hopes: Absolutely first class proportions. Endearing balanced in head, with excellent eyes, neat ears, well set jaw, lovely flow to neck and well laid shoulders. Ribs well sprung. Best of hindquarters. Great textured jacket. Sound free mover. Another star in the making!

Junior Bitch (5) 1 Tate's Jaeva What The Hell: 15 month B/T being of lovely breed type. Excellent head planes, keen expressive eyes, impressive flow of strong neck, well laid shoulders, pleasing through the body. She really comes into her own the move, making full use of powerful, well angulated hindquarters. Correct for tail set. Impressive profile when standing. Well-handled to get the best out of her. RBB & Best B/T Bitch. **2 Stevenson's Brickin Dare To Dream:** 15 months. Another attractive young bitch and similar comments apply especially her balanced bone and angulations. Lovely head and expression, good flow of neck and firm topline, she is pleasing for body, bone and angulations. Presented a super textured jacket. Close call, but just felt 1 just hand the edge on forehead movement. **3 Gee's Watercroft Gin Fizz**

Novice Bitch (3) 1 Gee's Watercroft In The Que: 18 months. She has a lovely headpiece, with super dentition and finish. Well-constructed body. Secure strong backline and great for tail set. Admirable rear angulations. On the move she was impressive, covering the ground with ease. Another quality bitch from this kennel. **2 Walker's Watercroft Golden Spice:** I also enjoyed looking into her headpiece and especially those gorgeous eyes. Excellent dentition; strong jaws. Moved really steadily. A tad longer cast and just preferred the forehead extension of 1, but a close call. **3 Price's Umbrage Red Van**

Special Beginners Bitch (3) 1 Nash's Tiggy of House Nash: B/T 4 years. Beautifully handled. Balanced feminine head with correct scissor bite. OK ears. Correct scissor bite. Well set forelegs, chest and shoulders; elbows close to body. Ok for neck. Compact body with good depth and short back. Well prepared, harsh, wiry coat. Sound mover. **2 Walkers' Watercroft Golden Spice. 3 Price's Umbrage Red Van**

Post Graduate Bitch (2) 1 Knapp's Kinsridge Caribbean Queen: 3 years old. Good for size and shape. Exceeded in neck and topline. Mouth not her fortune. Strong rear assembly. Moved steadily. Sweet natured.

Limit Bitch (4) 1 Nash's Tiggy Of House Nash. 2 Stevenson's Brickin Tell Me All: Another nicely balanced red bitch. Very appealing head. Well bodied with ample bone, clean neckline. She is an excellent sound mover but gave the impression that today was not one of her happiest. She could have done more and did not do herself justice. **3 Knapp's Kinsridge Caribbean Queen.**

Open Bitch (5) 1 Gee's Watercroft Gold Leaf: Ultra feminine head with dark oval eyes giving typical expression. Strong neck of ample length into well laid shoulders and strong straight front legs. Compact body with excellent ribbing; short level back. Correct high set tail. Super harsh jacket. Moved with drive. Fabulously textured jacket. Her well-constructed hindquarters demonstrated drive and accuracy. Champion quality. **2 Thompson-Morgan's Belleville Natural High:** Impressive to examine. well-proportioned head with strong correct dentition, broad skull and defined stop. Appealing eyes and well-placed ears of correct size. Correct spring of ribs sprung with good depth. Tail high set. Moved soundly but just preferred forehead extension of 1. Close call between two very different types but both of equal quality and merit. **3 Dragon's Ch From Dash Mountain Farm's High Falue Jaeva (Imp NLD)**

Junior Handling (2) 1 Bianca Dragon: Skilfully handled this sound moving B/T with an excellent head and super expression. **2 Charlie Price:** Handled very sympathetically, producing straight lines and an excellent triangle.

Judge: Mr I Sexton

I would like to thank the committee of the National Dog Show for inviting me to judge the breed today, I had a very enjoyable day, and thank you to my very efficient stewards who kept the ring running nicely. I would also like to thank the exhibitors for their entries, there were many quality dogs and bitches entered making some decisions very difficult and some very promising youngsters.

Special Beginners Dog (3) **1 Harrison's Jacquidon Rich Tea:** A 10 month old who needs closer inspection to appreciate his virtues, he is well put together, balanced and in proportion, head of the correct proportions, dark eyes, and the correct bite. Well laid shoulders and upper arms, short back and a level topline, nicely angulated rear quarters and he moved soundly, it will be interesting to see how he develops, well handled, and presented, Best Special Beginners. **2 Powell's Watercroft Brown Boots:** A two and a half year old and larger than the first placed dog, head and skull correct, well set ears, correct length of muzzle and correct bite. I would prefer more layback of shoulders,

coat texture good, level topline, correct tail carriage, movement was true and sound. **3 McFadden's Watercroft Spotted Dick.**

Minor Puppy Dog (4) 1 Thompson-Morgan's Belleville Plum Picker: At almost 9 months old a lively puppy with attitude, well-constructed, head of the correct proportions, dark eyes, and the correct bite. Neck well set on and shoulders well laid back, level topline, correct coat texture, nicely angulated rear quarters and he moved with drive and purpose, Best Puppy Dog and Best Puppy. **2 Britten's Krisma Snap Chat:** An 8 month old, masculine and well developed, head of the correct proportions, ears well set on, strong muzzle and the correct bite. Correct coat texture, nicely angulated front and rear, level topline and the correct tail set, moved soundly but just preferred the overall movement of the first placed dog.

Puppy Dog (4) 1 Darnell's Jaquidon Hot Off The Press: A 10 month old, masculine and showing the correct breed type, balanced and in proportion, correct coat texture, head and skull well developed, strong muzzle, dark eyes, and the correct bite. Strong neck, well laid back shoulders, level topline and a deep chest, ribs carried well back and nicely angulated rear quarters, his movement was sound and true. **2 Harrison's Jacquidon Rich Tea. 3 Tate's I Can Boogie At Jaeva NAF TAF.**

Post Graduate Dog (4) 1 Thompson-Morgan's Belleville Expectation: A 21 month old B/T, little shown but a quality youngster, showing the correct breed type, balanced outline, and the correct proportions throughout, broad skull, wedge shaped muzzle, dark eyes, and the correct bite. Well laid shoulders and upper arms, deep chest and a well sprung ribcage, ribs carried well back, correct tail set and strong rear quarters, low set hocks, he moved soundly with reach and drive, a very promising youngster and well deserving of the CC today. **2 Mullen's Watercroft Pop Muzik At Tamodan:** A 3 year old, R/W, smaller than the first placed dog and I would prefer a little more size and substance, good proportions and balanced, head good, dark eyes and the correct bite. Level topline, deep chest coat of the correct texture, nicely angulated front, and rear quarters, he moved soundly. **3 Powell's Watercroft Brown Boots.**

Limit Dog (3) 1 Simpson's Brickin Wish Me Luck At Megalex: A three and a half year old R/W with the correct head proportions, dark eyes and the correct bite and dentition, coat of the correct texture, well laid shoulders and a deep chest ribcage carried well back. Level topline, I would have preferred a little more bend of stifle, but he moved with a lively gait. **2 Jenkins' Kinsridge Talking Point:** A two and a half year old R/W, typical outline, balanced and in proportion, masculine head, dark eyes and the correct bite and dentition, correct coat texture, strong neck, level topline, deep brisket, well sprung ribcage, and ribs carried well back. His movement was sound and true, and he moved soundly, but I would have preferred more reach in front.

Open Dog (3) 1 Smith's Ch Javidel Despicable May: A four and a half year old and good condition throughout, a typical and balanced outline, correct coat texture, broad skull, well set ears, strong muzzle, and the correct bite. Strong neck, well laid shoulders and upper arms, deep chest, ribs well sprung and carried well back strong loin, nicely angulated rear quarters and moved soundly showing reach and drive in profile, he pushed hard for the CC, but I just preferred the youthfulness and vibrancy of the CC winner, RCC. **2 Gee's Ch Watercroft Boozy Miller:** A two and a half year old and another quality example of the breed, balanced throughout, typical head proportions, dark eyes and the correct bite and dentition. Strong neck, well laid shoulders, deep brisket, and a well sprung ribcage. Level topline and the correct coat texture, strong rear quarters and the correct bend of stifle, his movement was sound and true and showed reach and drive in profile. **3 Thompson-Morgan's Belleville High life.**

Special Beginners Bitch (1) 1 Walker's Watercroft Golden Spice: A two and a half year old bitch, feminine head proportions, dark eyes, bite could have been better, neck well set on, nicely angulated front and rear quarters, level topline, coat of the correct texture, she moved soundly coming and going.

Minor Puppy Bitch (5) 1 Gee's Watercroft Treacle Toffee: A seven and a half month old, very feminine with a typical breed outline, balanced without exaggeration, nicely angulated front and rear quarters, head of the correct proportions, dark eyes, and the correct bite and dentition, deep chest, well sprung ribcage, level topline. Coat of the correct texture, her movement was sound and true, a very promising youngster. **2 Jenkins' Kinsridge Ha'penny:** A 7 month old who needs time to develop, feminine head, dark eyes, I would prefer a stronger muzzle, correct bite, and dentition. Correct coat texture, level topline, she moved soundly but I would prefer stronger rear quarters.

Puppy Bitch (3) 1 Jenkins' Kinsridge Songbird: A 9 month old very promising puppy, balanced and in proportion with a lively disposition, head proportions correct, dark eyes, strong muzzle and the correct bite and dentition, neck well set on, well laid shoulders and a deep chest. Level topline, coat of the correct texture, nicely angulated rear quarters, and low set hocks, she moved well showing reach and drive in profile. **2 Feller's Belleville Hopes And Dreams:** An 11 month old with a balanced outline, head of the correct proportions with a feminine expression, dark eyes and the correct bite and dentition. Neck of the correct length, deep chest, and a level topline, coat of the correct texture. I would have preferred more length to her upper arms, and this affected her front movement when coming on.

Junior Bitch (4) 1 Tate's Jaeva What The Hell: A 16 month old B/T, she has a lovely typical breed outline, compact and strong, broad skull, well set ears and a dark eye, strong muzzle, neck well set on, well laid shoulders and upper arms, deep chest and well sprung ribcage, ribs carried well back. Level topline, correct coat texture and the correct turn of stifle, her movement was sound and positive, well presented and a promising youngster. **2 Stevenson's Brickin Dare To Dream:** A 16 month old, and heavier than the first placed bitch, head of the correct proportions and typical expression, dark eyes and the correct bite, strong neck, nicely angulated front and rear quarters, deep chest, level topline and coat of the correct texture. She moved with a lively gait showing reach and drive in profile. **3 Gee's Watercroft Gin Fizz.**

Yearling Bitch (3) 1 Jenkins' Kinsridge Tippy Toes: A 15 month old and a very promising youngster, showing a typical outline, balanced and in proportion, head showing the correct proportions, broad skull, strong muzzle, dark eyes and the correct bite and dentition, neck well set on, well laid shoulder blades and upper arms, deep brisket, well sprung ribcage, and ribs carried well back. Level topline and strong rear quarters with the correct bend of stifle and low set hocks. She moved soundly with reach and drive in profile, another very promising youngster, I was very pleased to award the RCC. **2 Gee's Watercroft In The Que:** A 20 month old showing a typical outline, dark eyes, and the correct bite, I preferred the head of the first placed bitch, nicely angulated front and rear quarters, level topline, correct coat texture, her movement was a little erratic on the day. **3 Smith's Javidel Oh Me Oh May.**

Post Graduate Bitch (2) 1 Thompson-Morgan's Belleville Secret Hopes: An 11 month old, showing maturity for a young bitch, typical outline, feminine head and expression, dark eyes and the correct bite, ears well placed, neck of the correct length, well laid shoulders and a level topline, deep brisket, correct spring of rib and ribs carried well back. Nicely angulated rear quarters and low set hocks, her movement was sound and true, pleased to award her best puppy bitch. **2 Walker's Watercroft Golden Spice.**

Limit Bitch (3) 1 Gee's Watercroft On Your Marks: A 15 month old, another very typical example of the breed showing balance and being compact with a short back, level topline and nicely angulated front, and rear quarters. Broad skull, dark eyes, strong muzzle and the correct bite, well laid shoulders, deep chest, and well sprung ribcage. Her movement was sound and true showing reach and drive in profile. **2 Smith's Javidel May I Present:** An 18 month old B/T, a young bitch showing balance in her front and rear quarters, level topline, deep chest and well sprung ribcage, broad skull, dark eyes and the correct bite, muzzle of the correct length, I just preferred the head of the first placed bitch, coat of the correct texture and well presented, she moved well, being sound and true. **3 Stevenson's Brickin Tell Me All.**

Open Bitch (2) 1 Thompson-Morgan's Belleville Natural High: At almost 2 years old she impressed me immediately with her overall balance, breed type and a happy lively disposition, she is feminine but strong throughout, broad skull, ears set well apart, dark eyes and a strong wedge shaped muzzle. Strong neck, well laid shoulder blades and upper arms, good forechest, deep brisket and a well sprung ribcage, ribs carried well back. Strong rear quarters with the correct bend of stifle, and low set hocks, correct feet, her movement was sound and true coming and going and she showed reach and drive in profile, I had no hesitation in awarding her the CC and very pleased to find out that it was her third on the day, CC, and BOB. **2 Gee's Watercroft Gold Leaf:** A 19 month old R/W, and a little smaller than the first placed bitch, typical outline, head of the correct proportions, dark eyes and the correct bite, and a strong muzzle. Neck of the correct length, well laid shoulders and a deep chest, well sprung ribs. Level topline, strong loin and nicely angulated rear quarters and low set hocks, her movement was sound but moving a little wide behind today.

Puppy Bitch (2) 1 Gee's Watercroft Treacle Toffee: Two lovely puppies, a lot of noise and distraction. Both bitches in this class a little unsettled on the move. Judge: Mrs J Miller

I must thank Bath Committee for the invitation to judge at their well-run Championship Show. I was supposed to judge this breed two years ago but am delighted today to have the opportunity. Having a nice entry within this lovely breed for my first time giving tickets, I was pleased with the quality and the numbers. I had some nice comments made about my judging and decisions.

Veteran Dog (1) 1 Nash's Ralph Of House Nash ShCEx: Just into 7 years old, this is a smart looking male. I liked his breed type having a lovely compact body with plenty of substance giving him correct depth. Masculine developed head of correct shape well set and carried ears, dark expressive eyes, stop, correct muzzle well furnished. Nice neck into well laid shoulders firm backline to correct set on tail. Well-presented wiry coat of correct texture and having undercoat. Nicely angulated front and rear. Short well boned legs and tight feet. Very sound free mover with happy tail carriage. Best Veteran. Delighted to see him win Best Terrier Veteran on the day.

Puppy Dog (2) 1 Gee's Watercroft Neat And Dandy: Very handsome 11 months youngster fills the standard nicely with well-developed and furnished head, neat well set and carried ears, kind alert dark eyes, good stop and muzzle and jaw. Head held well on a strong neck, clean into shoulders with firm broad backline with well rooted tail. Strong well ribbed body with substance and depth short loin. Good depth of chest and return of stifle both ends well angled. Lovely textured red coat having presentation and condition. Strong short well boned legs and tight round feet moved out soundly covering the ground. BPD. **2 Britten's Krisma Snap Chat:** Correct head shape to this 9 month pup, not as forward as my winner but having 2 months of age difference. Ears well placed but not settled, expressive dark eyes, more stop needed. Short strong neck into well laid back shoulders, firm top line to well rooted tail carried with slight curl. Well bodied not as muscular as first, having depth and ribs well sprung back. Nicely presented in a harsh red textured coat. Well angled both ends, short well boned legs and tight feet. Good ground coverage.

Post Graduate Dog (2) 1 Mullan & McFadden's Watercroft Pop Muzik At Tamodan: Correctly shaped and balance to this smart small looking red wiry coated male. Correct size to this compact dog just carrying little weight today. Good broad skull with nice width between his ears. Nice wedge shape to his muzzle with good stop. Strong moderate neck with ruff, into well laid back shoulders and short level back, over well sprung body. Well angulated front and rear, short well boned legs and nicely rounded feet, Stylish sound mover nice front action and powerful rear. Nice tail carriage. **2 Davis' Watercroft Earl Grey:** Nice looking but a slightly bigger dog than my winner and on-going over was carrying far too much weight. Masculine broad head, nice width between his well carried ears, nice eyebrows over dark eyes, and good stop. I would like more neck into his shoulders, enough angulation to his front, well ribbed body. Firm level backline nice tail carriage. Well-presented coat just needs to be harsher. Well-developed hindquarters. Short well boned legs well coated, strong round feet. Moved out and showed well and was so sound coming and going.

Limit Dog (2) 1 Tate's Jaeva Dream Come True: Small compact shape to this 18 month red in excellent harsh coat with good undercoat. Masculine look to his broad head with good width between his medium sized ears. Alert look to his dark eyes under nice eyebrows. Would like more stop. Correct wedge shape to his muzzle, little bit of summer nose. Proud head carriage on good moderate neck would like more ruff, well laid back shoulders, firm short back, correct erect tail position. Well angulated front and sprung ribs with good depth to body. Short strong legs and tight round feet, moved out well with good forward reach and rear drive from strong hindquarters.

Open Dog (2) 1 Gee's Ch Watercroft Boozy Miller: This kennel manages to produce a lovely type of animal and this is another who caught my attention on entering the ring. He has a real presence and showmanship. Holds a proud head carriage, which is correctly shaped, good width between his well-placed and used ears, defined stop separates his dark oval shaped alert eyes with a cheeky look, nice covering from his eyebrows. Strong wedge shaped muzzle correct dentition. Nice ruff to his moderate neck set well into laid back shoulders, firm short backline, rooted erect tail with happy action. Small build with a compact body having substance and good depth with sprung ribs. Correctly presented in a close red hard wiry textured jacket, correct undercoat. Well angulated front and rear with excellent muscle tone, short strongly boned legs, round well-padded feet. Very happy free easy mover with good reach and rear drive and so very sound. DCC, BOB. **2 Thompson-Morgan's Belleville High Life:** Another well-built compact dog of small size and shape. Correctly rounded masculine head with nice width between his correctly set and dropped ears, defined stop, oval expressive eyes, slight brows. Medium length to strong neck good ruff around, well laid back shoulders firm level back to his rooted tail. Well angulated both ends of a compact body, well sprung ribs, lovely red jacket having a slightly longer length than my winner of wiry texture and lovely presentation. Short well boned legs and round tight feet. Moved out soundly a free mover. For a moment lost his confidence over something which slightly dropped his tail on the move, but once settled regained himself. Well worthy of RDCC.

Special Beginners Dog/Bitch (2) 1 Nash's Tiggy Of House Nash: Very attractive and feminine bitch, 4 years old a lovely, compact small size. Attractive slightly small but correctly furnished head, broad skull with good width between her dropped ears. Defined stop separates her oval shaped bright eyes. Correct balance to wedge shaped muzzle. Medium length to neck well laid back shoulders, with firm short back to a rooted erect tail. Nicely angulated compact well ribbed body covered in a nicely presented B/Tan wirey coat with good undercoat. Well-muscled throughout, good strong well boned short legs. Powerful mover with reach and rear driving action. BSB and winner of SBT. I understand she won the SB stakes. **2 Walker's Watercroft Golden Spice:** Happy on the stance working well with er handler. I would like a little more strength to her pretty coated small head, having good width between her well set on ears. Would like more stop. Has a pretty expression to her dark eyes. Good length of neck slight ruff, firm longer backline with slight rise to her well rooted tail carried erect. Enough body with substance and well ribbed little long in loin. Well-presented and conditioned red wirey coat with correct undercoat. Straight short legs, round feet. Well angulated and muscled front and back which shows in her movement which is very sound with reach and powerful rear drive.

Veteran Bitch (2) 1 Lloyd's Orison Calm Attitude.

Minor Puppy Bitch (2) 1 Tate's Jaeva Bright As A Button: A delightful puppy who caught my attention as she entered the ring, full of character and a real showgirl with all the good breed points in one small package. Delightful head of correct size and shape, correctly hung ears, sweet alert dark eyes. Nice wedge shape to her muzzle with correct dentation. Good neck length laid back shoulders, firm straight short back to her erect tail. Correctly angled both ends of her small compact body, well ribbed back. Very well presented wiry wheaten jacket with good undercoat. Short well boned legs and small round feet, for her age, was so very sound and a positive mover with correct reach and powerful rear drive. BPB. Shortlisted in the Group. **2 Gee's Watercroft Treacle Toffee:** I loved the look of this puppy, another with a character. A small compact build having a small broad feminine slightly rounded head, nice width between her ears, defined stop, pretty look to her expressive dark eyes small brows over. Correctly shaped wedged muzzle, correct dentition. Moderate neck to well laid back shoulders. Lovely firm and level short back well rooted erect tail. Correctly presented rich red jacket, wirey touch with good undercoat. Forequarters with well angled front to short legs well boned. Good body but I felt she was carrying too much weight which made her look a little too deep. Hindquarters with good angulation, short hocks, tight round feet. Sound mover with reach and drive. At 8 months has a good future.

Puppy Bitch (1) 1 Jenkins' Kinsridge Songbird: 10 months young lady full of character enjoying her day out just needing to settle on the stance. Presented very well in a wiry rich wheaten coat with a nice undercoat. Feminine head of correct shape, positioned ears, defined stop, lovely dark alert eyes giving expression from under little eyebrows. Correct shape to her muzzle. Holds head proudly on a moderate length of neck, well laid back into her shoulders. Short back well held on the stance to her tail. Cobby body well ribbed back with short loin. Correctly angled both ends, short boned legs and round feet. Happy mover just needs to settle as rear movement has drive but little close, forward action is sound.

Junior Bitch (1) 1 Stevenson's Brickin Dare To Dream: An attractive 16 month old young bitch with a happy temperament enjoying her day out and standing well showing off a nice compact outline. Having a pretty correctly shaped head with good detail, a shaped skull and nicely hung ears. Good look to her dark alert eyes with slight brows. Holds herself well on a good neck well laid shoulders, good front angulation. Short level back well held to a rooted erect tail. A compact, cobby body in good condition with depth and well sprung ribs well back. Hindquarters well-muscled, good return of stifle and let down hocks. Good condition and presentation to the wiry texture of her wheaten jacket with nice undercoat. Short well boned legs, round feet a very positive movement with correct action.

Yearling Bitch (1) 1 Gee's Watercroft In The Que: This beautiful nearly 2 year old caught my eye as she entered the ring and did not disappoint in going over her. Lovely compact outline of the correct size and balanced shape, presented in a straight wiry textured jacket of a rich red. Love her delightful small head with her attractive eyebrows over her very expressive dark eyes set well, neatly hung ears. Correctly defined stop. Limited furnishing to her muzzle. Her neck fits well into her laid back shoulders, short, level back to her erect tail, over her cobby compact deep body so well ribbed back into her short loin. Well-muscled throughout, deep angled forechest, straight short well boned legs to round feet. Hindquarters strongly developed and turned stifle, well let down hocks. Had a very powerful, sound stylish free movement which she showed here and in the challenge which gave her the BCC, BOS.

Post Graduate Bitch (3) 1 Tate's Jaeva What The Hell: Stood working well with her handler this bitch completes the small compact picture I was looking for and going over has lots to like about her. Excellent head size and shape, nice skull and width between her hung ears, sweet dark alert eyes, correct wedge shape to her muzzle with slight furnishings. Nice neck length, correct depth of chest. Short straight level backline to her rooted erect tail, over a body with enough substance and good depth, well sprung ribs short loin. Very attractive, nicely presented in a conditioned well marked B/T wirey coat lying close, with correct undercoat. Quarters with good stifle and let down hocks. Short well boned legs and round feet. Moved out well with good flow front and back. RCC. **2 Jones' Javidel May Blessing At Darlaur:** Another compact bitch of the correct size and compact build. Attractive on the stack this well marked B/T has a wirey coat that is not in quite the excellent presentation of my winner. Smart feminine head with a good skull, ear set could be better. Pretty dark kind oval eyes. Holds head well on a good length of neck, well set into shoulders into a short level back, and well held tail. Compact body carrying little too much extra weight showing in her depth and movement. Correctly angled front and rear, small well boned legs and small round feet. Moved happily but not with the power of the winner. **3 Watercroft Golden Spice.**

Limit Bitch (3) 1 Jenkins' Kinsridge Tippy Toes: Very typical compactly built feminine bitch with a lovely outline on the stance. Small sweet correctly developed head, good skull well set on hung ears. Pretty dark eyes kind expression, correctly furnished wedged muzzle. Holds head proudly on medium neck slight ruff, set well into her laid back shoulders. Topline level to her short firm back well rooted erect tail. Body with substance and depth well sprung ribs back into short loin. Beautiful double wheaten coat with wirey texture and in excellent presentation. Short well boned legs and tight round feet, sound stylish free mover with reach and powerful rear action. One to watch. **2 Nash's Tiggy Of House Nash.**

Open Bitch (1) 1 Gee's Watercroft Gold Leaf: Another beautiful bitch from this kennel, looked impressive across the ring and was just as nice to go over. Delightful smallish head, correct wide skull well hung ears. Bright keen dark oval eyes separated by a defined stop, wedge shaped muzzle, correctly furnished brows and beard. A proud head carriage held well on good neck length with slight ruff, which was set into laid-back shoulders. Has a short compact body, with firm level backline with a rooted erect tail. Her muscular body has substance and depth with sprung back ribs into a short loin. Beautiful presentation to her red wirey jacket of correct texture with a good undercoat. Lovely legs and feet, stylish mover who put on a good show. I looked at hard for the top honours but I had already fallen for her kennel mate In the Que.

Thank you so much to Windsor Championship Show for the amazing invite to award my first set of CC's at their show. I found only one poor mouth and generally all the exhibits were in wonderful condition, so thank you for bringing them.

Veteran Dog/Bitch (1) 1 Nash's Ralph Of House Nash ShCEx: Best Veteran. This lovely black and tan dog looks so well for his age. He is in excellent coat & condition, moved ok just needs a little more drive. Never lets his handler down.

Puppy Dog (4) 1 Thompson-Morgan's Belleville Plum Picker: Where did this young man spring from? Excellent bite, head & expression, enough bone, well ribbed, just needs to body up a little. In fabulous coat, beautifully presented. One I will watch. **2 Britten's Krisma Snap Chat:** Another lovely puppy dog. Excellent head with masculine expression, good bone and a real little showman, constantly on his toes. Giving his handler a hard time today but so nice to see a puppy so full of life. New coat just coming through. **3 Brazier's Kinsridge Close To Midnight**

Junior Dog (1) 1 Philips' Blakens Specially Brewed: Cobby red of excellent type, beautiful head & expression, excellent bite, well ribbed, strongly boned, well presented coat but not the best I have seen him look today. Holds his outline well, tail well set on, moves true going away but comes on a little wide, this should tighten up with age.

Post Graduate Dog (2) 1 Davis' Watercroft Earl Grey: One with a lot going for him. Good in type and well put together with a lovely outline. Pleasing head shape, excellent correct bite, enough substance and bone, just needs finishing off on the trimming side of things and a diet!

Limit Dog (3) 1 Thompson-Morgan's Belleville Way Cool: DCC & BOB. Beautiful headed tpy boy, with excellent harsh coat. Short & compact body, excellent bite and good front. Great to watch in profile with a lovely fluid exceptional low to ground movement that carried him through to the CC giving him his crown and then BOB. **2 Thompson-Morgan's Belleville Expectation:** This B/T boy didn't have his usual handler today so was playing up.

He could have been the winner today but just did not behave in the ring. Strong skull & muzzle, good bite, nice length of neck, in excellent coat. **3 Atkinson's Moortop Mymark Again**

Open Dog (2) 1 Gee's Ch Watercroft Boozy Miller: RDCC. Another high quality dog. Thought he would be my CC winner today when he came in the ring, very short & compact, strong skull & muzzle, excellent bite and length of neck. In excellent coat. A very pleasing overall picture when standing however his sluggish and unwilling movement let him down in the challenge. **2 Thompson-Morgan's Belleville High Life:** very well balanced head, correct eye and bite, well placed neat ears. True front, well bodied, level topline when he behaved on the move.

Puppy Bitch (6) 1 Gee's Watercroft Treacle Toffee: BP & BPG2. Dark red almost grizzle, happy puppy with the most attractive outline. Beautiful balanced head, strong neck into well placed shoulders, true front, carrying a good body. Shows so well and delighted to see her win PG2. **2 Stevenson's Brickin Country Charm:** good type, liked her head & eye with correct bite, good neck, shoulders well laid & straight front with well sprung ribs, well angulated behind. **3 Thompson-Morgan's Belleville Citation**

Junior Bitch (2) 1 Feller's Belleville Hopes And Dreams: Good reach of neck, level topline with well set on tail. Excellent coat and moved OK, so very attentive to her handler. **2 Devereux's Vichea Dancing Shadow:** very similar type to one just needs a new coat. Unfortunately a COVID puppy so is not the most confident but she has plenty of time to gain this.

Post Graduate Bitch (6) 1 Atkinson's Moortop Bobby's Girl: Pretty girl with short back and well sprung ribs. Well set tail, in very good coat. Balanced bitch who moved with drive keeping her topline. **2 Stevenson's Brickin Harvest Gold:** feminine red, small but substantial, sassy expression, with lots of attitude. Well balanced movement and firm topline when she behaved. Well ribbed. Feminine head with good bite. Needs her coat off. **3 Walker's Watercroft Golden Spice**

Limit Bitch (4) 1 Tate's Jaeva What The Hell: A busy black and tan with good shape. She is an impeccably schooled bitch and a natural poser, this young handler certainly gets the best out of her. Her head is balanced and so full of expression, excellent bite, neat well set ears. Well sprung ribs, not as short coupled as some, well set tail and with excellent presentation and coat. **2 Gee's Watercroft In The Que:** very charming quality bitch with a great outline. Sound & showy girl, super head, good neck, firm topline. Uses rear well but decided she didn't want to walk in a straight line today coming or going. In harsh jacket. **3 Nash's Tiggy Of House Nash**

Open Bitch (4) 1 Philips' Blakens Look To The Stars: BCC. Well she certainly was a star today. The loveliest of heads and expression with an excellent bite. Her neck just flows into correct shoulders, short and well ribbed body. Harsh beautifully presented coat. True and accurate on the move; another low to the ground. Tailset was correct as was carriage. Very positive driving hind action moved really well round the ring. Delighted again to give her her well-deserved crown but she decided she had enough for BOB. **2 Gee's Watercroft Gold Leaf:** RCC. Very smart, attractive & feminine. Lovely neck, shoulders & topline, well bodied, nice firm hindquarters, beautiful shape on the table but let herself down on the ground, her mind was not on the job today. **3 Thompson-Morgan's Ch Belleville Natural High.**

Minor Puppy Dog (1) 1 Jenkins' Kinsridge Cash Is King: 6 mth old red standing alone here and only a baby. Quality pup who I thought an excellent type and so very well balanced. Moderate length of neck, firm topline, ribbed well back and rib developing nicely for age, short loin and tail set on well. Quality head with super expression; good breadth to skull, correctly proportioned, dark oval-shaped eyes, well defined stop, strong muzzle and excellent dentition with nice width to jaw. Good angles front and rear, straight well boned forelegs and muscular hindquarters with hocks well let down. Moves out so well on the go around, true when going away but needs to firm a tad in front. Wiry jacket and presented in good order.

Puppy Dog (3) 1 Thompson-Morgan's Belleville Plum Picker: 10 mth red who appealed for overall type and balance. He is all male, carrying lovely bone and substance and was good to go over. Muscular neck of medium length, short back with firm topline, good length to ribcage, nice short loin and tail of good set. Super headed lad with broad, slightly rounded skull, good skull to muzzle proportions, dark eye giving keen expression, ears of good size and set, strong muzzle and correct dentition. He stands well naturally on good feet and is well-muscled throughout. Moving out well in profile with excellent carriage and ok on the down and back. Hard, wiry jacket and so very well presented. Best Puppy Dog.

Junior Dog (4) 1 Phillips' Blakens Specially Brewed: 17 mth red who was a comfortable winner in this class. He excelled for type and presented a well-balanced outline with strong neck of moderate length, level topline, excellent ribbing, short muscular loin and tail set on well. Quality headpiece with good breadth to skull, well defined stop, neatly dropped ears, super eye which is full of mischief, strong muzzle of correct length to balance and scissor bite. Stands nice and straight in front with good width of chest, round feet with thick pads and firm, muscular hindquarters with good bend of stifle. Move true both fore and aft and moves out well in profile with excellent carriage. Good quality jacket. **RCC. 2 Darnell's Jacquidon Hot Off The Press:** 12 mth old red who pleased in outline with muscular neck of medium length, short back, level topline, lovely ribbing, firm loin and tail of good set. Nicely proportioned head with dark, expressive eyes, ears good for size and set, good stop and strong muzzle with correct dentition. Carrying good bone, he has good angulation both front and rear and stands on thick-padded, round feet. Moves so well on the go around and uses himself as he goes, parallel rear with plenty of drive but front action could not match that of winner. **3 Harrison's Jacquidon Rich Tea**

Post Graduate Dog (3) 1 Tate's Jaeva Dream Come True: 21 mth old red who won this class with ease. Still some way off maturity, this lad presented a nicely balanced outline with moderate length of neck which blends into well laid shoulders, short back, firm topline, good length to ribcage, muscular loin and tail set on well. Quality head and expression with good breadth to skull, ears of correct size and set, dark oval-shaped eyes, good stop and wedge-shaped muzzle with plenty of strength and correct length to balance. Pleasing angulation both front and rear, well-muscled throughout and standing on good feet. Gaitting well on the go around with good reach and drive, nice and parallel when going away and ok when coming towards. **2 Davis' Watercroft Earl Grey:** Another 21 mth old red who is quite different to the winner and his coat is in need of attention. He was pleasing to go over and a good type. Strong neck of medium length, nice short back, good length to ribcage and ribs well sprung, short loin and tail of good set but rather short. Well-proportioned head with lovely expression; skull of good breadth, ears set on correctly, dark oval-shaped eyes, well defined stop, strong muzzle and good dentition. Shoulders well laid, standing well naturally and firm rear with well let down hocks. Moving well all through. **3 Rayner & Healey's Watercroft Mark One**

Limit Dog (3) 1 Haydon's Earthtaw Lincoln: Three quite different dogs challenged in this class. My winner was this 3 yr old red. He was presented with excellent muscle-tone and was good to go over. Well balanced outline with medium length of neck, level topline, ribs well sprung and carried well back, short muscular loin and tail of good set. Masculine headpiece of good proportions, ears of good set but a little larger than the ideal, dark expressive eyes, correct stop, strong muzzle and scissor bite. Well laid shoulders with good return of upper arm, straight well-boned legs and firm, muscular rear with good bend of stifle. Moves out so well in profile, using himself as he goes, just a little closer going away. Jack of good texture. Very well handled. **2 Atkinson's Moortop Mymark Again:** 4 yr old red who is soundly constructed and pleased for overall type but just not quite the balance of winner. Strong neck of moderate length, level topline but a tad longer cast, nice spring of rib, muscular loin and tail good for set and carriage. Skull of good breadth, ears set on well but again a little larger, dark oval-shaped eyes, well defined stop, muzzle of correct length to balance head and scissor bite. Good angles both front and rear, nice straight forelegs, round feet with nice thick pads and well-muscled hindquarters with hocks well let down. Moving freely with good extension and holding his topline as he goes. Jacket of excellent texture. **3 Simpson's Brickin Wish Me Luck at Megalex**

Open Dog (3) 1 Gee's Ch Watercroft Boozy Miller: 2 yr old red who pleased for type and balance and was so good to go over. Carrying good bone and substance and free from any suggestion of coarseness. Muscular neck of moderate length, firm level topline, first class ribbing, nice short loin and tail set on well and of good carriage. Quality head with keen expression; broad skull with good width between his neat well set ears, dark oval-shaped eyes, well defined stop, strong wedge-shaped muzzle and scissor bite with teeth of good size. Well made all through with well laid shoulders and good return of upper arm, elbows close the body, standing nice and straight in front on good feet and firm, muscular hindquarters with good turn of stifle and well let down hocks. Gaitting freely with plenty of drive from the rear and using himself at all times. Wiry jacket and presented in good order. **CC. 2 Thompson-Morgan's Belleville High Life:** This 2 yr old red is another of quality but quite different to the winner, both in type and outline. He is a touch shorter in back than 1 and also has a little more length of leg. Strong neck of medium length, level topline, super rib and short muscular loin. Masculine head with good skull to muzzle proportions, ears of correct size and placement, dark oval-shaped eyes with desired keenness of expression, well defined stop, strong wedge-shaped muzzle and good dentition. Well-boned and with good substance, he has pleasing angles both front and rear and stands on good feet. Moving true both fore and aft and shows great drive from the rear when viewed in profile. Jacket of good texture. **3 Smith's Ch Javidel Despicable May**

Special Beginners Dog (1) 1 Harrison's Jacquidon Rich Tea: 13 mth old red who pleased for overall outline with neck of correct length to balance, level topline, rib developing well, nice short loin and excellent tail for both set and carriage. Nicely proportioned head with good breadth to skull, well defined stop, dark oval-shaped eyes, strong muzzle and correct dentition. His left ear lifts which spoils expression to some degree. Good angles front and rear but stands a little untidy in front. Moves out well in profile with good propulsion from the rear. Good texture to jacket. Well handled. Best Special Beginners.

Minor Puppy Bitch (4) 1 Jenkins' Kinsridge Juicy Gossip: 7 mth old red who I thought most promising and is just in need of a bit more ring experience. She scored for overall type and balance and was good to go over. Neck of moderate length, short back with firm topline, ribs carried well back and developing nicely for age, short loin and tail set on well. Delightful head and expression; good skull to muzzle proportions, neat ears carried close to the cheeks,

super eye, well defined stop and correct dentition. Soundly built all through and moving true on the down and back. **2 Smith's Javidel Handmayds Tale:** Just 6 months old, out of a smaller mould than the winner but this red pup is another good one. Feminine throughout with a quality headpiece; skull of good breadth, ears of correct size and placement, keen dark eye, well defined stop, strong wedge-shaped muzzle of correct length to balance and good dentition. Nicely balanced with medium length of neck, short back, level topline, muscular loin and tail of good set. She stands well naturally with good width of chest for age, round feet with nice thick pads and firm rear with hocks well let down. Moving well on the go around, true when coming towards but rear not quite that of 1. Good coat. **3 Phillips' Blakens Golden Girl**

Puppy Bitch (4) 1 Gee's Watercroft Treacle Toffee: Good class which was headed by this 10 mth old red. Quality youngster who is so very well constructed and therefore so good to go over. Feminine all through, she presented a nicely balanced outline with moderate length of neck, level topline, good length to ribcage which is developing well for her age, short muscular loin and tail of good set and carriage. Most appealing head and expression; skull of good width between her correctly set ears, dark oval-shaped eyes, defined stop, wedge-shaped muzzle of correct length and excellent dentition. She stands nice and straight in front on good feet and has firm, well-muscled hindquarters with good turn of stifle. Gaiting freely and with drive. Jacket of good texture. Best Puppy. **2 Stevenson's Brickin Country Charm:** 8 mth old red who also has so much to like. She is a fraction longer than the winner but by no means unbalanced. Strong neck of moderate length, level topline, pleasing rib for age, firm loin and tail of good set. Feminine headpiece with good breadth to skull, ears of good set, dark expressive eyes, correct stop and scissor bite. Another who is soundly built with well laid shoulders and good return of upper arm, elbows close to the chest, straight forelegs of good bone and firm, muscular hindquarters with nice turn of stifle and firm hocks. Moving true and driving out well from the rear. Good quality coat. **3 Thompson-Morgan's Belleville Citation**

Post Graduate Bitch (6) 1 Tate's Jaeva What The Hell: 17 mth old black/tan who was pleasing to go over and presented a nicely balanced outline with strong neck of medium length, short back with firm topline, ribs carried well back and well sprung, short loin and tail of good set. Feminine head with broad skull which is slightly rounded between her neat, well set ears, dark oval-shaped eyes giving keen, intelligent expression, well defined stop, strong muzzle of correct length to balance and scissor bite. Shoulders well laid back, good return of upper arm, elbows held close to the body, standing on good feet and firm, well-muscled hindquarters with nice bend of stifle. Moving out freely and with enthusiasm. Excellent texture to jacket. Still to fully mature but a worthy RCC winner here today. **2 Atkinson's Moortop Bobby's Girl:** This 18 mth old red is another who is well constructed and good to go over. She pleased for type and is so well balanced with moderate length of neck, short back, super rib, nice short loin and tail just right for both set and carriage. Quality head with delightful expression; good skull to muzzle proportions, eyes good for shape and colour, well defined stop, strong muzzle and correct dentition. She has good angles front and rear, elbows are held close to the chest, straight well-boned forelegs, round feet with nice thick pads and firm, muscular hindquarters with hocks well let down. Gaiting true on the down and back and moves out well on the go around. Well handled. **3 Walker's Watercroft Golden Spice**

Limit Bitch (4) 1 Gee's Watercroft In The Que: Two very different bitches challenged in this class. My winner was this 22 mth old red. She wasn't as co-operative with her handler as she might have been but she did more than enough to garner this place. I thought her such a good type and she was so good to go over. She presented a pleasing outline with neck of correct length to balance, firm level topline, excellent ribbing, short muscular loin and tail of good set. Feminine headpiece with good breadth to skull, medium-sized ears which are neatly placed and carried close to the cheeks, dark expressive eyes, correct stop, strong wedge-shaped muzzle and scissor bite. Carrying good bone and substance, she is sound all through and moves out freely with good drive from the rear. Jacket of excellent texture and very well presented. **2 Smith's Javidel May I Present:** 21 mth old black/tan. Smaller girl than the winner but another who is full of quality and presents a compact outline with medium length of neck, nice short back, well sprung ribs, short loin and tail of good set. Quality head with nice breadth to her slightly rounded skull, ears correct for both size and set, dark expressive eyes giving keen expression, good stop, jaw strong and clean and correct scissor bite. Nice layback of shoulder and good upper arm, elbows close to the chest, straight forelegs and muscular rear with good turn of stifle and well let down hocks. Moving nice and parallel fore and aft and using herself as she goes. Coat texture not quite that of 1.

Open Bitch (6) 1 Thompson-Morgan's Ch Belleville Natural High: Quality class with the first two particularly impressive. The winner was this 2 yr old red. Right out of the top drawer, I thought her an excellent type and she presented a beautifully balanced, compact outline. Strong muscular neck of moderate length, short back with firm topline, first class ribbing, nice short loin and tail of good set. Quality head with feminine expression; broad skull which is slightly rounded between her neat, well placed ears, oval-shaped eyes, well defined stop, strong wedge-shaped muzzle of correct length to balance and clean jaw with scissor bite and teeth of good size. Carrying good bone throughout and so very well constructed with good angles front and rear, standing nice and straight in front on good feet and firm, muscular hindquarters with hocks well let down. So good on the move, parallel on the down and back and with great propulsion from the rear, using herself as she goes and so very well handled. Excellent jacket; hard, wiry and straight and super presentation. CC & BOB. **2 Phillips' Blakens Look to The Stars:** 3 yr old black/tan who is quite different to the winner but another who is full of quality and a delight to go over given her correct construction. Feminine throughout she is well balanced with medium length of neck, level topline, well sprung ribs which are carried well back, nice short loin and excellent tail for set and carriage. Most attractive head with keen

expression; skull of good breadth, neat ears which are carried close to the cheeks, dark oval-shaped eyes, well defined stop, wedge-shaped muzzle with plenty of strength and correct bite. Straight, well-boned forelegs, good feet and super hindquarters with strong, muscular thighs. So good on the move, good extension in front and driving well from the rear. Good quality coat and another so very well presented. **3 Jenkins' Kinsridge Tip Toes**

Special Beginners Bitch (2) 1 Walker's Watercroft Golden Spice: 3 yr old red. Happy girl who was enjoying her time in the ring. Moderate length of neck, firm topline but a little longer cast than the ideal, pleasing rib, muscular loin and tail just right for both set and carriage. Feminine head with slightly rounded skull, nice dark eye, well defined stop and correct dentition. She has pretty good angles front and rear and moves freely with good carriage. Feet not what they could be and would like better texture to coat.

Minor Puppy Dog (2) 1 Jenkins' Kinsridge Cash Point: At seven months old, this is a very smart, well collected dog, well made and well balanced. Attractive head with a pleasing skull, excellent, small, well set and carried ears, correct width of muzzle. Strong neck with a nape. Strong, short topline, well set tail. Excellent angulation both ends. Coat under development, well trimmed. Moved very well from all angles. Best Puppy. **2 Jenkins' Kinsridge Cash Is King:** Another seven months old, masculine dog with an excellent top coat. Pleasing in head, but somewhat longer in muzzle and larger in ears. Normal neck. Deep and capacious chest. Firm topline standing, a bit high behind in movement. Energetic mover.

Limit Dog (3) 1 Thompson-Morgan's Belleville Expectation: Smart black and tan dog, masculine and very well proportioned. Pleasing skull and ears. Could do with some more fill under the eye. Strong neck, well set, well angulated in front. Excellent topline. Well bodied, deep and capacious. Moderately set tail. Well trimmed. Moved very well from all angles, animated and co-ordinated. **2 Mullen & McFadden's Watercroft Pop Muzik at Tamodan:** Dog of excellent size. Well-proportioned head, small ears. Moderate neck and front angulation. Strong topline, well set tail. In a good top coat, but rather sparse in places. Rather inconsistent on the move and not very co-ordinated.

Open Dog (2) 1 Gee's Ch Watercroft Boozy Miller: The star of the day, a top dog from every angle. A very smart dog with excellent overall quality. Excellent head, very good skull, correct length of muzzle. Excellent expression. Very good neck with strength. Firm, strong topline, well set tail. Of a body length that allowed him maximum freedom of action, not ultrashort. Beautifully trimmed, in excellent coat. Very sound, energetic and co-ordinated on the move, striding out very well without effort. CC & BOB and pleased to see him do well in the big ring. **2 Thompson-Morgan's Belleville High Life:** Another lovely dog, masculine and of excellent type and short-coupled. Attractive head and expression. Enough neck for balance. Compact body, not quite the topline of the winner, especially on the move. Well set tail. Excellent coat, very well trimmed. Moved well from all angles, if not as brilliant as the winner. Res CC **Veteran Dog (1) 1 Nash's Ralph Of House Nash:** An attractive veteran at seven, defying his age. Strong masculine head, well spaced between the eyes. Small, well carried ears. Strong neck. Balanced angulation in front, could do

with some more behind. Excellent topline. Pleasing tailset. Excellent coat, well trimmed. Sound, positive mover. Best Veteran

Special Beginners Dog or Bitch (2) 1 Nash's Tiggy Of House Nash: Small, feminine bitch of very pleasing proportions. Feminine head, a bit round in skull. Could do with more neck. Solid, deep and capacious body. Would prefer a higher tailset. Very moderately angulated behind. Excellent coat, well trimmed. Co-ordinated on the move and light on her feet.

Puppy Bitch (2) 1 Thompson-Morgan's Belleville Citation: Small, feminine bitch with a very attractive outline. Well-proportioned head, well set and carried ears. Quite good neck. Short and firm topline, well set tail. Balanced angulation both ends. In a good coat. A positive, well co-ordinated mover, tending to toe in. **2 Gee's Watercroft Treacle Toffee:** A very attractive bitch when standing, mature for her age. Beautiful head, excellent pigmentation. Firm topline, well set tail. Beautiful coat and very well trimmed. Deep and capacious body, she still needs to lose some puppy fat. Very enthusiastic on the move, but needs better timing and co-ordination.

Post Graduate Bitch (2) 1 Atkinson's Moortop Bobby's Girl: An attractive bitch, strong, but still feminine. Very good skull, excellent eyes, but I would not like a longer muzzle. Excellent small ears, well placed. Very attractive neck. Good forechest. Firm topline, well set tail. Would have preferred some more pride and co-ordination on the move. Excellent coat, well trimmed.

Limit Bitch (3) 1 Gee's Watercroft Crafty Tipple: Smart bitch, substantial. Great character. Excellent expression, skull and ears. Correct length of muzzle. Pleasing rise of neck. Carrying too much weight on the day, taking something away from her firmness. Good tailset. Excellent coat quality, well trimmed. Moved with enthusiasm, but again could be firmer. **2 Nash's Tiggy Of House Nash**

Open Bitch (4) 1 Jenkins' Ch Kinsridge Tip Toes: A top quality, lovely compact bitch with an attractive terrier attitude. Strong head, yet feminine, well-proportioned and expressive. Excellent neck. Moderate, but balanced angulation both ends. Short body, firm topline, reasonable tailset. Excellent coat, well trimmed. Used her legs very well from all angles, sound and precise, but tended to curl up a little on the move. CC. **2 Gee's Watercroft Gold Leaf:** Another very attractive bitch of very pleasing proportions. Attractive, feminine head, if not the strongest of muzzles. Could make more consistent use of her ears. Very good neck, well set into excellent shoulders. Excellent topline, well set tail. Typical coat, well trimmed. A sound mover from all angles. Norfolk exhibitors are always a sporting bunch, supporting each other, and the dogs also have great temperaments. The standard twice says they should be compact and short in back, so I was alarmed to find that the majority were too long in back, and some were too short on leg, so the outline wasn't typical. I do hope that breeders can correct this. Both CC winners were, in my opinion, the right shape making them very typical of this great little terrier.

Veteran Dog (1) 1 Nash's Ralph Of House Nash ShCEx: Very good moving chunky d. He has a masculine head. Liked his length and strength of jaw. Enough neck. Well laid shoulder, slightly short in upper arm. Could be shorter in back. Well made rear. In super coat.

Minor Puppy Dog (1) 1 Ward's Littlemount Celyn Y Mor: Very happy pup coming into coat. Well-proportioned head with good jaw and big teeth. Could have more neck and a shorter back. Well laid shoulders. Ribs are well sprung. Liked his rear. Moved v well.

Puppy Dog (1) 1 Thompson-Morgan's Belleville Plum Picker: Full of fun. Liked his head, ears can settle. Medium neck. Shoulder is ok. Well sprung ribs. Could be shorter in loin and back. He has a well bent stifle with low hocks, stands more parallel on floor than on the table. Went well.

Junior Dog (1) 1 Darnell's Jacquidon Hot Off The Press: Excels in profile movement. He has a masc head. Could have darker eyes. Medium neck. His angulation is v well balanced. Well sprung ribs. Level topline. High set tail, carried on back. Could be tidier coming towards.

Limit Dog (6) 1 Thompson-Morgan's Belleville Expectation: Short backed d giving correct outline. Liked his head, well balanced. Eyes could be slightly darker. Lengthy neck. Well laid shoulder. Decent upper arm. Liked his spring

of rib. Short back with high set almost straight tail. Super rear which he really uses, v good profile action. CC, Champion on the day, well done. **2 Haydon's Earthtaw Lincoln:** Liked his short back. Masc head, eyes a bit wide apart. Strong jaw. Enough neck. Quite a good front. Well ribbed. Not the rear of 1. In v good coat. Balanced stride. **3 Mullan & McFadden's Watercroft Pop Muzik At Tamodan.**

Open Dog (2) 1 Gee's Ch Watercroft Boozy Miller: Shows so very well. He has excellent angulation front and rear and so moved so v well out and back and in profile. He has a good head. Lengthy neck. I found him rather long in loin so not as compact as ideal. He holds a firm topline. In super jacket. His construction and movement took him to RCC, just not the outline of the limit winner. **2 Thompson-Morgan's Belleville High Life:** Liked him for type, being shorter than 1. Has a super head. Enough neck. Well laid shoulder. Could have better hind angulation and topline was sloping on the move. Rather giddy here.

Veteran Bitch (3) 1 Macartney's Nordalset Little Bit Of Sun For Ivrig VW: The more cobby of these 2 grand ladies. She has a fem head and a lovely expression. Medium neck. Well angulated front and rear. Could carry less weight. Harsh coat. **2 Lloyd's Orison Calm Attitude:** She is just a bit longer than 1. Fem head with good eyes and ears. Medium neck. Well angulated. Low hocks. In harsh coat.

Puppy Bitch (3) Not much to separate the first 2. 1 Thompson-Morgan's Belleville Citation: Very feminine pup. She has a well-proportioned head. Lengthy neck. Better shoulder than 2 and she is slightly shorter in loin. Well sprung ribs. Coat coming in. V good rear. BP. **2 Gee's Watercroft Treacle Toffee:** She has a well-balanced head. Lengthy neck. Deep chest. Fairly short in back. Well set tail angulation is well balanced. In v good coat.

Post Graduate Bitch (5) 1 Stevenson's Brickin Dare To Dream: Feminine b who is fairly short in back. Has better ears than 2. Well-proportioned head. Lengthy neck. Quite a good front. Level topline. Moderate hind angulation. Good mover. **2 Atkinson's Moortop Bobby's Girl:** She is fem. Fairly short in back with well sprung ribs. Medium neck. Level topline with a v good tail. In good coat. **3 Philip's Nordalset Brighter Skies.**

Limit Bitch (4) 1 Gee's Watercroft Gin Fizz: Liked her outline and proportions, could just be a little more of her. Good head. Dark eyes. Lengthy neck. She has a well laid shoulder. Well sprung ribs. Could be shorter in loin. Level topline. Low hocks. **2 Nash's Tiggy Of House Nash:** She is slightly longer and heavier than 1. Fem head, could have a stronger underjaw. Dark eyes. Enough neck. Her angulation is moderate and balanced. Level topline, tail slightly low set. In thick jacket. **3 Jones' Javidel May Blessing at Darlaur.**

Open Bitch (2) 1 Thompson-Morgan's Ch Belleville Natural High: Really typy b who has a super outline. Well balanced head. Good eye and expression Lengthy neck. Well laid shoulders. Deep chest well ribbed. Short back. Well-made rear. In super coat. Accurate mover with a good stride. CC & BOB. **2 Gee's Watercroft Gold Leaf:** Very showy b who is in super coat, just a bit longer in back than 1. She has a lovely head. Her dark eyes give a super expression. Enough neck. Her angulation is moderate but balanced so she moves v well. Holds a level topline d. Well set tail. RCC

The sun was shining and our judging coincided with the hottest part of the day which made it difficult for a few of the dogs (and handlers too)

Puppy Dog (2) **1 Thompson-Morgan's Belleville Plum Picker**: Looking quite mature for his 11 months and well balanced when stood in profile. Has plenty of bone and substance, good width of skull with well set ears, I liked his dark eye and expression, strong muzzle with good teeth and bite, enough length of neck into well laid shoulders. Front legs straight and set under, and nice to see some forechest, short back firm and level on the move, good turn of stifle giving super drive around the ring. In good hard coat and condition. Best Puppy. **2 Tate's Jaeva the Puzzler TAF**: Giving quite a bit away to first in this class and still quite a baby, has a promising head, good eye shape and ear set, level back and very good tail set, a happy puppy but he needs a bit more schooling.

Open Dog (4) **1 Gee's Ch Watercroft Boozy Miller**: What a lovely mature male to go over who was on such fine form too and in excellent coat. Quality throughout, well off for bone and substance, has a super head slightly rounded with plenty of width between the very good ear set, dark oval eye which gives a lovely expression, strong jaw and excellent dentition, good head proportions too with well-defined stop. Scores in neck and shoulders, level back with short loin. He has a straight front set on well-rounded feet, good spring of rib, good rear angulation and he moved low with a firm level topline and plenty of drive from behind. Best dog and BOB. **2 Thompson-Morgan Belleville High Life**: Another quality male just feeling the heat a little. He has an excellent expression and is compact and well balanced. Great head proportions, strong wedge shaped muzzle, strong teeth, his neck flowed into his shoulders, short back and I preferred his tail set to 1, well presented in coat and condition. Res Best dog. **3 Haydon's Earthtaw Lincoln**

Puppy Bitch (3) **1 Thompson-Morgan's Belleville Citation**: A real promising feminine puppy with dark sparkling eye giving such a lovely expression, neat ears, medium length of neck, super short back, well set tail, good spring of rib, straight front which she kept on the move. **2 Gee's Watercroft Treacle Toffee**: Lovely outline, compact and stood really well in profile. Good head eye and ears, correct short level topline, has a rich colour and a hard wiry coat. Not moving as positive as first. **3 Tate's Jaeva Puzzle Piece TAF**

Post Graduate Bitch (2) **1 Atkinson's Moortop Bobby's Girl**: Lovely for size and all in proportion, she was flying her ears around a touch which was a little distracting, lovely front set well under, enough length of neck, shoulders well set, nice short back, excellent tail carriage, well-muscled rear which gave her great drive.

Open Bitch (3) **1 Thompson-Morgan's Ch Belleville Natural High**: Good for shape and size and very sound. Has a quality head, dark oval eye and super expression, good width of head, slightly rounded with well-set ears. Good neck and topline, straight front showing some chest, good rear angulation and well let down hocks, she moved with

ease, straight in front and with plenty of drive from behind. Best bitch. **2 Gee's Watercroft In The Que:** Feminine and good for size and shape, lovely dark oval eye giving a sweet expression, good neck, topline and tail set, liked her front movement but the rear not so true today. **3 Gee's Watercroft Crafty Tipple**

I appreciated the lovely entry, thank you, with quality in the dogs entered giving me lots of close decisions to be made, a nice challenge.

Special Beginner Dog (2) 1 Powell's Watercroft Brown Boots: Lovely head type with balance skull to muzzle, shown in good coat with muscled frame, good on the move to win the class, BSB. **2 Harrison's Jacquidon Rich Tea:** Pleasing in overall type, short and strong, good body and balance, nice in profile with the coat cover, moved ok.

Veteran Dog (1) 1 Nash's Ralph Of House Nash ShCEx: Impressed in type, balance and expression, has a good front, shoulder and angles, carries the muscle, body and good type coat, moves with purpose and action, BV.

Puppy Dog (3) 1 Jenkins' Kinsridge Cash Point: Quality youngster with the type in head and jaw, good skull width and muzzle, he has the shape, a strong front and rear action, built on good bone with lots of promise for future, BP. **2 Knapp's Jeanette Kinsridge Top Banana:** Again lovely type, brother to 1, but not up to his brother's show style yet, happy boy, needs to learn with his handler.

Junior Dog (2) 1 Darnell's Jacquidon Hot Off The Press: Solid 13 month old, well built with the height and width, good head type, muzzle and alert in ear, good top-line and rear end, well set tail and going well on the move, lots of promise here, BJ.

Post Graduate Dog (2) 1 Davis' Watercroft Earl Grey: Good form here, liked the head, attracts and alert, good through front, chest and top, carries a little extra in weight but moves with the style and action required. **2 Harrison's Jacquidon Rich Tea:** 2nd in SBD.

Limit Dog (5) 1 Haydon's Earthtaw Lincoln: Loved the boy, the head balance and shape, best mover in the class with the reach and drive, good top and tail set, strong quarters and wiry coat cover, considered in challenge. **2 Phillips' Blakens Specially Brewed:** Balanced and square outlook on the move, good top and tail set, typical in head width and muzzle strength, has the body and quarters, front action could improve to finish picture. **3 Simpson's Brickin Wish Me Luck at Megalex.**

Open Dog (2) 1 Gee's Ch Watercroft Boozy Miller: Outstanding lad with an impressive stance, balance and shape, attracts in head with the skull width, ear set and muscle strength, built well in body and rear end, he moves with the action, true in front and drive at the rear, DCC & BOB. **2 Thompson-Morgan's Belleville High Life:** Another of impressive type in head and muzzle, shown in a great type coat cover with the muscle in top-line and rear quarters, moves with the good rear angulation and drive, but not quite up to 1 in front today, handled with style, RDCC.

Veteran Dog (1) 1 Nash's Ralph Of Nash House ShCEX VW: A typy dog in good coat and condition. Strong head & muzzle. Level top line, in good body. Moved steadily.

Minor Puppy Dog (2) 1 Jenkins' Kinsridge Cash Point: A quality youngster with all the essentials. He moved and showed really well for his age. Short level topline with a well set tail. Well off for bone, good feet. Strong muzzle, good dentition. Just needs time.

Limit Dog (6) 1 Phillips' Blackens Specially Brewed: Very Typy dog who is good to go over. In excellent coat and condition. Good bone, legs & feet. Strong head, good bite. Not the strongest of temperaments but did enough to win the class. **2 Jenkins' Kinsridge Talking Point:** A handy sort of dog who again was not easy to show. In lovely coat and condition. He moved well when settled. **3 Haydon's Earthtaw Lincoln**

Open Dog (2) 1 Gee's Ch Watercroft Boozy Miller: A top class dog who is bang on form. Very typical throughout. Strong head and muzzle. Clean neck and shoulders. Short level back with high set tail. Powerful hindquarters which he used well on the move. A sensible show dog who made the most of himself. **2 Thompson-Morgan's Belleville High Life:** Another quality dog who gave 1 a run for his money. In lovely coat and trim. Well-conditioned all through. He showed well but not as collected on the move as 1.

Veteran Bitch (1) 1 Lloyd's Orison Calm Attitude: Level topline and in good condition. Well textured coat. Moved and showed ok.

Minor Puppy Bitch (1) 1 Tate's Jaeva Puzzle Piece: A top class puppy who is lovely to go over on the table. Everything just fits and flows. She just powered around the ring with lovely extension in profile. Her tail carriage was lovely to see. Surely destined for many more wins.

Puppy Bitch (1) 1 Stevenson's Brickin Country Charm: A promising puppy who needs more time and ring training. She has many of the essentials and moved ok when settled.

Junior Bitch (1) 1 Gee's Watercroft Treacle Toffee: A decent sort of bitch in good body and coat condition. She showed well, short level topline. Moved ok both ways.

Yearling Bitch (4) 1 Atkinson's Moortop Bobby's Girl: A nice bitch to go over, she showed well and moved out positively. In good coat, short level back, high set tail. Strong quarters. **2 Gee's Watercroft Gold Leaf:** Another bitch in good form. Typy all through but not moving as freely as 1 today. She could be a little stronger behind. **3 Devereaux's Vichea Dancing Shadow**

Post Graduate Bitch (2) 1 Stevenson's Brickin Dare To Dream: This is a really nice bitch to go over. She is short and compact, correct coat texture. Strong head and muzzle. She moved and showed well. With a bit more finish she could make up.

Limit Bitch (4) 1 Gee's Watercroft In The Que: A typical bitch who is short, compact, level topline. Well off for bone. High set tail. Well-muscled quarters. Moved out well. **2 Jenkins' Kinsridge Tippy Toes:** Similar to 1 and a close decision. Short, level topline. In lovely coat and condition but not the finish of 1. **3 Tate's Jaeva What The Hell**

Open Bitch (2) 1 Thompson-Morgan's Belleville Natural High: A quality bitch in excellent coat and condition. Clean neck and shoulders, good bone legs and feet. Short back with high set tail. She showed really well and moved steadily but not the extension of the puppy in the challenge.

Would like to thank the committee of Darlington Show for this appointment. I would like to say that I think the tails on Norfolk Terriers have come on in leaps and bounds with many having well set, short straight tails.

Puppy Dog (2) 1 Gee's Watercroft Cuckoo Waltz: Quality baby with lots to like about him. Pleasing head and expression, good length of neck, well laid shoulders and level top line. Absolutely full of himself.

Junior Dog (1) 1 Darnell's Jacquidon Hot Off The Press: A masculine, quality young man. The most wonderful head and expression. Good length of neck and correct front assembly. Level top line held on the move. Moves true fore and aft. Considered him for RCC he lost out to eventual winner as he lacked a bit of animation at the crucial moment.

Post Graduate Dog (1) 1 Haydon's Earthtaw Lincoln: Typical male being short and cobby. Head ok but would prefer more stop. Strong body, low to ground, moved with purpose. Has a super harsh coat. Handed to advantage another worthy of the RCC today but let his handler down at the last minute.

Limit Dog (4) 1 Thompson-Morgan's Belleville High Life: Upstanding male, excellent bone and substance. Well balanced. Excellent head proportions, strong muzzle, would prefer smaller ears. A little upright in shoulder causing top line to slope to his tail. Owned the ring as he strode round which won him the RCC. **2 Phillips' Blakens Specially Brewed:** Different type to 1, short, cobby and low to ground Another lovely head and expression. A little short in neck, level top line. Super quality coat, perfectly presented. A little unsettled at times today.

Open Dog (1) 1 Gee's Ch Watercroft Boozy Miller: This male shouts 'Norfolk Terrier' he excels in breed type. Excellent width of skull, strong muzzle, dark eye, for perfection would prefer a smaller ear. Strong, medium length of neck, level top line held on the move. So much has been written about him before not a lot left to say he is in excellent condition and gleaming coat. Worthy CC winner.

Puppy Bitch (5) 1 Tate's Jaeva Puzzle Piece: Winner of a strong class of quality puppies. An absolute showgirl, standing and posing like a seasoned pro! Covered the ground with ease. Looks a little rangy at the moment but I am sure when she blossoms, she will be one to watch. **2 Gee's Watercroft Dawn Chorus:** Similar type to 1 at the

moment also being a little high on the leg. Good head for age, correct length of neck. Excellent straight tail and perfect tail set the same as 1. Movement a little erratic but positive this will improve with maturity.

Post Graduate Bitch (4) 1 Stevenson's Brickin Dare To Dream: One I have admired previously. Super breed type, cobby, short and beautifully balanced. Lovely head with keen expression helped by her small dark eye. Medium length of neck, well placed shoulders, level top line short, straight tail. Moved with purpose and never stopped showing RCC. **2 Atkinson's Moortop Bobby's Girl:** A little larger than 1. Another quality bitch of good breed type. Good head but would prefer a shorter muzzle. Strong medium length neck, preferred front construction of 1. Yet another fabulous tail. Moved with purpose.

Open Bitch (3) **1 Philips' Ch Blakens Look To The Stars:** Ultra smart black and tan bitch in superb coat and condition. Beautiful head and expression. Good length of neck, short coupled and well let down hocks. Excellent straight tail. Well off for bone and substance. Moved and showed too perfection. BCC. **2 Thompson-Morgans Belleville Ovation:** Mature lady carrying a little too much weight today which made her seem heavy across the shoulder. Good head proportions pleasing expression, covered the ground well.

Critique - Norfolk Terrier Club of Great Britain Judge: Mr T Nagrecha

Thank you to the club and committee for inviting me to judge this very special show. An excellent entry of 60 dogs much to my delight. A few observations I would like to share, head type is very consistent and I was pleased to see that most had the black eye rims which finishes off the expression. Please focus on the fronts on this breed, this clearly has been a cross the breed bears for many years and I saw no progress is this. It almost got to a point that I was heavily forgiving loose front in favour of breed type and side gait class after class. I do feel the breed needs to focus on this as a priority.

Veteran Dog (1) 1 Nash's Ralph Of House Nash ShCEx VW: 7 year old and beautifully groomed male, broad skull with a good stop, his eye is a little full, excellent ribbing moved ok.

Minor Puppy Dog (2) 1 Jenkins' Kinsridge Cash Is King: correct skull to muzzle with enough skull, exceptionally good bite with large teeth, well set ribs and strong powerful hind quarters driving well from behind, would like a better front assembly.

Puppy Dog (4) 1 Jenkins' Kinsridge Cash Point: so breed typical, he really filled my eye, in full coat, he is so well boned and bodied with that cobby outlook that defines the breed, excellent teeth, excellent lay of shoulder but still needs to firm a little in front, strong hindquarters. He must have a great future. Best Puppy Dog. **2 Gee's Watercroft Cuckoo Waltz:** longer cast than one, his head is developing well, a little short in upper arm, but excellent croup and set on, using his quarters to advantage.

Junior Dog (1) 1 Darnell's Jacquidon Hot Off The Press: he is such a well-made dog, excellent forehead and lay of shoulder, well bodied with low set hocks, good ribbing with excellent coat texture, moved very soundly.

Yearling Dog (3) 1 Thompson-Morgan's Belleville Plum Picker: Top size male with a good eye and excellent mouth, scored on neck well set at the withers, good rib and quarters, his front movement let him down for further consideration in the challenge. **2 Harrison's Jacquidon Rich Tea:** cobby dog who really holds his shape on the move and standing. He is of correct size and outline, sound hindquarters with a moderate stride, he is however a little full in eye for me and tends to fly his ears.

Special Beginners Dog (3) 1 Harrison's Jacquidon Rich Tea. 2 Powell's Watercroft Brown Boots: of a bigger mould than the winner, I would like more strength to muzzle, and more depth to body, excellent eye and a clean front with good quarters to match.

Novice Dog (1) 1 Rayner & Healey's Watercroft Mark One: full of spirit and gassy giving a good account of himself, draws a good picture stood, and scored in side gait.

Post Graduate Dog (3) 1 Haydon's Earhtaw Lincoln: such a well-made dog on hands on inspection, excellent eye, neat ears with and a good neck, cobby outlook, just wished he strode out more on the move. **2 Harrison's Jacquidon Rich Tea.**

Limit Dog (4) 1 Thompson-Morgan's Belleville High Life: scored heavily on head type, good skull, strong muzzle and correct ratios, excellent eye and pigmentation, classy outline and presented well, bit upright in shoulder but has a lengthy upper arm, excellent quarters and set on behind, tends to stand so much on top of himself that he tends to slope his topline and yet holds it together moving, really scored in profile action RDCC. **2 Phillips' Blakens Specially Brewed:** loved him for his correct breed type, he really does fill your eye stood, masterful presentation to a well maintained coat, his head is full of detail and his body cobby and solid, strong hindquarters, unfortunately today his front movement let him down which cost him the class.

Open Dog (2) 1 Atkinson's Moortop My Mark Again: strong bodies male with excellent ribbing, excellent eye and pigmentation, strong powerful hindquarters, and scored in side gait, his front coming isn't ideal which discounted him from further consideration in the challenge.

Champions Dog (2) 1 Gee's Ch Watercroft Boozy Miller: fully mature male in peak condition and body score, excellent jacket and full ruff, draws a lovely picture stood, good head shape with enough skull and width to muzzle, well set shoulders with enough layback and length to upper arm, topline and tailset correct with excellent quarters, perhaps taking hair off from underneath will not make him appear a little too low to ground, where he scores is in profile his movement is low and driving with good ground cover and great propulsion DCC, unfortunately he went to

pieces in the challenge for BIS where his owner sensibly withdrew him for RBIS. **2 Smith's Ch Javidel Despicable May:** such a well-made dog he is to go over, balanced front and rear, excellent eye and clean in neck, very sound moving coming and going and in profile, not the finish in coat of the winner.

Veteran Bitch (2) 1 Macartney's Nordalset Little Bit Of Sun For Ivrig: she has a very nice head type, dark eye rims and well bodied, good mover in all directions. **2 Lloyd's Orison Calm Attitude:** lighter framed than 1, but full of energy and attitude, excellent coat texture, giving the handler a hard time today.

Minor Puppy Bitch (2) 1 Tate's Jaeva Puzzle Piece: every once in a while, a special one is born and I feel this one is it. Today she shone, handled so expertly to get the best out of her, type, temperament, outline and movement in a package so young I thrilling to find, gorgeous head with a good stop already, correct eye and super expression, clean neck into high set withers, good layback and enough upper arm, long ribs and a topline and tailset to match, her movement is almost foot perfect, and in time she will keep firming up even more. Gassy in temperament and I hope she reaches the milestones to maturity to be remembered as one of the best. RBCC and BPIS. **2 Smith's Javidel Handmayds Tale:** finer headed than 1 and could do with more underjaw, cobby outlook and needs to settle more on the move.

Puppy Bitch (6) 1 Gee's Watercroft Dawn Chorus: certainly has that stamp of quality, scored in general proportions, excellent eye shape and pigment, neat ears, good coat and presentation, strong quarters, needs to firm up in front. **2 Stevenson's Brickin Country Charm:** a well bodied bitch with excellent quarters, using them to advantage, her coat was not her best today and needs to settle on the move.

Junior Bitch (4) 1 Thompson-Morgan's Belleville Citation: she is of lovely type, cobby in body and low to ground, excellent eye and ears, strong quarters and an active gassy mover, going well in all directions. **2 Tate's Jaeva Bright As A Button:** gorgeous head and expression, small dark eye and good pigmentation, correct muzzle to skull, draws a lovely outline stood, was very unsettled on the move and tended to side wind which cost her the class.

Yearling Bitch (3) 1 Atkinson's Moortop Bobby's Girl: quality bitch with an ok head, needs more stop for finish, excellent coat texture, and beautifully made body, moving so accurately in all directions. **2 Smith's Javidel Oh Me Oh May:** certainly carrying an extra pound or two, ok head but would like more strength to muzzle, excellent hindquarters, front needs to firm.

Special Beginners Bitch (2) 1 Nash's Tiggy Of House Nash: correct for size, with excellent coat texture, good dark eye, rather domed in skull, excellent front assembly and movement to match. **2 Mason's Tidy Dancer Around Nosam:** went better in this class than when she was in yearling, good eye would like a shorter muzzle.

Novice Bitch (3) 1 Hess & Higgins' Umbrage Special Delivery: nice for outline with strong hindquarters, moving a bit wide in front. **2 Mason's Tidy Dance Around Nosam.**

Post Graduate Bitch (5) 1 Stevenson's Brickin Dare To Dream: won the class on her lovely type and size, enough stop and would like a smaller eye, scored in body proportions and so well ribbed, strong quarters needs to firm up in front, very good tail set and carriage. **2 Phillips' Blakens Catch The Stars:** scored on head, correct muzzle to skull ratios excellent eye, strong quarters.

Limit Bitch (7) 1 Gee's Watercroft In The Que: beautifully presented and handled, excellent proportions, small and dark eye, enough muzzle, well-made front, cobby outlook with strong quarters, a real contender in the challenge. **2 Jenkins' Kinsridge Tippy Toes:** scored on her broad skull, fabulous teeth, must comment and say every dog this kennel showed had full complete scissor bites with big teeth, touch heavy in shoulder but strong quarters, not the reach and drive of the winner.

Open Bitch (3) 1 Thompson-Morgan's Ch Belleville Natural High: glorious head, strong skull with a good stop and strength to muzzle, excellent eye and scored on neck, height at the withers with width and girth to her frame, top size and strong in body yet keeping her femininity, strongest of quarters and in full bloom, could not be denied the BCC and went on to BIS. **2 Dragon's Ch From Dash Mountain Farms High Falue Jaeva (imp NLD):** more workmanlike in outlook, cobby bitch with a solid strong body, excellent coat texture but needed more furnishings, sound and economical in movement.

A small but quality entry. I thank those who showed support!

Open Dog (1) 1 Gee's Ch Watercroft Boozy Miller: Who needs quantity when you have quality like this. Such a privilege to be given the opportunity to assess this high class individual. On inspection his head has correct proportions with plenty in fore face with full dentition. Dark in eye which gives off a pleasing expression. Neck and body correct with a well filled fore chest. Ribbing is good with a solid top line which leads to a well set tail. he stands on excellent bone with neat compact feet. He is a rich red colour with spot on coat texture and presentation. His foot falls on the out and back are true and he gives off an eye catching profile on the go around. Pleased to award him BD and BoB. Even more pleased to witness him claim Group 3 under the well-respected Terrier purist Mr Brian Aubrey!

Puppy Bitch (1) 1 Gee's Watercroft Dawn Chorus: Yet another future star from this talented breeder/exhibitor. Feminine proportions in head which has correct balance. Excellent in dentition, dark expressive eyes with neat well placed ears. Moderate in neck with excellent ribbing. She stands on correct bone with cat like feet. Her colour is clear with correct coat texture. For one so young she was sound on the out and back and was well schooled. BP Pleased to witness her claim Puppy Group 1!

Open Bitch (2) 1 Gee's Watercroft In The Que: No denying this exhibit has quality to spare. On inspection her head is feminine with correct proportions. Excellent dentition and is clear in eye. Ribbing is good with solid top line. Overall body proportions are balanced. Her colour is clear and coat texture is spot on. She stands on quality bone with neat compact feet. Moved out well on the out and back. BB.

I would like to thank the club on behalf of myself and my guest, we both had a very enjoyable day, well looked after, food was top notch, shame about the absentees on the day, but was still pleased with my principal winners, but we do need to look ahead for the breed, fronts, quarters and length of leg are the 3 things we need to concentrate on to

keep our breed type, heads and expressions and dentition and presentation are all very good, it was lovely to see the good sportsmanship and overall atmosphere from the exhibitors.

Special Beginners Dog (5) **1 Harrison's Jacquidon Rich Tea:** 16 month old male of good type, very well balanced, pleasing head and expression, good ear tabs, ok for bone for size, body assembly pleasing, nice coat, well presented and handled. BSBIS. **2 Powell's Watercroft Brown Boots:** again, overall good type, lots to like, pleasing head with good expression, nice size eye, ok for body, in good coat, sound on the move, just preferred the first's length of loin. **3 Kinsridge Top Banana**

Junior Dog (2) **1 Darnell's Jacquidon Hot Off The Press:** Liked this young male, excellent size and type, good strength of skull with neat ears, good keen expression, excellent bone, very short back with a good tail set, would like more extension in front and more drive behind to be critical, excellent coat, well-muscled, in tip top form.

Novice Dog (2) **1 Jenkins' Kinsridge Cash is King:** Overall nice size and shape, ok for head proportions, good strength of muzzle with good dentition, good bone, liked his length of leg to body, good tail set, would like more angles behind and strength with a shorter hock, in excellent coat, nice standing.

Post Graduate Dog (3) **1 Harrison's Jacquidon Rich Tea. 2 Davis' Watercroft Earl Grey:** Breed type good with good shape, ok in front, pleasing body, would like him to be tighter in front and stronger behind, ok for coat, nice expression. **3 Powell's Watercroft Brown Boots**

Limit Dog (2) **1 Thompson-Morgan's Belleville High Life:** really fell for this young male, very much a stallion of the breed, lovely masculine head and expression without an ounce of coarseness, lovely neat ear, good strength of jaw with good dentition, good clean neck, ok for shoulders, but tends to slope into himself standing, but correct on the move, excellent side gait that gives him lots of ground cover, good angles behind with short hocks, good coat texture, a dog I liked very much, but today was not in the right mind to perform, so had to settle for the RCC and RBIS. **2 Gee's Watercroft Spotted Dick:** Saw this young dog in a previous class under a different judge, took my eye straight away, lovely dog to go over with all the essentials, but a new handler in this class and just wouldn't perform, big pity.

Open Dog (1) **1 Simpson's Brickin Wish Me Luck at Megalex:** I have been wanting to put my hands on this dog for some time, didn't disappoint, very well balanced male, with good head and expression, would like more strength of foreface, with good bone for size, lovely cat feet, ok for body, tail on top, ok for body assembly, but tends to move wide in front and a bit close behind, in good coat.

Champion Dog (3) **1 Gee's Ch Watercroft Boozy Miller:** well worthy champion, can understand why he has won so much, very attractive to the eye, overall balance good for size, head proportions good with a nice dark eye, good ear placement, would like more strength of muzzle and underjaw to be critical, pleasing neck, ok for shoulder, good depth of chest with a good, clean straight front, again neat tight feet, good ribbing with short loin, well angled behind with short hocks, in excellent coat and presentation, won overall on his show presentation, could not be denied. DCC and BIS

Veteran Dog (1) **1 Nash's Ralph Of House Nash ShCEX VW:** 7 year old male in tip top form, excellent black and tan coat, overall shape and make good, good length of ribs with a strong firm topline, tail on top, correct angles behind, covers the ground well, pleased to give him BVIS.

Special Beginners Bitch (2) **1 Nash's Tiggy Of House Nash:** 5 year old black and tan bitch, very nice head with good expression, correct dark eye, I liked her size and bone, moved ok in front but could move better behind, in good condition, well handled.

Minor Puppy Bitch (3) 1 Cooper's Settrenda Saucy Style: Nice quality puppy for her age, lots of potential, correct strength of skull with good proportions good keen eye, ok for neck and shoulder, nice straight front with good depth of chest, correct length of rib with form topline, good coupling, tail set on top with good angles behind, once settled moved out well back and forth, good coat texture. **2 Gee's Watercroft Fizzlylicious:** very raw puppy of 6 months, gave away a lot to first, nice enough to go over with pleasing make and shape, once settled ok on the move. **3 Gee's Watercroft Ginger Pudding**

Puppy Bitch (4) 1 Stevenson's Brickin Country Charm: And she Charmed me completely, lovely quality pup with all the correct requirements at this age, lovely head and expression with good strength without any coarseness, lovely eye and neat small ears, good neck and layback, good forechest, excellent front, good firm topline with good length of ribs coming of it, short in loin, tail on top, well angled behind which she uses, coat texture good, excellent tail, one I liked very much for her type and length of leg to body. **2 Gee's Watercroft Dawn Chorus:** Again a very raw puppy compared to first, pleasing head with good expression, ok for front assembly and rear, very leggy at the moment, needs to mature in body, just needs time. **3 Kinsridge Cash Preferred**

Junior Bitch (2) 1 Thompson-Morgan's Belleville Citation: Very pretty bitch, balanced all the way through, not a lot of her but what she has is lots to like, lovely head shape and eye, neat small ears, good clean neck with good depth of chest, good front, correct ribbing, strong topline with a short loin, tail set good, strong well developed quarters with short hocks, took my eye going round the ring for her determination and showmanship. RCC. **2 Brackner's Brupurhat Commitment Again:** nice typey bitch, lots to like, overall make and shape good, well balanced, again a lot of comments apply to her as first, just preferred the strength of skull and muzzle ration of the winner, handled well

Yearling Bitch (2) 1 Gee's Watercroft Treacle Toffee: First time I have noticed this bitch, so lovely to put your hands on, exceptionally well balanced, correct head and muzzle, lovely dark eye with keen expression, good neck sloping into good shoulders going into good layback, good forechest with correct length of leg and daylight underneath, lovely spring of rib, excels in quarters with good drive from behind, excellent coat, reminds me of the Nanfan Norfolks, well worthy of the CC today, I'm sure it will be the first of a few. BCC. **2 Atkinson's Moortop Bobby's Girl:** again a lovely quality bitch, overall shape and make good, excellent tail set and tail shape, correct body with firm topline, good length of leg to body, good length of ribs, clean front, would like a shade more strength of skull and muzzle, in excellent coat, one of the soundest here today, showed well.

Novice Bitch (5) 1 Hess & Higgins' Umbrage Special Delivery: Lovely quality bitch, lovely expression with nice eye, very well balanced, again good length of leg, good strength of body, straight clean front, excellent tail, very sound behind, to finish the picture today I would like more coat, handled and presented correctly. **2 Jones' Watercroft Tea For Two at Darlaur:** Very well balanced youngster, not a lot to fault on, everything fits piece by piece, pretty head, good expression, bone correct for size, sound, I would prefer a little more of her all round plus no coat, very showy, went well for handler.

Post Graduate Bitch (3) 1 Hess & Higgins' Umbrage Up All Night: 5 year old, very honest and pleasing to go over, correct proportions, ok for head shape, neck and shoulder good, good length of ribs, would like a shade shorter in loin, tail bang on top, ok for movement, went well for owner back and forth.

Limit Bitch (6) 1 Stevenson's Brickin Dare To Dream: Another nice one from this kennel, true Norfolk type, lovely head proportions with correct strength of muzzle, keen eye, good length of neck, shoulder placement good with a clean front, body-wise good, to be critical I would like a shade shorter in loin, excellent tailset, good strength of quarters with good angles, uses them on the ground, excellent coat texture, showed well. **2 Jenkins' Kinsridge Tippy Toes:** Different type to first, shade shorter, pleasing head with good strength of muzzle, a little high set in ears, good eye and dentition, neck and shoulder ok, good length of leg, would like more forechest, good depth of body, tail set good, would like more angles and strength behind, which restricts her from covering the ground. **3 Philip's Nordalset Warm And Fuzzy**

Open Bitch (4) 1 Gee's Watercroft In The Que: I liked this typey bitch very much, reminds me of my CC winner, has all the essentials, lovely head, clean neck, nice neck and shoulder, correct body, firm topline, excellent bone for size, but not moving as she should from behind today, in excellent coat, won the class on her overall balance. **2 Thompson-Morgan's Belleville Ovation:** Pleasing bitch, lots to like, again good strength of skull with good proportions, nice eye with good ear tabs, good neck and layback, clean in front, ok for length of ribs, short loin, good angles behind, just lacked body today, making her look a bit shelly compared to first, good on the move.

Champion Bitch (2) 1 Gee's Ch Watercroft Pink Fizz: Well worthy Champion, again of lovely type and size, head proportions good, ok for neck and front, carrying a few rolls of fat behind the shoulders which spoils the outline, lovely tailset with excellent quarters, covers the ground with ease, excellent coat, shows like a champion.

Veteran Bitch (3) Three ladies in this class, all of good merit. 1 Philip's Nordalset Chase The Storm: What a charmer, lovely head proportions with correct eye shape, neat in ears, good neck with clean shoulder for her age,

good straight front, very good body for her age and quarters, moved true for her age, coat texture excellent, well worthy winner. **2 Lloyd's Orison Calm Attitude:** Another 8 year old, black and tan, fit as a butcher's dog as they say, all good in body assembly, just preferred the strength of skull of first, moves out well for her age, in tip top form.

Critique - Norfolk Terrier Club of Great Britain
Judge: Miss K Hurrion

I would firstly like to thank the Club for inviting me to judge a Club Show. Thanks also to the exhibitors, I was honoured to have such a lovely entry of Norfolks. Thanks also to my super stewards, Lisa West and Julie Hopkin, who kept the ring running smoothly and so very efficiently

I would like to say before I begin, that many of my decisions had been made on the grooming table prior to the show, some really were in their underwear and others were in desperate need for an appointment with the stripping knife. Coats are a Norfolks crowning glory and a beautifully groomed coat is the icing on the cake.

Special Beginners Dog (3) 1 Knapp's Kinsridge Top Banana: Overall nice type, good eye, correct earset, bite ok. Plenty of bone and moved ok. Still in his puppy coat. **2 Lloyd's Orison Captain Pug Wash:** Mature dog with lovely harsh coat, short in back with level topline into good tailset. Good bite. Just met a better showman in 1st dog on the day. **3 Brown's Dajeon Dotty's Digger**

Minor Puppy Dog (3) 1 Thompson-Morgan's Belleville Playmate: Lovely red dog with strong head and lovely wedge shaped muzzle, good ear set. Nice length of neck into well placed shoulders. Good angulation behind, lovely short hocks. Plenty of quality bone. Never stopped showing. **2 Gee's Watercroft Billy The Kid:** Lovely baby, little less mature than my winner. Nice expression, strong in muzzle. Firm level topline and well set tail. I'm sure his day will come. **3 Clarke's Watercroft Pickled Pudding**

Puppy Dog (2) 1 Jenkins' Kinsridge Cash Is King: Beautifully presented red dog with over all balanced proportions. Super harsh coat. Good length of neck into well laid back shoulders. Short in back with well sprung ribs, level topline into well placed tail. A little longer in leg giving a rather elegant appearance. Would have like a little more rear angulation, however his maturity and performance on the day won him BPIS. **2 Knapp's Kinsridge Top Banana**

Novice Dog (4) 1 Thompson-Morgan's Belleville Plum Sauce: Beautiful red dog with lovely expression, dark eye, strong wedge shaped muzzle and correct bite. Short in back with well sprung ribs, short loin, level topline into well set tail. Plenty of bone. He won me over with his super movement, so much drive from behind from his well angulated short hocks. **2 Stockley's Nordalset Destiny's Child:** Lovely red boy in his full underwear, with a lovely expression, good ear set, his level topline was on full view, super movement and was showing his socks off. Would love to see him in full coat and furnishings, it will be his crowning glory. **3 Howes' Bellnelstar Little Romeo at Melbeck**

Post Graduate Dog (4) 1 Davis' Watercroft Earl Grey: Good breed type, nice strong head, lovely harsh jacket, level top line into good tail set. Nice rear angulation and has plenty of bone. Moved ok. **2 Jones' Jaeva Raising Hell:** B&T dog with dark eyes, good jacket covering well sprung ribs. Would have like a little more drive from behind when on the move, he lacked his furnishings today to challenge my winner. **3 McGrath-Cole's Hoathnor Midnight Magic**

Limit Dog (2) 1 Phillips' Blakens Specially Brewed: Young red dog, beautifully presented with a super harsh coat. Lovely expression. Good bone. Good length of neck into well laid back shoulders. Well sprung ribs, short loin. Level topline into well set tail. Moved well until outside ring distraction unsettled him. However did enough to win his class. **2 Atkinson's Moortop Mymark Again:** Such a shame he met my 1st dog in this class, Lovely strong head and expression, beautiful bite and strength of muzzle. Super harsh coat, moved well. Just a little heavy in shoulder and carrying a little more weight than my winner.

Open Dog (4) 1 Thompson-Morgan's Belleville High Life: Beautiful mature red dog, who came into my ring and made his presence felt from the off. Super breed type. Put down in excellent harsh jacket. Lovely keen expression and dark eye. Good length of neck into well laid back shoulders, well sprung ribs, short in loin. Level topline. This boy moved, so soundly and in balance, with such drive and purpose in all directions, he had won me over to be BD and BIS. **2 Haydon's Earthtaw Lincoln:** Another lovely red dog in super harsh coat. Great expression, with lovely dark eyes and well set ears. Good bite, strong muzzle. Well sprung ribs and nice short loin, level topline into well set tail. Good angulation and moved well. Just met his match with my winner, however won his way to RBD. **3 Lloyd's Orison Ice Tee**

Veteran Dog (4) 1 Philip's Nordalset Made To Boogie: Red boy in beautiful harsh jacket. Good bite, strong muzzle, lovely dark eye and nice expression with good earset. Lovely short back with level topline into well set tail. **2 Ward's Gorden's Boy:** Nice red dog with a lovely harsh coat, sadly a few missing teeth scuppered his chances today, however he looked like he was having a lovely day out.

Special Beginners Bitch (1) 1 Lloyd's Orison Midnight Mover: Lovely little B&T in great harsh jacket with level topline into well set tail. All muscle and raring to on the move, was sound in all directions and in profile. Her movement won her the top spot for Best Sp Beg IS

Minor Puppy Bitch (1) 1 Cooper's Settrenda Saucy Style: 7 month old red pretty young lady, with lovely expression, dark eye, well set ear. Beautifully presented in lovely coat. Well balanced and moved soundly. Has a promising future.

Puppy Bitch (2) 1 Thompson-Morgan's Belleville Double Back: Pretty young puppy who was rather immature for her age, has a lovely expression with dark eyes and good bite. Well sprung ribs and good angulation behind. A little loose on the move at the moment but will improve as she matures. Her day will surely come.

Junior Bitch (2) 1 Stevenson's Brickin Country Charm: Red bitch in lovely harsh jacket, great expression with strong muzzle and good bite. Plenty of bone, well sprung ribs, level topline and well set tail. Took a while to settle but moved well once she did. RBB. **2 Thompson-Morgan's Belleville Citation:** Lovely short typey girl, smaller than my winner. Very pretty with a lovely expression, she was balanced on the move. Either of these girls could have won on the day. I had to start splitting hairs.

Novice Bitch (2) 1 Jones' Watercroft Tea For Two at Darlaur: A petite package of a Norfolk. Dark eyes and correct earset with a good bite, has a keen expression. Would like a little more strength in head, a little more bone and more coat and furnishings. **2 Ward's Kinsridge Disco Nights of Littlemount:** She has a lovely harsh coat, good earset and dark eye. Nice level topline and well set tail, just a little on the large side, especially when standing next to my winner.

Post Graduate Bitch (7) 1 Atkinson's Moorcroft Bobby's Girl: Lovely sound red bitch, good bite with a strong muzzle. Plenty of bone. Well sprung ribs with a level topline into well set tail. Won this class on movement, as she went with drive and purpose. Was a strong contender in the Challenge. **2 Phillips' Blakens Catch the Stars:** Very pretty young lady, lovely in profile and beautifully presented. Level topline and good tail set, nice rear angulation. Not as settled on the move as my winner. However these two young ladies could swap places every time out. **3 Thompson-Morgan's Belleville Secret**

Limit Bitch (5) 1 Philip's Nordalset Warm and Fuzzy: Lovely red bitch with lovely dark eyes and well set ears, good short body with well sprung ribs covered by a beautiful harsh coat nice rear angulation, moved well in all directions. **2 Hess & Higgins' Umbrage Up All Night:** Has a lovely harsh coat, nice expression with a dark eye. Has a level topline in profile but was rather happy today and was very unsettled on the move. **3 Lloyd's Orison Nugin The Nod**

Open Bitch (3) 1 Thompson-Morgan's Belleville Ovation: What a beautiful red bitch, with dark oval eyes a good strong wedge shaped muzzle and great expression. Perfect size, well sprung ribs, short in loin, lovely level topline in profile and on the move. Well-muscled and moves soundly in all directions. Well-deserved placings of BB, RBIS and belying her years BVIS. **2 Jones' Javidel May Blessing at Darlaur:** Nice B&T a little on the small side. Shown in a nice harsh coat, good expression, well sprung ribs and short back. She moved a little loose in front. Would like a tidier bite. **3 Macartney's Nordalset Little Bit Of Sun for Ivrig VW**

Veteran Bitch (3) 1 Philip's Nordalset Chase The Storm: Nice B&T, almost grizzle bitch shown in a lovely harsh jacket. With a good bite and dentition. Moved soundly all directions, looked like she was enjoying her day out. **2 Macartney's Ivrig Bit Of Joy:** What a happy red bitch who was out in her bra and knickers, sweet expression with good ear set. Plenty of bone. So pleased to be having a day out

Brace (1) 1 Lloyd's What a well match pair of black and tan girls, good movement and well-muscled. Happy to be out for the day.

CC. **2 Thompson-Morgan Belleville Ovation:** Close up to 1. Bigger bitch of pleasing breed type. Good skull & strength in head, good eye & expression, clean front & good layback, short coupled & strong quarters. Good bone. Moved out well. Shown in good coat. Just would not cooperate with her handler today. RCC.
