I would like to thank the committee of Boston Championship Show for their kind invitation to judge this lovely breed. I was delighted with the entry and quality of all the dogs. A huge thank you to the exhibitors for the pleasure of your super dogs. Thrilled to watch the BOB go onto win Terrier Group 2, and the Best Puppy win Terrier Puppy Group 4 – very well done

Puppy Dog (3) Super class to start the day, all lovely puppies. **1 Gee's Watercroft Billy The Kid:** Delightful 8 month old red dog, so very smart and together for one so young, presenting a compact and typical outline when stood. Loved his cheeky and fun nature enabling him to show himself off with confidence. Lovely head, showing good width to the back skull, neat well placed ears and keen dark oval eyes. His neck flows seamlessly into well placed shoulders with a short firm back. Holding a level topline both stood and on the move. He has lovely depth to the ribcage and spring of rib. Short in loin with a well set on and carried tail. Beautifully presented in a straight hard coat. On the move showed his full potential, being true fore and aft, having super drive from the rear. BP & Puppy Group 4. **2 Tate's Jaeva Jammie Dodger:** Another cracking 8 month old red puppy with much potential. Liked his overall shape and type. He has a lovely flow to him and carries himself well. Such a pleasing head and expression, with slight rounding to the skull, keen yet kind dark eyes, and strength to the foreface. He has a good length of neck and nicely developed forequarters. Good depth and spring to the ribcage, not quite as firm in topline as winner today. Strong and nicely angulated hindquarters. Just needing to tighten a little more on the move. Well-presented and handled. **3 Nash's Earhtaw Owain The Celt**

Junior Dog (2) **1 Ayres-Cousins' Kinsridge Box Brownie At Viracocha:** Pleasing 15 month old red dog, who was very attentive to his handler. He is of a nice overall size, with a good length of leg, a fraction longer in body. Such a kind and alert expression from his dark eye, with good strength to the foreface and a good bite. Liked his depth to the brisket with a nice spring to the ribcage. Standing on well boned limbs and neat feet. Holding a level topline. Moving out true, not quite the drive today. Coat well presented and of a good texture.

Post Graduate Dog (3) **1 Davis' Watercroft Earl Grey:** Endearing and cheeky 2 year old red dog, who has the desired strength all through and presents a pleasing outline when stood. Handsome head, good width to the back skull, with a lovely dark expressive eye, strength to the foreface and well defined stop. He has a good length of neck flowing smoothly into a firm and well held topline. Well-developed forechest and well bone straight forelegs. Well sprung ribcage, strong hindquarters which show a good width of thigh and sweep of stifle. Coat a little soft today. Moving out soundly and with good drive. **2 Jones' Jaeva Raising Hell:** Lovely 2 year old B&T dog, such a shame something seemed to have spooked him. From a slightly smaller mould than winner. Like his compact and sturdy profile. He has the most delightful head, nicely balanced and having such a pleasing expression. Well developed through the body,

with well sprung ribs and firm topline. Sporting a flat hard jacket. On the move showed to be true in his action, but not quite the drive of the winner

Open Dog (3) 1 Gee's Ch Watercroft Boozy Miller: Loved him, this 3 year old red dog is such a showman, he just oozes quality and breed type, showing himself off with confidence and style. He has lovely body lines, combined with balance and his self-assured attitude to give a super silhouette when stood. Masculine and well balanced head piece, lovely dark eye, all giving him a keen and alert expression. Neck of good length flowing seamlessly into well placed shoulders, with a firm and well held topline. Good depth to the brisket and development of forechest. Strong and muscular hindquarters, with a good bend of stifle, and short hock to heel. Immaculately presented in super coat and condition. His footfall is positive, and he moves with purpose and drive. BOB delighted to watch him go onto win Terrier Group 2. **2 Tate's Int Ch Jaeva Rock The Boat TAF:** Another quality red dog, with so much to admire. Liked his overall size, substance, and masculinity. So very smart when stood and never stopped showing. He has a balanced and proportionate head, with good width between the ears, keen dark eyes, and neat ears. Strong neck of good length, sturdy and compact body, with well sprung ribs and holding a firm topline at all times. Not quite the hindquarters of winner. Shown with a good coat texture and well presented. Moving out soundly - RBD. **3 Nash's Ralph of House Nash ShCEx VW.**

Puppy Bitch (3) 1 Cooper's Settrenda Saucy Style: 8 month old red bitch, a real babe but developing along the right lines. Liked her size and femininity. Pleasing head being nicely balanced and proportionate, with good width to the skull, well defined stop and dark oval eyes. She is keen and alert in her demeanour. Enough neck, firm and level topline, good depth to the ribcage, a fraction longer in body. Well bent stifles with a good width of thigh. Nicely boned limbs and tight feet. Moving a little close behind today but shows good drive. Presented with a good coat texture.

Junior Bitch (2) 1 Gee's Watercroft Treacle Toffee: This 16 month old red bitch was certainly happy and outgoing. She is so feminine and has a typical profile when stood. Showing lovely balance and proportions. Her head is most appealing with a good width to the back skull and strength to the foreface. Good length of neck, deep in the brisket and well developed in fore chest. Well sprung ribs are carried well back, holding a firm and level topline with a well set on tail. Lovely free movement in profile, with good drive, not quite as tidy in her rear action as her winning kennel mate. Good jacket texture and presentation - RBB

Post Graduate Bitch (1) 1 Walker's Watercroft Golden Spice: A real pocket rocket, keen and alert 3 year old red bitch. Slightly smaller in stature, but very compact and sturdy in her outline. Feminine head, with a dark eye, ears a fraction larger but well placed. Good length of neck, and well developed forechest, deep in brisket and with well sprung ribs. Topline a little soft at times. Strong hindquarters with a good width of thigh, which were put to good use on the move, as she was true in her action and driving around the ring. Coat is of a good texture

Open Bitch (3) 1 Gee's Watercroft in The Que: Very pleasing, full of fun and mischief, 2 year old red bitch. Thought her to be just right for size and balance. So typical in her outline, being compact in profile and harmonious in her proportions. She has an appealing head, of good proportions, neat ears and strength to the foreface. Sturdy and well built, with a good spring to the ribcage and holding a firm level topline both stood and on the move. Nicely angulated hindquarters and short hock to heel. Moving with reach and drive. Her coat is beautifully presented and of the correct texture. – BB & BOS.

Special Beginners Bitch (2) Very close decision between these bitches. **1 Walker's Watercroft Golden Spice. 2 Nash's Tiggy of House Nash:** Very compact 5 year old B&T bitch, with a happy and alert demeanour. Much to like on this bitch and one I have seen previously, today felt she was not showing herself off to advantage. She has a balanced head, with a gentle but keen expression. Being well developed through the body, with a deep ribcage and good spring to the ribs. Short in the back but a little soft in her topline today. Presented in a good harsh jacket. Moving positively but not quite the drive of the winner

Many thanks for asking me to judge this very friendly and well organised club show. Many thanks to the secretary Ruth Gee and the Chairman Allenby Stevenson for their hospitality. I must thank my steward Lucy Mottram who kept the ring in good order and who very kindly take pictures of all my principal winners for me. A lovely day.

Special Beginners Dog (4) **1 Simpson's Brickin Wish Me Luck at Megalex**: Nice type of Norfolk terrier. Masculine dog. Very Typey in head with good broad skull with good ear placement and carriage. Nice, neat dark eye of correct shape. Overall head proportions are correct. Good neck into decent shoulders. Correct top line and tail set. In good jacket of correct texture. I would just prefer him am a little fraction higher on the leg for overall balance and to complete the picture. **2 Harrison's Jacquidon Rich Tea**: another nice dog of quality. Very typically male. Nice broad skull with good eye placement, neat dark eye, correct stop, I would just prefer him a little fraction shorter in muzzle for

preference. Good neck and shoulders. Nice overall proportions. Moved very well in both directions and well handled. **3 Powell's Watercroft Brown Boots.**

Minor Puppy Dog (1) 1 Gee's Watercroft Strands of Gold: Red dog. Although alone in this class was a worthy winner. He is a very quality puppy with a very pleasing head and expression. Well off the bone and with good tight feet. Good neck into very well placed shoulders and nice solid topline for a young dog which he retains on the move. Moved well. Needs to shorten up to complete picture, has time on his side.

Puppy Dog (4) 1 Gee's Watercroft Tiger Feet: I really liked this young dog. A light red dog who is very mature for his age. He has the most super head of correct proportions, with good broad skull well-placed correct sized ears, neat dark eye of correct almond shape. Correct stop and his muzzle to back skull proportions are exactly as I was looking for. He has a good muscular neck into well-placed shoulders and has a very good front assembly. He is well let down for one so young. Good bone and neat feet. Harsh jacket. This young male has a well angulated rear and is well muscled up for a puppy. Nice tail set but I would prefer a straighter tail. Moved well with good drive. BPD and seriously considered for RBD. **2. Earthtaw Owain The Celt. B/T.** Quality dog with many virtues. Pleasing head. Not as mature as the first place dog and needs to break in head and to rib out and fill out overall. Pleasing overall proportions. Could be a little tidier going away. **3. Watercroft Pickled Pudding**

Junior Dog (4) 1 Gee's Watercroft Billy The Kid: Red dog who won this class on his overall confirmation. He has a pleasing head which is of correct proportions. He has a good dark eye. He is lovely to go over with a well-made front, good top line, well ribbed and with good short muscular loin. Good hind angulation. Still has time on his side to fill out in the chair. For me today he was a little too small and feminine throughout. Moved well. One to watch. **2 Ward's Littlemount Celyn Y Mor:** Substantial dog. He has an excellent head of nice proportions. Good broad skull with correct ear placement. Correct stop and strong wedge-shaped muzzle. Good neck and shoulder but could be better in front. Well bodied up with good rib and in excellent hard condition. Moved ok. **3. Kinsridge Top Banana**

Novice Dog (2) 1 Gee's Watercroft Just A Jiffy: B/T. this young male appealed for his overall shape and size. I really like the head on this young male. He has a head of good overall proportions he is strong throughout with no signs of femininity. He has a lovely dark eye of correct shape. I thought his head quite excellent and an old fashion type. Good length of neck into well-placed shoulders and nice front. He has a good solid top line which he retains on the move. He is well ribbed for a young male. Need to settle in front but moves with good drive. He could benefit from his adult coat coming through. **2 Knapp's Kinsridge Top Banana:** This is a nice young Norfolk who was not presented to advantage today. He has a very pleasing head with a nice expression. His skull is broad for his size and his ears are well placed and well carried. His head proportions are correct although if I was to be critical, I would like a slightly darker eye. He is well constructed throughout. Unfortunately, today he was totally stripped out which cost him in earlier placements. He would be shown better to advantage if he was moved a little quicker.

Post Graduate Dog (2) 1 Tate's Jaeva Raising Hell: B/T. good dog for overall size and shape. Pleasing head with good expression. To be hypercritical he could have a slightly darker eye to complete the picture. Good length of neck into well-placed shoulders. Has enough bone and has good tight feet. Good depth of chest and good spring of rhythm, well written back. Good short muscular line. Well put down in good order. Moved OK. **2 Davis' Watercroft Earl Grey:** Red dog of good size and shape. Good overall type. Excellent rib and body. He picks up a little too high in the front for me which spoils his overall picture on the go around. He could have a slightly higher tail set. In good hard condition.

Limit Dog (4) 1 Darnell's Jacquidon Hot Off The Press: I have like this young dog since I saw him as a puppy. I think he's a very nice young dog. He has a beautiful head and an excellent expression. Good neck and shoulder. Nice front and well let down. Level topline. Good hindquarters, which are well muscled up. Moved well fore and aft, just not too enthusiastic on the move today. **2 Simpson's Brickin Wish Me Luck at Megalex. 3 Powell's Watercroft Brown Boots**

Open Dog (2) Good class to judge as face with two excellent quality dogs. 1 Jenkins' Kinsridge Cash Point: A very nice dog who appealed for his overall size and balance. He has a very correct headpiece of good size and overall proportions. Good neck into well placed shoulders. Well ribbed up and with short loin. This dog is well off for bone and has neat feet. Well-muscled behind which is well angulated. Moved well. For a moment he appeared less interested but did more than enough to win this class. Upped his game further in the challenge and was ultimately BD and RBIS. **2 Gee's Watercroft Spotted Dick:** Another quality dog who was not belittled by standing second. Much to like in this young male and many of the same attributes above apply to him. Just preferred the overall size and masculinity of 1.

Veteran Dog (1) 1 Nash's Ralph of House Nash: Nice black and tan who excels for his overall shape and size. Very obviously male but not overdone in anyway. He has a pleasing head although I would like more strength of underjaw. Put down in excellent jacket and in A1 condition. Moved well for a veteran dog.

Special Beginners Bitch (1) 1 Nash's Tiggy of House Nash: B/T Nice bitch of good overall size and shape. She has a very typical head with nice expression overall. Good front. Nicely ribbed up and good top line. For me she is a little stuffy in the neck which detracts from the overall balance. Good muscular hindquarters. Moves OK.

Minor Puppy Bitch (6) Nice class to judge as all three are quality puppies and I am sure they will change places as they mature and finish. **1 Gee's Watercroft Back In A Jiffy:** B/T of lovely type and I note litter sister to the winner of novice dog. Like the others in this class she needs time but is very promising indeed. She is of excellent breed type with a lovely head piece of correct overall proportions. Neat ears of correct size and well carried, with good dark eye which contributes to her expression. She has a good neck and into well-placed and correctly angulated shoulders. Nice front. Good overall body proportions just needs to mature. Correct tail set. Coat is harsher than it first appears. Moved very well for such a young girl. Happy to make her BP and RBB. **2 Jenkins' Kinsridge Brownie Point:** Another Super young prospects who pushed the first-place bitch hard. She has a very pleasing head with good broad scalp and correct back skull to Muzzle ratio. Correct stop. Good strength to muzzle. Nice overall proportions and good hind quarters. Moved ok. Just needed to settle into her job. Was just slightly bum high on the day which cost her higher honours, however as I complete this report, I have just judged her again in a puppy stakes and this has already settled down, the joy of judging puppies. **3 Geary's Watercroft Quick As A Flash to Germanus:** Another nice young quality bitch.

Puppy Bitch (3) **1 Gee's Watercroft Edged In Gold:** Red bitch who I thought quite lovely. Very typy. Good head and expression. Correct length neck into correctly angled shoulders. **2 Nash's Silverlily of Housenash:** B/T Nice sized puppy of overall pleasing proportions. Good breadth of skull and neat ears. Good dark eye. Would prefer a little more strength of underjaw. Good neck and shoulder. Ok for bone but would prefer a more round foot. Good topline which she holds on the move. One cannot fault the presentation of this harsh coated bitch.

Junior Bitch (2) **1 Jenkins' Kinsridge Cash Preferred:** This very typy young bitch impressed for overall size and type. So lovely to go over on the table and in the hardest of conditions with good coat. Pleasing head and expression. Well-made throughout with good bone. Nicely ribbed up. Well angulated behind. Lovely in profile on the move, could be a little more drive from behind.

Novice Bitch (2) **1 Hess & Higgins' Umbrage Special Delivery:** Quality red bitch with a very pleasing head and expression. Head is of good proportions and there is strength in her muzzle. Could be a fraction more lay of shoulder. Good rib and short in loin. Nicely muscled up behind. Moved freely. In super jacket.

Post Graduate (2) **1 Gee's Watercroft Gin Fizz:** Nice young quality bitch who didn't help her handler today. Lots to like here with a quality head piece and good expression. Feminine bitch yet still a cobby substantial specimen. Super rib and body. Nice short muscular loin. Good harsh, well presented jacket. Moved well when she decided she wanted to.

Limit Bitch (6) **1 Gee's Watercroft Treacle Toffee:** This is a very nice red bitch who pleased for her overall size and proportions. Typical quality head which has strength through but is still very feminine. Nicely constructed throughout. Good bone. Nice tight feet. Well angulated rear. Correct foot fall but could have a little more drive behind. **2 Atkinson's Moortop Bobby's Girl:** Red who presents a very nice overall shape and is good for size. Skull is broad enough and has a good dark eye. I would prefer a shorter muzzle and a little less chiselling. Good neck and shoulder. OK front. Nice rib and good topline. Moved well. In the harshest of jackets. **3 Macartney's Ivrig Dancing in the Sun.**

Open Bitch (2) **1 Gee's Watercroft In The Que:** A dark red bitch who really appealed for her overall type. She is of excellent breed type with the best of heads. Broad skull, neat well carried ears. Correct skull to muzzle proportions. Good stop. Neat dark eye. Good neck and shoulder. Level short topline. Super hind quarters which are well muscled up with good second thigh. Cobby substantial bitch, who I wouldn't want much bigger. Moved with drive and held her topline well. Super harsh well-presented dark red jacket. To be critical I would like a fraction less wide in front but this didn't detract from her other qualities. BB and BIS

Veteran Bitch (2) **1 Macartney's Nordalset Little Bit of Sun for Ivrig:** Was a surprise to hear that this bitch is 10 and a half years of age, she certainly doesn't look it. Nice bitch of good breed type. Nicely made throughout and in super hard condition. Moved very well and with good drive.

Good sized head, attentive expression, dark eye and good length of ear. Short back with well sprung ribs and a good tail set. Well-muscled hindlimbs allowing good movement.

Junior Handling

6-11 Years (1) 1 Emma Child: Great connection with the dog, giving lots of encouragement. Moved the dog at the correct pace, using a loose lead. Well done

12-16 Years (2) 1 Charlie Price: A calm handler showed teeth correctly and moved the dog well, with straight lines. Well done for re- doing the pattern when dog slipped the lead. Well done

Veteran Dog (1) 1 Nash's Ralph Of House Nash ShCEx VW: Super boy, 8 years old and in great condition for his age. Moderate length of neck, well laid shoulders, firm top-line, just a touch long in the loin, tail set on well. Well-proportioned head with lovely expression, skull good breadth, dark oval eyes and strong muzzle. Moves out so well in profile, using himself as he goes, just a little wide coming towards. Jack of good texture. Pleased to award him BVIB and good to see him taking Terrier Veteran Group 3.

Minor Puppy Dog (2) 1 Jenkins' Kinsridge Chainmail: 7 month quality pup who scored for his overall type and balance. Lovely head and expression, good breadth to his skull, neat ears, and dark oval eyes. Moderate neck, short back with firm top-line, ribs developing nicely, short loin and well developed hindquarters. Gaiting freely and with drive. Jacket of good texture and presented beautifully. **2 Thompson & Pope's Belleville In A Word:** A real baby at just 6 months and quite raw at the moment so not the substance or balance of the winner as yet. Nicely proportioned head with dark, expressive eyes, good stop and strong muzzle. Neck of moderate length, level top-line but a tad longer cast and also needing to grow his jacket. Moved out well on the go around, just needs to settle a little in front.

Puppy Dog (5) 1 Gee's Watercroft Billy The Kid: Nearly 12 months top quality pup, he appealed for his nicely balanced and smart compact outline. Lovely headpiece, with good breadth to skull, ears of correct size and dark oval eyes with keen expression. Moderate neck which fits nicely into his well-placed shoulders with short back, firm top-line and good length to rib cage. Please angulations both front and rear, topped off with a beautifully presented jacket. Came into his own on the move, with good reach and drive and parallel going away. **2 Thompson-Morgan's Belleville Wordsmith:** Another promising pup showing lots of potential. Liked his overall shape and type. Lovely head piece, balanced with broad skull, good skull to muzzle proportions, dark eyes giving keen expression, ears of

good size and set, strong muzzle. Slightly shorter in neck than winner, or could have been more coat, well laid shoulders, firm back, well ribbed and short loin. Super coat both presentation and texture. Moved out well in profile and away and back. **3 Tate's Jaeva Jammie Dodger.**

Junior Dog (2) 1 Ward's Littlemount Celyn Y Mor: Nicely proportioned head, expressive eyes would like which I would like a shade darker, good stop and strong muzzle with good dentition. Neck of medium length, short back, level top-line, lovely ribbing, firm loin and tail of good set. He has good angulations front and back but was carrying too much weight over his shoulders, which spoils his otherwise nice outline, it also affected his movement coming on. Good movement going away and in profile. Good quality coat.

Yearling Dog (2) 1 Harrison's Jacquidon Rich Tea: Attractive boy, pleasing size and type. Lovely headpiece with good breadth to skull, well defined stop, neatly placed ears, dark oval eyes with keen expression, strong muzzle and good dentition. Moderate neck, level top-line, good ribbing, short loin and tail set on well. Move true both fore and aft and moves out well in profile with good drive from well let down hocks. Good quality jacket

Post Graduate Dog (1) 1 Thompson-Morgan's Belleville Playmate: Quality pup, really well constructed and oozing breed type. I liked his balanced outline, plenty of bone and substance. Moderate neck fitting nicely into well laid shoulders, level top-line, well ribbed, short strong loin and tail set on well. Appealing head and expression, skull of good breadth, dark oval eyes with a keen yet mischievous expression. Gaing freely around the ring, with good reach in front and drive from behind. Shown in super coat and body condition. Pleased to award him BPIB and delighted to see him take Terrier Puppy Group 2.

Limit Dog (4) 1 Jenkins' Kinsridge Cash Point: Another quality dog, pleasing for size, substance and overall balance. Strong neck of medium length, level top-line, well ribbed and short muscular loin with well-developed quarters and tail set on well. Masculine head with good skull to muzzle proportions, ears can settle a little, dark oval-shaped eyes with a bright keen expression. Well-boned and with good substance, he has pleasing angulations front and back, which showed in his movement, good reach at front and driving from well let down hocks. Beautifully presented and jacket of good texture. **2 Haydon's Earthtaw Lincoln:** Similar size boy with a pleasing outline and a lovely compact body. Attractive head and expression, good breadth to skull, correctly proportioned, well defined stop, strong muzzle and good dentition. Medium length of neck, fits nicely into his well laid shoulders. Good ribbing, short level back and short strong loin, good angulations back and front. Well-presented jacket of good texture. Moved really well on the go around, parallel rear with plenty of drive. **3 Darnell's Jacquidon Hot Off The Press**

Open Dog (3) 1 Gee's Ch Watercroft Boozy Miller: A super dog from any angle, full of breed type with such a well-balanced outline and he is the ultimate showman as well. Sweet yet masculine head, dark oval eyes with a keen expression and good strength of muzzle. Moderate length of neck fitting nicely into well laid shoulders and short level back, strong loin and well angulation hindquarters. A1 coat condition and presentation. Came into his own on the move, gaing around the ring with an easy stride and good reach in front and drive from behind. Pleased to award him DCC and BOB, pleased to see him shortlisted in the group. **2 Thompson-Morgan's Belleville Plum Sauce:** Another top quality dog, similar size to winner and again super for type. Strong neck of medium length, level top-line, super rib and short muscular loin. Attractive head with good skull to muzzle proportions, dark oval-shaped eyes and keenness of expression. Beautifully presented and jacket of good texture. Moving true both fore and aft and shows great drive from the rear and when viewed in profile. It was a close call between these two boys, the bubbly personality of the winner just tipped the balance. RDCC.

Minor Puppy Bitch (3) 3 promising girls all at different stages of development. 1 Jenkins' Kinsridge Brownie Point: Lovely chunky girl, she scored well for her overall type and balance. Gorgeous head, very feminine and bright expression, good skull to muzzle proportions, and neat ears. Moderate neck, well developed body and ribs for her age, firm level top-line and tail set on well. Gaing freely and with drive from behind and good reach at the front. **2 Gee's Watercroft Back In A Jiffy:** Again another nicely balanced youngster, not quite as compact as winner at this early stage of development but good bone for age. Lovely head, feminine with breadth and strength to muzzle, with dark oval eyes with bright intelligent expression. Medium length of neck, short back, level top-line and tail set on well. She moved very well going away and in profile. Good quality coat. **3 Geary's Watercroft Quick As A Flash to Germanus**

Puppy Bitch (2) 1 Thompson-Morgan's Belleville Hope Star: Quality youngster who stood out for her lovely construction and compact outline. Lovely head, very feminine, but has breadth to skull and strength to muzzle, well placed ears, and oval dark eyes giving a keen expression, Moderate length of neck, well laid shoulders, firm level top-line and well angulated hindquarters. Presented in super coat of good harsh texture. Came into her own on the move, so sound, gaing freely with drive. **2 Nash's Silverlily Of Housenash:** Different type to winner and not quite the substance of the winner as yet and appears a little longer cast. Sweet head, broad skull and well set ears, would like a touch darker eye. Moderate length of neck, well laid shoulders, nicely angulated hindquarters and tail set on well. Coat developing along the right lines. Moved out positively on the go around, her top-line just needs to settle a little. Just needs time to body up and mature

Junior Bitch (2) 1 Tate's Jaeva Puzzle Piece: Lovely youngster, full of quality and breed type. Her well balanced compact profile appealed very much. Lovely headpiece, feminine with good breadth to skull, neat well set ears and

dark oval dark eyes giving a keen expression. Her skull to muzzle ratio was also very good. Moderate neck, well laid shoulders, short level back, and nicely angulated hindquarters. Quality coat and beautifully presented. Sound and accurate on the move with good propulsion from her well let down hocks. Very nice girl. Close up for RBCC.

Yearling Bitch (3) 1 Gee's Watercroft Treacle Toffee: Quality youngster who caught my eye straight away for her lovely balance and proportions and super personality. Very attractive head, feminine yet still with the desired breath of skull and strength of muzzle, dark oval eyes with keen expression. Nicely balanced with medium length of neck, short back, well ribbed, level top-line, muscular loin and tail of good set. She stands well naturally and moved out freely and with enthusiasm. Excellent texture to her beautifully presented jacket. Pleased to award the RBCC. **2 Jenkins' Kinsridge Cash Preferred:** Another nice one, not using her ears quite as well as winner today, but she is pleasing to go over, with a lovely balanced outline. Feminine head, with broad skull, dark oval eyes giving a keen expression. Strong neck of medium length fitting nicely into well laid shoulders, very good forehead, well developed hindquarters and good turn of stile. First class coat presentation which was of a good texture. Impressive on the move, sound free action with good drive from behind. **3 Alman's Namlak Geisel**

Post Graduate Bitch (1) 1 Barrow's Kinsridge Pink Diamond: Smaller girl but nicely balanced and with substance. Feminine well-proportioned head, neat ears, dark oval eyes and good dentition. Neck of moderate length, short back with firm top-line, ribs carried well back and well sprung, short loin and well bent stifles. Moved out well in profile, just a touch close behind going away. Good texture to her jacket.

Limit Bitch (3) 1 Nash's Tiggy Of House Nash: Nice type, small and very compact but carrying too much weight over her neck and shoulders at the moment which spoils her otherwise pleasing outline. Sweet well balanced head with neat ears, dark oval eyes with bright expression, and good skull to muzzle ratio. Well off for bone, neck of moderate length, level top-line nice spring of rib, muscular loin and tail good for set and carriage. Harsh well-presented jacket. Moving out well in profile, just a touch wide coming on. **2 Lloyd's Orison Nugin The Nod:** Skull of good breadth, ears set on well but perhaps a little larger, dark oval-shaped eyes, well defined stop and good dentition. Neck of moderate length, level top-line but a tad long cast, she has pleasing angles both front and rear. I would just like a little more body substance to give her more of a compact profile. Moving nicely and parallel fore and aft.

Open Bitch (2) 1 Thompson-Morgan's Belleville Citation: Caught my eye as soon as she entered the class for her beautifully balanced and compact outline. Lovely head, feminine expression; broad skull between her neat, well placed ears, oval-shaped eyes, well defined stop, and strong muzzle of correct length to balance. Moderate neck fitting nicely into her shoulders, short level back, strong loin and tail set on well. So good on the move, her well let hocks giving her propulsion from behind. Shown in first class coat and condition. Pleased to award her the BCC and BOS. **2 Gee's Watercroft In The Que:** Another super girl, full of breed type. I liked her compact and balanced outline. Moderate neck fitting well into her well laid shoulders, good forechest, sound limbs with good bone, firm level top-line and short muscular loin. Attractive head, very feminine, dark eyes with a keen expression. Beautifully presented jacket of correct texture. So sound on the move with good reach and drive.

It was a great privilege to be able to spend the Coronation Day with you and your lovely Norfolks. I was pleased with the overall quality and my main winners must be the royalties in the World of the breed. The Winning Dog, my King, is a fantastic example of the breed and he seems to know IT himself too. He has type, attitude and quality. He was also shown in the most handsome jacket. The Little Princess from the Puppy class was to become My Queen of the Day. The minute I saw her I loved her and when I went her over I was completely sure of my choice, She deserved her win and there will be many more I am sure. I saw some light bones and weak muzzles. Round eyes too. Some were long in the loin or had a short ribcage. Some coats could have been more harsh. Tails were quite ugly but the situation was the same up in the North after the docking ban. They will get better and more straight if you work on the matter. Here in

Finland this is not a problem anymore. Many had the typical attitude of the breed and it was really nice to see. I would like to Express my gratitude to all of you for choosing me and my judgement of your dogs instead of watching HRH KING Charles III to get his Crown. There was a lovely atmosphere in the ring and around it. Thank You All!

Special Beginners Dog (3) **1 Nash's Earthtaw Owain The Celt:** compact dog of good size, nice head and expression, but his muzzle could be stronger, good ears, nice topline, well set tail, very good quality of coat, moved well from the side a bit unsteady in front. **2 Simpson's Brickin Wish Me Luck at Megalex:** Nice head and expression, could have a better underjaw, a bit soft in topline and did not want to move properly, nice coat. **3 Knapp's Kinsridge Top Banana**

Minor Puppy Dog (2) **1 Jenkins' Kinsridge Chainmail:** A very happy puppy, a bit short on legs, needs a better front, short upper arms, has a good rear end, very nice coat coming, ears could fold better, nice in temperament. **2 Wren's Jaeva Strut Your Stuff:** A bit narrow at the moment, could be shorter in the loin, nice topline, nice head with good ears, needs more filling in his muzzle, a bit unsteady in his front movement, Happy personality

Puppy Dog (4) **1 Gee's Watercroft Strands Of Gold:** Very outgoing, compact, carrying his neck well on the move, slightly round eye, otherwise a good head, well angulated behind, very good coat, moved and showed like a pro. **2 Thompson-Morgan's Belleville Wordsmith:** A nice pup, strong and compact, well matured for his age, very nice head and expression, good topline, well set tail, could have a bit more drive, needs a new coat. **3 Nash's Earthtaw Owain the Celt**

Junior Dog (4) **1 Gee Watercroft Tiger Feet:** A lovely Junior! Well build and balanced with correct proportions, excellent bone, lovely head and expression, good topline and carriage of neck, just hoped for a more straight tail slightly higher set, good mover, good coat. **2 Tate's Jaeva Jammie Dodger:** Super head and expression, very well showing Junior who could have a longer ribcage, a bit upright in shoulder, good topline but too gay tail spoils it, good coat, needs to settle with his front movement. **3 Ward's Littlemount Celyn Y Mor**

Yearling Dog (4) **1 Thompson-Morgan's Belleville Playmate:** Super attitude carrying himself so well, excellent proportions, excellent bone, compact and well matured in body, lovely head with excellent expression, Well moving using his strong angulations, excellent coat. **2 Ward's Littlemount Celyn Y Mor:** lovely temperament, a strong dog with good proportions, nice head and good expression, Nice topline, Excellent coat, moved a bit wide and loose in front

Post Graduate Bitch (6) 1 Thompson-Morgan's Belleville Citation: Beautiful compact Bitch, enough bone, nice head and expression, Excellent topline, tail ok, good coat, a bit unsteady in her front movement. **2 Smith's Javidel Handmayds Tale:** Compact bitch with a nice head and expression, a bit short in overarm, good topline, well angulated behind, excellent coat, a bit more drive would be for advantage. **3 Glynn's Kenberlynn Angels Spirit**

Puppy Dog (1) 1 Gee's Watercroft Tiger Feet: Cracking puppy who appealed for his shape and overall balance. Excellent substance and bone throughout. Pleasing head with good strength of muzzle and a keen expression. Clean front assembly, firm topline, tail on top and strong well rounded hindquarters. In good coat. A very sound and positive mover once he got into his stride, BP.

Limit Dog (2) 1 Jenkins' Kinsridge Cash Point: Excellent type, compact appearance and presents a very typical appearance. Best of heads, balanced, neat well set ears and a small dark eye and the brightest of expressions. Good depth of chest, short backed and good width of quarters. Correct double coat, harsh top coat with a thick undercoat. Moved soundly on a good stride. **2 Haydon's Earthtaw Lincoln:** Lots to like about this very typey dog. Presents a pleasing shape and has good bone and substance throughout. Good head, strong muzzle and a keen and bright eye as the standard asks for. Well sprung ribs and the best of hindquarters. Moved well. Not the depth of coat of the winner.

Correct head with the required strength, wedge shaped- muzzle, lovely dark eye and an alert expression. Many thanks to the officers and committee for the invitation to judge at this wonderful show, one of my favourites for layout, traditional feel and atmosphere. It has lots of space for exhibitors and excellent size rings. Whilst I only had a small entry, the quality was fantastic, with every dog been worthy of their placings. A lovely breed, who were a delight to judge, all put down in fine fettle. Although it was very warm the dogs performed admirably. I thank the exhibitors for their entries.

Puppy Dog (2) 1 Gee's Watercroft Tiger Feet: What a lovely young man to start with. Full of quality, balanced and of excellent type, quite well developed for age. Typical head, with good width, defined stop, with dark eye and alert expression, finished off with well-placed ears. Ample neck, leading into a good front assembly. His body is compact, good ribbing, correct topline and strong loin, with substance and bone. He has well defined hindquarters and was sporting a thick coat which was in good condition. He moved well when settled and was full of fun. I'm sure he will go on to bigger things. BP.

Open Dog (2) 1 Gee's Ch Watercroft Boozy Miller: His ring presence shone out as soon as he entered the ring, on his toes and presenting the exact picture you are looking for. He was sporting his best rich red crisp, wiry, flat red jacket today. He is so compact in shape and well bodied with the correct musculature. Typical head, which has strength and has that alert intelligent expression. Clean through neck, well laid shoulders, straight front, good bone, well ribbed, tail on top and plenty behind. He powered his way around the ring, so true from every angle. No hesitation in awarding him DCC and BOB, he's a cracker. **2 Thompson-Morgan's Belleville Plum Sauce:** Another quality male. Typical head, well ribbed, good body with substance and bone, tail on top. Crisp thick jacketed. He moved well. Not quite as compact and together as one, which was apparent on the move. RDCC.

Puppy Bitch (2) 1 Gee's Watercroft Back In A Jiffy: A very feminine, sweet black and tan puppy, who I kept going back to. She has a typical head, of good proportions, well defined stop, good ears and lovely expression. She is so well built, compact, excellent proportions and great balance. Good through ribs, correct topline and tail on top, with plenty behind. She stood on tidy round feet with thick pads. She was sporting a great jacket which was well presented and finished the picture. I think she will be the one to watch in the coming months. **2 Thompson-Morgan's Belleville Hope Star:** Another quality puppy, who didn't have the jacket of 1 today, but has very similar qualities. The best of heads, clean neck, tidy front and well ribbed and bodied. Tail on top with plenty behind and strong quarters. Another who I am sure will go on to big things.

Yearling Bitch (1) 1 Gee's Watercroft Treacle Toffee JW: A quality young bitch of good size, type and is so well balanced. Sporting a correct jacket, in good condition and well presented. Smart head, whilst feminine, it had

strength, wedge shaped, strong muzzle, good stop, dark eye and a ever alert expression. Very clean through the neck, compact through body with short back and a lovely rear assembly. She motored cleanly and precisely around the ring to bag the RCC.

Limit Bitch (1) 1 Atkinson's Moortop Bobby's Girl: Another typey exhibit. Pleasing head, well angled front, tail on top and held correctly on the move. Covered the ground well.

Open Bitch (2) 1 Thompson-Morgan's Belleville Citation: A quality young bitch. Very well put together. Very typical through a well-defined and balanced feminine head. Clean through neck and runs smoothly in well placed shoulders. She is compact, well ribbed has the required substance, strong loin and tail well on top with plenty behind, strong well angled rear assembly. She moved really well in profile covering the ground with extension and drive. Her crisp jacket was well presented to complete the picture. Can be a little naughty at times (she is a Norfolk), but no hesitation in awarding her the CC, I'm sure a lot more will follow. **2 Gee's Ch Watercroft In The Que:** Quality bitch of typical type, balanced throughout and well angled both front and rear. She had strong well developed quarters. Has a very pleasing head, tidy ears and a typical expression. Sporting a thick jacket. She is smart on the move, but preferred the cleaner, more positive movement of 1 today.

Critique – Windsor Dog Show Society

Judge: Mrs R Gee

I would like to thank the Windsor committee for this lovely appointment to judge my own breed at one of my favourite shows of the year. I had an excellent entry and would like to thank the Norfolk exhibitors for their sportsmanship in my decisions; I'm sure on another day things will change. The heavy rain spoilt our ring, having to cordon off the outside area due to waterlogging. Many thanks to my efficient steward who kept the ring running smoothly. Finally, thank you to the exhibitors for the wonderful picnic following judging, it was a lovely social event.

Special Beginners Dog/Bitch (1) 1 Nash's Earthtaw Owain The Celt: What a lovely start to the day. A smart B&T male of 13 months, nice in size and shape. Good head with super expression, although I would prefer a little more strength in his muzzle. He has neat ears and lovely dark eyes. He is short backed and compact, enough bone, moved out well, looking great in profile. He was beautifully put down in perfect coat and condition. I was so pleased to see them win the Special Beginner Group; what a way to go out of this class.

Veteran Dog/Bitch (2) 1 Nash's Ralph Of House Nash ShCEX VW: This 8 year old male is a credit to his owner, he is presented in tip top condition. He has a good head with neat ears which he uses to advantage, well covered strong body, level topline which he holds on the move. Well off for bone, great tail and set on. He strides out around the ring presenting a lovely picture. Pleased to see him awarded Veteran Group 2. **2 Macartney's Nordalset Little Bit Of Sun for Ivrig VW:** What a grand old lady of 11years old. B&T bitch, excellent for age, moved and showed well clearly showing she is still enjoying her outings. In great coat and condition.

Junior Dog (4) This was a lovely class of two smart young males. **1 Thompson-Morgan's Belleville Playmate:** Liked this young male who is mature for his age. Good size, short and compact, well off for bone. Liked his head and expression using his ears well. In good coat and condition, a little unsteady in his movement but I'm sure that will come with experience. I liked his attitude. **2 Tate's Jaeva Jammie Dodger:** Quality dog full of breed type. Loved his head and super expression. Great strength of muzzle, lovely eye with the neatest of ears. Compact body and strong hindquarters moved out well for his new handler. Not the jacket of 1 today. **3 Nash's Earthtaw Owain The Celt.**

Post Graduate Dog (2) This was a difficult decision and I was splitting hairs. **1 Stockley's Nordalset Destiny's Child:** This young dog was out of coat today but preferred his type and size. Not the strongest of heads but he has neat ears and dark eyes, short and typy with good tail set. Moved and showed well for his handler. **2 Ayres-Cousins' Kinsridge Box Brownie at Viracocha:** Bigger dog than 1. Beautiful strong head with neat ears, enough neck, longer cast than winner, plenty of coat showed well for his handler.

Open Dog (2) Two males of different types. Very close decision and the winner was on his best behaviour and outperformed 1 today. **1 Thompson-Morgan's Belleville Plum Sauce:** Bigger in size than 2. A Red dog with good substance, and bone nice Feet. Attractive head keen expression and dark eye, could have more strength in muzzle, strong neck, well ribbed body and tail ok. In good coat well-trimmed and presented. He put up a good performance today to win CC & BOB. **2 Jenkins' Kinsridge Cash Point:** I think this young man had other things on his mind today. He has good breed type, lovely head with a keen expression and the neatest of ears but I would prefer a darker eye. Enough neck into well placed shoulders. He moved well in profile keeping a level topline but was testing his handler very much mainly leaning into her making assessment difficult. He is just coming into coat and I'm sure these two will change places on another day.

Puppy Bitch (3) Pair of promising red puppies, 1 being more mature than 2. **1 Brackner's Bruperhat Spirits Gift:** Smart short typy young bitch who showed her socks off. Sweet head with the darkest eyes and neatest ears showing a lovely expression. Enough neck, short and compact body. Excellent straight tail going all the time showing great temperament. Moved out well with reach and drive. She was in excellent jacket and well presented. Pleased to award BP. **2 Jenkins' Kinsridge Brownie Point:** Another promising puppy though not as mature as 1. Attractive head with the neatest of ears and an excellent mouth. Good length of neck flowing into well laid shoulders. Good compact body although I would have preferred her shorter in loin. She moved out well keeping a level topline as she went. Another with an excellent tail.

Junior Bitch (4) **1 Tate's Jaeva Puzzle Piece:** a lovely B&T bitch out of the top drawer. Just short of 18 months and still a little immature but I liked her head and expression with neat ears, which she uses to advantage. Good to see lovely bone for a bitch with nice padded feet. Good in neck and shoulder, level topline which she held on the move, super tail. Well-handled as she makes her young handler work. Well presented in full hard jacket. **2 Cooper's Settrenda Saucy Style:** This bitch has the most beautiful of heads with the correct shaped dark eyes good strong muzzle well set ears which she uses well. Well off for bone, Would prefer a little shorter in back, good straight tail moved out well in good hard jacket. **3 Nash's Silverlily Of House Nash.**

Post Graduate Bitch (5) One of the best PG classes for a long while, splitting hairs for placings. **1 Stevenson's Brickin Country Charm:** Dark red, well-made bitch with a lovely head. Strong muzzle and lovely shaped dark eyes giving a great expression. Enough neck into well laid shoulders, strong body and well ribbed. Good strong hindquarters which she used to move soundly around the ring. In excellent jacket. **2 Brackner's Bruperhat Commitment:** Different type to the winner being a smaller, shorter more compact bitch. Not the bone and substance of 1 but she has the loveliest of heads with a beautiful dark oval shaped eye. To be critical, I would like more strength in the muzzle. She is a short well ribbed bitch with excellent tail and carriage, moved out well. **3 Hess' Umbrage Special Delivery.**

Limit Bitch (6) What a smashing class of lovely bitches. My winner just sparkled the minute she entered the ring, hard to keep your eyes off her and was pleased to award her the BCC, her 3rd I believe. **1 Tate's Jaeva What The Hell:** 2 ½ yr old quality B&T bitch. Short and cobby with one of the best heads today. Great ear carriage and dark eyes with a great expression. Good length of neck into well laid shoulders. Short well ribbed body, lovely bone with great feet, another with a great straight tail. Powered around the ring showing her socks off for her new handler out moving the rest of the class. Well done on your excellent handling skills, bringing out the best in this lovely bitch. She just started to flag in the challenge for BOB, Delighted to award her the CC. **2 Stevenson's Brickin Dare To Dream:** Close up to the winner. She has a great head with lovely expression, dark well shaped eyes and strong in muzzle. Short back with well sprung ribs, excellent hind quarters which she used well. Super tail and set on. Excellent harsh jacket which was well presented. RCC. **3 Eriksson's Jiffy Goldmine.**

Open Bitch (2) **1 Atkinson's Moortop Bobby's Girl:** My winner was a 2 ½ year typy bitch in excellent order today. Her head could be stronger but she has a dark eye, neat ears and a good mouth. Well balanced bitch with strong hindquarters which she used to power around the ring. A very sound young lady In great coat and condition, a credit to her owner. **2 Thompson-Morgan's Belleville Citation:** This young lady was not with her usual handler and didn't perform today. She was choking on the move and this made her difficult to assess. Quality bitch with a feminine head, dark eyes giving a pleasing expression. Enough neck, short cobby body but not in the coat of winner.

Critique – East of England Agricultural Show
Judge: Mrs P Sands

My thanks to the East of England for the kind invitation to judge the Norfolks, albeit a couple of years on due to the dreaded Covid. An even bigger thank you must go to the exhibitors for the quality entry and by today's standards, numerically strong, good to see correct dentition with just a couple of level bites. My thanks must also go to both my stewards, Sue and Carol, they did a sterling job at keeping everything running smoothly.

Minor Puppy Dog (1) 1 Davis' Watercroft Cosmic Dust: Smart little red baby at just 6 months on the day, taking this all into his stride at his first show, pleasing proportions all through, I wouldn't want to see anything different at this tender age except he just needs to tighten up a touch in front.

Puppy Dog (4) 1 Gee's Watercroft Strands Of Gold: Developing nicely, this rich red boy at 11 months has a lovely well-proportioned headpiece and dark, bright eyes, his neck is of the correct length and his shoulders back, he's very well presented and moves off OK although he did have a bit of a huff and puff. **2 Thompson & Pope's Belleville In A Word:** Red lad at 9 months, his head has sufficient stop and a dark eye, but not using his ears today which I thought a tad low set so this does affect expression, he is ok for top-line good and coat texture although I think this might blow fairly soon, moving well going out but a tidge wide coming to.

Junior Dog (2) 1 Gee's Watercroft Tiger Feet: Lovely masculine red pup at 11 months, no mistaking the sex of this young man, very smart and attentive to his handler, he has correctly proportioned head with a good expression, medium length of neck leading to good shoulders, compact through the body and good for bone and bend of stifle, moving well with drive and as usual, excellent presentation from this kennel. **2 Thompson-Morgan's Belleville Playmate:** Another quality red youngster at just turned 12 months, he's well put together with a balanced outline, attractive in head with an intelligent expression, a moderate neck fitting nicely into well laid shoulders, a short, strong top-line with a good tail set, moving well.

Post Graduate Dog (1) 1 Harrison's Jacquidon Rich Tea: A good sort, this red is a happy chappie, tail wagging and attentive to handler, ok for head with enough breadth and stop, dark eyes with plenty of expression, ok for ribbing and muscular quarters which he used on the move, jacket in fine order, pleased to see him later take Special Beginners Group 4, very well done.

Limit Dog (4) 1 Darnell's Jacquidon Hot Off The Press: I loved this well balanced, cobby red boy, he has a very attractive head with broad skull, dark oval eyes and correct ear placement, he has a pleasing front with straight legs, compact and level top-line with a good spring of ribs, a good turn of stifle and plenty behind the tail, looking good on the move and standing four square, he comes in such a neat little package, RDCC. **2 Jenkins' Kinsridge Cash Point:** This red has a nicely proportioned head, clean shoulders, well angulated quarters and moved like a dream, however not the balance of 1st as I found him a tad long. **3 Davis' Watercroft Earl Grey.**

Open Dog (2) 1 Thompson-Morgan's Belleville Plum Sauce: I loved this red boy, he has breed type in spades! His head is to the standard proportions with strength in muzzle, dark eyes and a keen expression, he has a good front, a short strong back and his ribs are well sprung, his tail is set level with his top-line, he has muscular quarters plus stands on neat feet, moving with enthusiasm, I was happy to award the DCC and BOB. **2 Gee's Ch Watercroft Boozy Miller:** What more can be said about this super quality male, he has the best of outlines with such balance and symmetry, I can see why he features so well in the groups, expertly handled and presented he is quite the eye catcher, however, I preferred the head proportions and type of 1st on the day.

Special Beginners Dog (1) 1 Harrison's Jacquidon Rich Tea. Repeat. BSB.

Minor Puppy Bitch (1) 1 Jenkins' Kinsridge Pocket Money: This delightful little red was enjoying every minute in the ring, such a little character and developing along the right lines, what an excellent start! At just 6 months old she put in such a good performance, good front assembly, super back end and moving well.

Puppy Bitch (6) 1 Gee's Watercroft Back In A Jiffy: Oh my goodness, what a cracking little black/tan at 11 months topping a good class of pups, she has a beautiful head with a keen and alert expression, good ear placement and dark eyes, good front and top-line, shapely quarters and moving freely, with a coat of good colour and condition I was pleased to award her BP and was seriously considered for more. **2 Brackner's Brupurhat Sprints Gift:** 11 months red, this young lady is good for size and shape, moderate in neck, level top-line, good bend of stifle and well set tail, a nice package all over. **3 Jenkins & Simpson's Kinsridge Pin Money TAF.**

Junior Bitch (4) 1 Tate's Jaeva Puzzle Piece: I thought this young black/tan first rate, maturing nicely she put in a good performance, she has a pleasing head of good proportions, clean cut shoulders with depth to her brisket, compact in body with a level top-line and well sprung ribs, she has a good width and strength to stifles and short hocks, moving with drive she ticked all the boxes for me, I was pleased to award her the BCC, I understand her 3rd, congratulations! **2 Thompson-Morgan's Belleville Hope Star:** Another good one from the top drawer, this red was very attentive to handler, compact and sturdy, good body lines, tail set and presented in tip top order.

Post Graduate Bitch (6) 1 Hess & Higgins' Umbrage Special Delivery: Red, feminine but workmanlike, well placed ears, ok in front and good turn of stifle, well presented and handled. **2 Stevenson's Brickin Country Charm:** Such a happy and outgoing red girl, she is a tad rotund which affected her outline, she has a pleasing head and expression and a good overall shape but just a little portly. **3 Mason's Tidy Dancer around Nosam.**

Limit Bitch (6) 1 Gee's Watercroft Treacle Toffee JW: Super little red bitch, compact and sturdy with a good outline, feminine head, dark eyes, enough neck, good forechest and strong quarters plus ample bone on her limbs, her jacket is in very good order and moving very well, topping this class nicely, RBCC. **2 Stevenson's Brickin Dare To Dream:** Although I would prefer a little better definition of neck, her head is pleasing, front and top-line OK with moderate hind angulation, good mover but another carrying a smidge too much weight, she has a good harsh coat and very attentive to her handler, she went well. **3 Atkinson's Moortop Bobby's Girl.**

Open Bitch (5) 1 Thompson-Morgan's Belleville Ovation: This bitch is in fine fettle for rising 8 years and was the best mover in the class, true fore and aft and sound as a pound, nice and compact, good for size with a correct front, good for ribbing and quarters plus a jacket in good order. **2 Gee's Watercroft Gold Leaf:** Attentive girl, very showy, she has dark eyes giving expression, ok in angulation and is moderate all through with a good top-line and tail set, moving better back than away. **3 Phillips' Blakens Catch The Stars.**

Veteran Bitch (1) 1 Macartney's Nordalset Little Bit Of Sun for Ivrig VW: Beautiful head on this rising 10 years black/tan, acquitting herself very well, with a pleasing head and eye, good for outline and shapely back end she went well, she has also kept her colour very well, BV.

Special Beginners Bitch (1) 1 Mason's Tidy Dancer around Nosam: Pretty little girl, wagging tail and attentive to her handler, head of good shape and medium length of neck, front ok with good upper arm and layback however, a tad too much angulation at the rear which affected her hind movement.

I really liked the new layout of the show; I felt it was so easy to negotiate around. Despite having a busy main ring best in show was completed in good time, well done to all.

Puppy Dog (2) 2 cheeky babies. **1 Wren's Jaeva Strut Your Stuff:** A really smart, well built, young dog. Grand head, Strong neck with good shoulder. Compact with firm back to strong rooted tail on top used to advantage, not flat on his back. He was off, when asked and made me smile. A good un. **2 Davis' Watercroft Cosmic Dust:** Again must have an assured future. Super head ear and strength in muzzle. Very typical in outline, not quite as settled on the move, but it's all there to grow into.

Junior Dog (3) 3 with quality. **1 Tate's Jaeva Jammie Dodger:** Immaculate with excellent coat and presentation. Lovely head with dark expressive eye and good ear. Strong muzzle, of correct balance. Well-constructed with correct angles both ends. Well ribbed to short filled loin, level back to good tail with plenty behind. Goes with determined purpose and accuracy. **2 Thompson-Morgan's Belleville Playmate:** Very close to winner, all male and a real terrier, put down with expertise. Decent head and forehand, good footfall on the move. Hard top coat. A super dog. **3 Gee's Watercroft Tiger Feet.**

Post Graduate Dog (2) **1 Harrison's Jacquidon Rich Tea:** 2 years and smart, standing and moving. Dark, well-fitting eye and neat well placed ear. Decent forehand, excellent tail set and carriage. Presented in grand condition and coat. Works well with handler. BSB. **2 Davis' Watercroft Earl Grey:** A very pleasing head and expression, from clean eye. Rather heavy in condition and rather left his coat at home. Moved with tidy action.

Limit Dog (3) 1 Hurrian's Way To Cool For Choos: A super dog, male, pleased for size and proportions. Grand head with clean dark eye and use of well-placed ear, has strength in foreface with dry lip. Firm neck through filled compact body. Goes with stride and character, out moving many. A very useful dog Res CC. **2 Jenkins' Kinsridge Cash Point:** Smart, masculine, he is typical of the breed and very sound and well bodied to go over. In super coat and went nicely. **3 Darnell's Jacquidon Hot Off The Press.**

Open Dog (4) 1 Tate's Int Ch Jaeva Rock the Boat (Re-imp): A real terrier, without being too much. Great head, with balance of skull and good ear set. Has the spark in his dark eye and, good stop to strength in muzzle, that's not too long. Super shape and construction which allows his smooth positive action. Well prepared harsh topcoat, strength in tail, carried to denote attitude. CC/BOB. **2 Thompson-Morgan's Belleville Plum Sauce:** A sound, honest, typical male, expertly presented and turned out. Lovely outlook from well-placed and set eye. Good ear and use. He has shape, is compact and has carriage. Winner just has that extra on the move, but taking nothing away from this one. **3 Gee's Ch Watercroft Boozy Miller.**

Special Beginner Dog/Bitch (2) 1 Harrison's Jacquidon Rich Tea. 2 Wren's Jaeva Strut Your Stuff.

Puppy Bitch (3) 1 Gee's Watercroft Back In A Jiffy: This young B&T, was just so 'on it'. She came in demanding attention with her carriage and style. So satisfying to go over, feminine with gorgeous head use of ear and that glint in her dark eye. Has stop to strength in foreface and jaw with dry lip. Has angulation fore and back, therefore accurate foot fall. Well ribbed to short muscular loin. Good set on and plenty behind tail. She asked, and got the CC. **2 Jenkins's Kinsridge Pocket Money:** A touch fuller in eye, but set in a balanced head piece. Strong clean neckline short firm body with solid topline. As expected immaculately presented and handled to bring out the best. Lots of quality and should come on well. **3 Hurrian's Villassa All The Way.**

Junior Bitch (1) 1 Cooper's Settrenda Saucy Style: Pretty bitch, soundly constructed and shapely depicting the breed. Loved her cheeky character. She does her job smartly with positive foot placement. Very well turned out.

Post Graduate Bitch (5) 1 Smith's Javidel Handmayds Tale: Took the class on the final go round, which she did with easy panache and positive foot fall. Strength coupled with femininity, with so many plus points reflecting the breed. So balanced and honest throughout with a temperament, which set her apart. **2 Stevenson's Brickin Country Charm:** Loved her head and has a positive forehead and good ribbing. She was not making the best of herself and could look a touch long at times, neither did she put all in on the move at times. However she is typical and good to go over. **3 Geary's Watercroft Quick As A Flash to Germanus.**

Limit Bitch (5) 1 Tate's Jaeva Puzzle Piece: Headed a decent class. Very close up to the CC winner, in fact I found her sound typical with a great character, all this and immaculate coat, condition and presentation. A very beautiful, feminine with strength, Norfolk. Res CC. **2 Atkinson's Moortop Bobby's Girl:** This one determined her place with her easy, accurate movement. She is honest, in grand body, short muscular loin and harsh, well turned out coat. **3 Glynn's Kenberlynn Angels Spirit.**

Open Bitch (3) 1 Smith's Javidel May I Present: Decent head and has typical outline, with strength. Has clean neck from lay of shoulder, neat elbow from return of upper arm and developed ribs. Compact with level topline. Good tail and carriage with width of rump and muscled quarters. Took it away on the move today. **2 Gee's Watercroft Treacle Toffee:** Smart, but giving her handler a hard time today. Really well constructed and has bone, substance and balance. She can place her feet right, but lacked commitment to the job today.

OUR DOGS apologises to the judge and exhibitors for the late publication of the following critique:

Thank you again to all exhibitors for a quality entry. We have some very good breeders in the breed producing quality every time.

Special Beginners Dog (2) 1 Clark's Watercroft Pickled Pudding: Red jacket, correct texture. very well-schooled youngster. Correct for size, lovely head, perfect bite. Dark eye, well placed ears, correct tail set. Moved out well.

Puppy Dog (2) 1 BPIB/RCC Gee's Watercroft Tiger Feet: I could not ignore him for RCC. One for the top, I'm sure. Quality throughout, grand head with good width, dark eye, alert expression. straight front, strong in loin. Well let down in hocks, moved around the ring with purpose. Holding a super outline. As we now expect from his breeder, super coat presentation. **2 Haydon's Earhtaw Patrick:** typical in head for age. Moved out well. Coat was well presented and quietly handled.

Junior Dog (3) 1 Gee's Watercroft Strands Of Gold: Red jacket. nicely developing dog with more to come. Head is well in proportion. Correct well placed ears. dark eye. Firm in neck, straight front. good ribbing. moved out well. **2 Thompson-Morgan's Bellville Playmate:** frustrating today, he did not particularly want to play. It was a noisy hall. Super rich red jacket again well presented as always. So well put together with a balanced outline which when he did decide to move was correct with low driving action. strong in topline. Correct shoulders.

Limit Dog (2) 1 Mullan & McFadden's Watercroft Pop Muzik At Tamodan: Nicely balanced red boy, nice head, correct bite, well placed ears. Enough neck, straight front, good for size. Moved quite well when settled.

Open Dog (4) 1 DCC & BOB. Tate's Int Ch Jaeva Rock The Boat (Re Imp): Very impressive, all male, big enough but I could not ignore him for breed type. Super rich red jacket, correct length and texture. The very best of heads well proportioned, perfect large teeth. Well placed ears, dark eye. Firm in neck, well laid back in shoulders, straight front.

Well-padded feet. Strong in loin and well angulated in hindquarters, driving from short strong hocks. Strode around the ring with a look at me attitude, super handling as ever from his very competent handler. **2 Thompson-Morgan's Bellville Plum Sauce:** oh how I wished this boy would have got his act together, he should make up easy. Today he was having none of it and unfortunately paid the cost. He is so typy. Super red coat. The very best of heads, correct proportions. Perfect bite, front, shoulders, hindquarters, strong topline. all there but he decided not to play the game. Another time I hope! **3 Nash's Earthtaw Owain The Celt**

Veteran Dog (1) 1 Nash's Ralph Of House Nash ShCEx VW: 8yr old Black n Tan. Lovely boy, strong head, perfect large teeth, good front and shoulders, moved a little close in hind quarters, well handled.

Puppy Bitch (1) 1 Gee's Watercroft Back In A Jiffy: Oh she is a little cracker! Super black and tan jacket well-presented and correct texture. She is so full of herself, she strode around the ring like a veteran and has that look at me attitude which will go a long way. I am sure will become a champion as all is where it should be at this age.

Junior Bitch (2) 1 RCC Thompson-Morgan's Bellville Hope Star: Another cracking Norfolk. Excellent make and shape compact short body. Good bone and feet. Holding a super outline on the move, great head piece, dark eye, well placed ears. Correct bite. Strong neck, perfect front and shoulders, strong loin, Better for size, moved with purpose. Well-presented red jacket. Super handling moving at the correct pace.

Post Graduate Bitch (1) 1 Geary's Watercroft Quick As A Flash To Germanus: Litter sister to Jiffy. Similar in general make and shape, lovely head, nice expression, correct bite. Correct tail set on and carried. Moved out well, red jacket well presented. Nicely handled.

Limit Bitch (2) 1 BCC Tate's Jaeva Puzzle Piece: Bigger than some. very feminine head piece. She has the very best of front and shoulders, she cannot stand wrong. Firstly I would like to thank Bournemouth canine committee for the invitation to judge at their show, also to my very efficient steward who helped run the ring so smoothly, over 3 breeds.

Minor Puppy Dog (2) 1 Davis' Watercroft Cosmic Dust: Nice type with good shape in profile, well off for muscle and bone but not overdone for his age, correctly proportioned head with good bite. Moved well at times, but would benefit from some training. **2 Haydon's Earhtaw Patrick:** Another nice type, quality head shape with dark eyes, dentition all correct, good quarters, level topline kept on the move.

Puppy Dog (1) 1 Gee's Watercroft Tiger Feet: Lovely masculine youngster with super head and expression, good angulation throughout with correct bone and well defined muscle, moved out with purpose. BP, PG3

Junior Dog (2) 1 Gee's Watercroft Strands Of Gold: red boy of quality, super head shape with dark expressive eyes, quarters correctly made, well bodied with strong loin, presentation as usual from this kennel, moved out with purpose.

Post Graduate Dog (1) 1 Davis' Watercroft Earl Grey: Sadly a bit overweight for me, this affected his profile and movement, losing this weight will produce a nice typy boy.

Limit Dog (3) 1 Jenkins' Kinsridge Cash Point: What can I say about this boy, everything I would want in a Norfolk, everything about him stood and moving screams breed type, he showed his socks off, all the while asking for it, movement was a joy to watch. BOB. **2 Haydon's Earhtaw Lincoln:** nice lad in profile, well bodied with decent head shape, in good jacket, moved out well. **3 Mullen & McFadden's Watercroft Pop Muzik At Tamodan**

Open Dog (1) 1 Gee's Ch Watercroft Boozy Miller: This boys reputation goes before him, super shape and build, not a deal you can fault him on. Sadly moving out he was flat, it really seemed like he was not enjoying it, but his quality won him the RCC.

Minor Puppy Bitch (1) 1 Jenkins' Kinsridge Pocket Money: this baby was loving life and really enjoying herself, feminine all through, with the prettiest head and expression, nicely off for bone and muscle, presentation superb, moved out like a seasoned campaigner, I foresee a bright future for this young lady.

Puppy Bitch (2) 1 Gee's Watercroft Back In A Jiffy: attractive black & tan feminine puppy, well balanced with well angulated quarters, pretty head with dark eyes and correct mouth, moved out with drive. **2 Jenkins & Simpson's Kinsridge Pin Money:** another lovely baby, all the attributes of, but not as settled, well presented.

Post Graduate Bitch (2) 1 Stevenson's Brickin Country Charm: overweight young lady, nice head and expression, coat ready to blow, moved out ok. **2 Hess' Umbrage Special Delivery:** the opposite to 1, very lean, decent head with dark eyes, good body shape, moved out well.

Limit Bitch (3) 1 Gee's Watercroft Gin Fizz: pretty youngster, with good bone and muscle throughout, feminine head with dark knowing eyes, quarters well angulated, good length of rib with strong loin, she is in super coat and presentation, moved out easily. RCC. **2 Hess' Umbrage Up All Night:** another nice feminine type, good head and expression, nice shape in profile, but could do with losing a bit of weight which would benefit her movement. **3 Stevenson's Brickin Dare To Dream**

Open Bitch (2) 1 Tate's Jaeva Puzzle Piece: it was a close run race between this black & tan girl and the dog for the top title, she is my type of Norfolk, showing her socks off, and, loving it, quality throughout, angulation all through was correct which showed in her easy driving gait. CC. **2 Gee's Watercroft Treacle Toffee JW:** another super girl, feminine all through, in super coat, but sadly let down by her flat movement.

My thanks to the exhibitors for their entry, our ring surface wasn't the best and a number of dogs didn't cope well with it. It's been some years since I last judged the breed and I feel breeders need to concentrate on front construction and mouths, both these areas concerned me.

Veteran Dog (1) 1 Nash's Ralph Of House Nash ShCEx VW: 8 years old & nice for size & breed type. Typical head with a keen expression. Compact made body & low, in a good coat and nice condition. Moved ok in front but moved away with a good driving action. BV

Minor Puppy Dog (1) 1 Davis' Watercroft Cosmic Dust: A happy youngster of good type. He has a nice head for his age with well-placed ears. Good body, short back with a nice spring of rib. Correct tailset, in a nice coat. Just needs time to settle in movement, well handled.

Puppy Dog (1) 1 Gee's Watercroft Tiger Feet: Nice type of dog, good overall shape. Head is ok for his age, good width of skull, nice ear placement, needs to fill out in muzzle. Nice length of back with a good spring of rib. Correct in tailset, well-made hindquarters. Needs to firm up in front action. In a good coat & shows very well.

Junior Dog (1) 1 Nash's Earthtaw Owain The Celt at Raphiggy: B/T, nice size and shape. very pleasing head & keen expression. Good in neck & shoulders, well-made body with nice angulated hindquarters. Correct tailset. Lively clean mover, in good coat of correct texture.

Post Graduate Dog (1) 1 Davis' Watercroft Earl Grey: Good in head & expression. A little too much body weight but a nice spring of rib. Needs to improve in front action, but has a very good backend with drive. Coat in between, a very happy showman.

Limit Dog (5) 1 Jenkins' Kinsridge Cash Point: I liked this boy for his size, type & balance. Nice clean outline, good head & expression, well defined stop. Good length of neck & front, short compact body with a good spring of rib, level back & correct tailset. Well-made hindquarters, in very good coat & condition. Moved cleanly around the ring. RCC. **2 Darnell's Jacquidon Hot Off The Press:** I liked his size & type, pleasing head with well-placed ears. Good reach of

neck, good body with correct spring of rib & low. He has a really good backend & was in good coat. **3 Harrison's Jacquidon Rich Tea.**

Open Dog (2) 1 Gee's Ch Watercroft Boozy Miller: I really like this dog for his breed type & size, lovely balanced shape. Good head, dark eye, well defined stop with a well filled muzzle. Good in neck & shoulder, well-made cobby body, strongly made hindquarters with a correct tailset. In first class coat & condition, moving fluently around the ring. Shows like the top dog he is. CC & BOB. Good to see he took G4 in a strongly contested group. **2 Ward's Littlemount Celyn Y Mor:** Was reserve in LD. Nice for size & shape. Nice head but could have a shorter muzzle. Well-made body, moves a little wide in front but moved extremely well behind. In a good coat.

Puppy Bitch (3) 1 Gee's Watercroft Back In A Jiffy: B/T. Really liked her size & breed type. Nice head & expression, still will continue to improve. Good cobby body with nice spring of rib. Good front, well angulated hindquarters & correct tailset. In nice coat & condition, moves very nicely. Well handled in the challenge by her young handler. BP. **2 Stevenson's Brickin Cherish:** A raw baby who was a little overawed at first. Needs lots of time to mature & gain confidence. Pretty head, kind expression. Nice body shape, moved nicely behind once she had settled. Coat unfortunately blown.

Junior Bitch (1) 1 Nash's Silverlily of Housenash at Raphiggy: B/T. Nice breed type, pleasing head & expression. Good neck & shoulders, straight front. Well-made body, nice turn of stifle. In good coat & condition. Positive mover both ways, good outline on the move which won her the RCC.

Post Graduate Bitch (3) 1 Hess' Umbrage Special Delivery: Pretty headed girl. Pleasing & balanced outline. Good head & expression, correct ear placement. Good in neck, shoulders & front. Well-made body with a good spring of rib. Nice sound & lively mover. Has a coat of excellent texture. **2 Barrow's Kinsridge Pink Diamond:** Really nice type, good head & expression. Well-made body, nice amount of bone. Good front but needs more width in her hind action. Happy showgirl.

Limit Bitch (4) 1 Atkinson's Moortops Bobby's Girl: I liked her size & balance. A nice head & alert expression. Good in neck & shoulders, well-made body. Very good coat, moved steadily keeping her topline. **2 Gee's Watercroft Gin Fizz:** Another of very nice type. Not in the best of coats. Nice head & expression. Movement varied hence her placement today. **3 Hess's Umbrage Up All Night.**

Open Bitch (1) 1 Gee's Watercroft Treacle Toffee: Really nice type, balanced outline, good size with a feminine outlook. Good head & expression, correct ears & well defined stop. Mature cobby body, correct tailset & carriage. In very nice coat of good texture. Sound and fluent mover. CC & BOS

Puppy Dog (1) 1 Gee's Watercroft Moon Dust: B/T. Another promising youngster from this clever breeder. Correct proportions in head which has strength in muzzle with excellent dentition. Clear in eye which gives off a pleasing expression. Neck flows into a well laid shoulder. He is compact in body with plenty in rib. Top line is solid with correct set tail. He stands on quality bone with neat compact feet. His jacket was well presented. Once he got the hang of things he moved out ok. Should in time go on to bigger and better things. BPD, RBD.

Junior Dog (1) 1 Gee's Watercroft Tiger Feet: 12 months red. He is pleasing in head which has good balance with strength in foreface with correct eye and expression. Excellent in dentition. Body proportions display a cobby outlook. Top line is solid with bang on tailset. He has quality in his bone with cat like feet. Jacket was presented in excellent order. Moved out ok on the out and back whilst holding a pleasing profile on the go around. Best Dog.

Puppy Bitch (1) 1 Gee's Watercroft Back In A Jiffy: 12 months B/T. Yet another future star from this breeder. Feminine in head which has correct proportions. Clear in eye which gives off a pleasing expression. Excellent in dentition with big white teeth all topped off with neat well placed ears. Her body is compact with plenty in ribbing. Topline is level which leads to a firm loin with correct set tail. She stands on quality bone with excellent feet. Jacket was presented in good order and she moved out on the out and back displaying accurate foot falls whilst holding an eye-catching profile on the go around. BPIB and RBB. Just touched off for BOB by her stable companion. Should go on to the upper house!

Special Beginners Bitch (1) 1 Glynn's Kenberlynn Angels Dreams: Three and a half year old red. No mistake she is a Norfolk. Feminine in head, eye and expression ok. Unfortunately carrying too much weight which detracted from her overall appearance. Bone and feet ok but not sound in her rear movement. Jacket was ok.

Post Graduate Bitch (1) 1 Glynn's Kenberlynn Angels Spirit: Three and a half year old red. Litter sister to Angels Dream. Correct in head, eye and expression. Body proportions ok. Topline leads to a well set tail. Bone and feet ok. Moved out better than her sister!

Open Bitch (1) 1 Gee's Ch Watercroft In The Que: 2 year old red. All quality exhibit yet again from this kennel. She has good proportions in head which is feminine. Dark in eye which gives off a pleasing expression. She is correct in dentition all topped off with neat well placed ears. Her overall outlook is cobby. Top line is solid with a firm loin. She stands on quality bone with cat like feet. She was presented in excellent jacket. On the move she displays accurate foot falls on the out and back whilst holding an eye-catching profile on the go around. Pleased to award her BB and BOB.

Firstly, Thanks go to Birmingham city for the invitation to judge at their show. Thank-you to the exhibitors and their exhibits who I found to be of excellent quality, and a credit to the breed and themselves, with many placing being down to minor detail, with very little between them, some of which could differ another time. What also impressed me since I last judged was that mouths were very good and teeth large and clean. Thanks must also go to my two stewards Graham and Shirley who kept my ring going smoothly.

Special Beginners Dog (3) **1 Harrison's Jacquidon Rich Tea:** Short dog of good size, well-constructed and balanced, straight front and good quarters, level top line with a tail set and carriage that impressed me, which he held throughout. Moved well both ways. B SB in breed. **2 Wren's Jaeva Strut Your Stuff:** Pleasing Head with a good expression, nice size and well balanced, moved well and in good coat. **3 Powell's Watercroft Brown Boots.**

Veteran Dog (1)

Puppy Dog (4) **1 Gee's Watercroft Moon Dust:** This little B/T fellow really took my eye. Real gassy show man for one so young, his head was spot on for proportions, with dark oval eyes giving a very nice expression, full strong dentition, his overall balance was excellent, his movement was faultless being both sound and true with real purpose, he just never stopped showing, which won him the RCC over other strong contenders, shown in excellent jacket and handled to perfection. RCC&BP. **2 Davis' Watercroft Cosmic Dust:** Liked his overall type and conformation, pleasing head with good width to skull, short back and well placed shoulders, just needs to get his act together a little whilst

moving. **3 Wren's Jaeva Strut Your Stuff**

Junior Dog (3) 1 Thompson-Morgan's Belleville Playmate: Well put together in all departments, good length of rib and depth of chest, moved with good reach and drive, very little between these two. **2 Gee's Watercroft Tiger Feet:** Again another very nice Boy, oozed breed type and good size with ample bone and substance, just preferred the overall movement of my winner.

Post Graduate Dog (1) 1 Davis' Watercroft Earl Grey: This lad has good breed type and a nice head with well-placed ears, but unfortunately, he is carrying far too much weight which spoils both his stance and movement.

Limit Dog (4) 1 Jenkins' Kinsridge Cash Point: Dog CC stood out for me for his breed type and conformation, so well balanced with a wonderful head full of expression brought about by his dark eyes, well set ears with correct width between them, all framed with required ruff. Short cobby body well ribbed with deep chest. Good lay of shoulder. Straight well boned legs with tight feet, standing foursquare. Sound true steady movement. No exaggerations, just a good honest Norfolk. Shown in an excellent jacket, which completed the picture. Pleased to give him DCC BOB. **2 Gee's Watercroft Strands Of Gold:** Another well put together dog, True to type, lovely well-proportioned head with correct ear placement, Level top line with a compact body, Good coat and presentation. **3 Darnell's Jacquidon Hot Off The Press**

Open Dog (3) 1 Thompson-Morgan's Belleville Plum Sauce: Nicely put together, pleasing head and expression, correct ear carriage, good depth of chest and length of rib. Well laid back shoulders, moved with drive. His overall profile on the move won him this class. **2 Tate's Int Ch Jaeva Rock the Boat Re (Imp):** Another good specimen of the breed, lovely head and expression, sturdy and compact body, well boned legs with substance, shown in excellent coat, moved soundly.

Good Citizen Dog (2) 1 Wren's Jaeva Strut Your Stuff. 2 Powell's Watercroft Brown Boots: nice for size, head a little plain for me, coat in good condition, needs more training to get the best out of him.

Veteran Bitch (1)

Puppy Bitch (4) 1 Gee's Watercroft Crafty Monkey: Promising puppy, pleasing head with good expression, dk eyes and well placed ears with strong dentition. Correct length and depth of rib, moved well, showing a good profile. **2 Dragon & Tate's Noragad's Royal Flush with Jaeva TAF:** Just 6 months and still very much a baby, she has a lot of potential, with pretty head and lovely dark oval eyes, good length of neck, short compact body, moved well and perfectly handled.

Junior Bitch (5) 1 Thompson-Morgan's Belleville Hope Star: Red bitch nicely put together, good head on well laid shoulders. Level top line, sound quarters which she used to her benefit to propel around the ring. **2 Gee's Watercroft Back In A Jiffy:** B/T with super breed type, so well-constructed, lovely head and expression, well placed shoulders, well boned legs with tight feet, shown in lovely harsh coat, such a shame she wouldn't show herself to her full potential. **3 Cooper's Settrenda Saucy Style**

Post Graduate Bitch (3) 1 Mason's Tidy Dancer Around Nosam: Nice for type with pretty head, dark eyes and good strong dentition. Carrying a little weight over her shoulders and moving a little wide at the rear.

Limit Bitch (5) 1 Gee's Watercroft Gin Fizz: Nicely put together compact little lady, feminine head with nice dark eye, good length of neck onto well placed shoulders. Level top line with tail on top, correct length of rib, moved well and far enough before she put her brakes on, so forgiveness was made. **2 Atkinson's Moortop Bobby's Girl:** True to type with good head and expression, deep chest and well boned. Moved well just preferred the profile of 1. **3 Lloyd's Orison Nosing The Nod**

Open Bitch (7) 1 Thompson-Morgan's Belleville Ovation: This Bitch headed a super strong class of really quality bitches which was a challenge for me to split with anyone being worthy winners. Well-proportioned pleasing head with feminine expression, good length of neck into well laid shoulders, short level top line, front and rear assembly gave her great reach and drive which was the winning factor for me. BCC. **2 Tate's Jaeva Puzzle Piece:** B/T Bitch that has quality written all over her, well put together, with good head eyes and ear placement, short back and deep chest, moved well fore and aft, such a lot to like about her. I would just like a little more coat leaving on round her neck to finish the picture. Perfectly handled by this young exhibitor. Pressed hard my class winner. RCC. **3 Gee's Watercroft Gold Leaf**

Minor Puppy Dog (1) **1 Davis' Watercroft Cosmic Dust**: nice puppy, carrying a bit of weight all through, a touch wide in front, ok in body, moved ok when he thought about it.

Junior Dog (1) **1 Thompson-Morgan's Belleville Playmate**: liked his head & neck, rather steep return of upper arm, good body which was well ribbed back, good rear angulation, rather unsettled on the move & failed to get into a steady stride.

Yearling Dog (2) **1 Gee's Watercroft Tiger Feet**: liked this boy for type, good head, & neck, ok in front & rear, well ribbed back, moved ok if unsettled at times, but when he did find a rhythm he held a firm outline. RCC. **2 Clarke's Watercroft Pickled Pudding**: finer type, not bad in head, ok fore & aft, body was ok & good coat, he really didn't do operate on the move, & like many was not happy on the grass.

Limit Dog (2) **1 Davis' Watercroft Earl Grey**: ok in head & neck, not too bad in front, held a good outline & ok behind, I preferred his more positive movement & he held a good outline & stood well. **2 Thompson-Morgan's Belleville Plum Sauce**: I liked this boys overall make & shape, however he let himself down on the move & he also wouldn't stand up for anything longer than a second or two.

Open Dog (3) **1 Jenkins' Kinsridge Cash Point**: liked this boy, masculine but without coarseness, well-made front, good rear, cobby body, he moved out showing a clean pair of heels, & held a good outline at all times. In good coat. CC & BOB. **2 Gee's Ch Watercroft Boozy Miller**: nice boy, different type, preferred the head of 1, well made & in good coat, moved ok, but not quite the poise of 1. Rather round in eye.

Special Beginners Dog (1) **1 Clarke's Watercroft Pickled Pudding**

Minor Puppy Bitch (1) **1 Jenkins & Simpson's Kinsridge Pin Money TAF**: really liked this youngster who was full of character, she presented a balanced outline, in good coat & moved so soundly for her age. BP

Junior Bitch (3) **1 Gee's Watercroft Back In A Jiffy**: I liked both of these girls. Loved her head & overall make & shape, used her ears well, compact body, well-made fore & aft, moved out with a good driving action & held her outline

throughout. CC. **2 Thompson-Morgan's Belleville Hope Star:** I liked this girl, but boy did she give her handler a hard time at the vital moments, nice head, but she just wouldn't use her ears, she was well made & moved out well.

Limit Bitch (2) 1 Stevenson's Brickin Harvest Gold: liked the overall make & shape of this girl even though she was part kangaroo at times! She was in good coat & moved out well holding a good outline. **2 Gee's Watercroft Gin Fizz:** this girl was a bit twee for me, she was well made, & had a good coat, I would like her more positive on the move going away from you, held her outline

Open Bitch (2) 1 Gee's Watercroft Treacle Toffee: really liked this girl for type, liked her head, good make & shape, held a good outline & kept a firm topline, moved out well with drive & accurate coming towards you. RCC. **2**

Thompson-Morgan's Ch Belleville Citation: I liked this girl as well, on her toes, good coat, held a good outline & moved out well, I just preferred the rear of 1.

Puppy Dog (2) **1 Davis's Watercroft Cosmic Dust:** eight months old red, with a well-proportioned head, dark eye, and well placed ears, in good coat, well bodied, with a good spring of rib, and firm topline, moved and showed well. **2 Gee's Watercroft Moon Dust:** red who is a litter brother of the winner, he has similar attributes to his sibling, nice size, short coupled, good ears, in fair coat, not as settled on the move as his brother.

Junior Dog (2) **1 Thompson-Morgan's Belleville Playmate:** smart red youngster, in good coat, good head properties, firm topline, nicely muscled, a lovely mover, that showed well. **2 Gee's Watercroft Tiger Feet:** red of good breed type, in good coat, nicely boned, and well bodied, a little unbalanced on the move, showed ok.

Limit Dog (3) **1 Thompson-Morgan's Belleville Plum Sauce:** red with a good head and eye, and varminty expression, level topline, well set tail, nicely bodied. A handful to show, but moved well and could not be denied first place. **2 Darnell's Jacquidon Hot Off The Press:** red in good coat and well presented, pleasing head, dark eye, firm topline, well bent stifles, showed well. **3 Harrison's Jacquidon Rich Tea.**

Open Dog (4) **1 Gee's Watercroft Boozy Miller:** red in super coat and beautifully presented, super head, strong in jaw, dark alert eyes, nice neck and well angulated shoulders, firm topline, good spring of rib, and well bodied, well set tail, good turn of stifle, knows his job, moved and showed well. DCC & BOB. **2 Jenkins' Kinsridge Cash Point:** another quality red, masculine head, in good coat, level topline, short coupled, well angulated rear, a lovely type, unfortunate to meet the winner in such good form. RDCC.

Veteran Bitch (1) **1 Macartney's Nordalset Little Bit Of Sun For Ivrig VW:** B/T in great condition for her eleven years, a nice type, in good coat, still holding her topline, and moving and showing well. Best Veteran.

Puppy Bitch (2) **1 Gee's Watercroft Crafty Monkey:** this red is very much ready to go for a puppy, nicely proportioned head, alert expression, good ears, nice reach of neck, level topline, well bodied, in good coat, moved out with purpose and showed well. BP. **2 Jenkins' and Simpson's Kinsridge Pin Money TAF:** nice type red, who was not as ready as the winner on the day, dark eye, nice reach of neck, firm topline, needs to fill out more to complete the picture, moved well.

Junior Bitch (3) This class was judged as much by who moved better on the day. **1 Cooper's Settrenda Saucy Style:** beautiful headed red, with alert expression, well bodied, and well balanced throughout, in good coat. On the move she covers the ground with ease. **2 Thompson-Morgan's Belleville Hope Star:** red, not as finished as the winner, in good coat, lovely for type and size, enjoys her showing, but with ring conditions not coping as well as the winner on the move. **3 Gee's Watercroft Back In A Jiffy.**

Post Graduate Bitch (1) **1 Jenkins' Kinsridge Brownie Point:** red youngster (still a puppy) appealing head eye and ears, good reach of neck, firm topline, well bent stifles, a nice one, work in progress.

Limit Bitch (4) The hardest class of the day for me. **1 Atkinson's Moortop Bobby's Girl:** red who won this class on her movement, a nice size, good neck and shoulders, well set tail, a good mover that showed well. **2 Stevenson's Brickin Harvest Gold:** cobby red, with a pleasing head, well bodied, in good coat, showed well. **3 Smith's Javidel Handmayds Tale.**

Open Bitch (5) **1 Gee's Watercroft Gold Leaf:** loved this girl, red with a super outline, well-proportioned head, keen expression, so well balanced, both standing and, on the move, in first class coat and condition, lovely size, with good bone, moved with confidence and purpose and showed well. BCC. **2 Thompson-Morgan's Ch Belleville Citation:** another quality red of good type, lovely head and eye, well placed ears, nicely balanced and in good coat, firm topline, well bent stifles, moved and showed well. Judge: Mr G Corish

I was delighted to be invited to judge the NT Club Ch Show for the second time and I thank those involved very much. Norfolk's have always been special to me as I've been involved as a handler first and then as a breeder and owner too. The breed is fortunate in having a dedicated band of good breeders and I'm sure the breed is in safe hands for many years to come. This was a new venue for me but it certainly catered well for the breed with plenty of room for the dogs

to stand and to move, this is a free standing breed and so need plenty of room to show themselves. On the whole I felt the breed was in a very good state and no real worries that I could see. On today's showing the dogs were stronger than the bitches I felt. BIS Gee's. Ch Watercroft Boozy Miller. Bitch CC Thompson-Morgan's Belleville Hope star. BPIS Gees. Watercroft Moon Dust. Best Veteran Macartney's Ivrig First Bit Of Joy

Good Citizen Dog (1) 1 Wren's Jaeva Strut Your Stuff: Red dog of just a year old. Well grown with a well-balanced head, strong in muzzle. Good neck and shoulder. Good in front with good bone. Ex coat texture. Moves well in profile just needs to tighten in front. Well handled.

Veteran Dog (2) 1 Nash's Ralph Of House Nash ShCEx: 8 year old b/t and looking really well. Well balanced in head and expression. He has good bone. Good in neck and shoulder, he has a good topline and good tail set. He was shown in super coat and texture. And he moved so well on the day. **2 Hilditch's Watercroft Royal Mail:** 12 years old and quite remarkable for his age and still has a full set of teeth! Very short of coat on the day but the new coat was coming in and is a super hard texture. On the move covers the ground and is sound coming and going.

Minor Puppy Dog (2) 1 Davis' Watercroft Cosmic Dust: Very mature puppy of 8 mths and hopefully won't grow anymore. When he decided to settle, he was impressive on the move. He has a well-balanced outline, firm in body and short coupled. Excellent coat texture. He head is balanced but a little narrow in back skull but that can change as he matures. **2 Thomson-Morgan's Belleville Plum Roll:** As my winner was very mature, this puppy of 6 mths was very immature. On the day he was difficult for his handler on the move. Being such a baby he needs time to mature head and body. At this stage would be unfair to say so much as he was such a baby.

Puppy Dog (2) 1 Gee's Watercroft Moon Dust: B/T of 8 mths. Really promising puppy. So nicely balanced. Looking so good on the day, his hard coat was presented in great order. Typical in head and expression, nice small ears which were well placed and used them the whole time. Stranding he has a good front, could be a little tidier moving towards me but that was being critical. In profile has good reach and drive BPIS. **2 Thompson & Pope's Belleville In A Word:** A red dog who was very full of himself on the table. He is nice to go over when he was still! Really liked his head and expression, nice small ears, strong in muzzle. Again good front standing but a little loose on the move. He was presented in very good and texture. On the floor however was very full of himself again and didn't show so well. Just needs a bit more time and patience!

Junior Dog (2) 1 Thompson-Morgan's Belleville Playmate: A well grown red dog, ok in outline, his head is well balanced, nice dark eye, neat small ears, he has a very good coat. Right amount of neck, his topline is good. In profile moves really well, but on the day he could have been tidier in front but then he was pulling a lot on the lead and that could well have been the reason. **2 Nash's Earhtaw Owain The Celt at Raphiggy:** A smaller type of b/t. I like his head and expressive, with a strong muzzle, nice small ears dark eye. Not as good in neck and shoulder as my winner. He was shown in excellent coat and was well presented. Although he is sound coming and going, in profile rather short steps in front and so not the reach that my winner has.

Yearling Dog (2) 1 Gee's Watercroft Billy The Kid: A very smart young dog of 14 mths. He is a nice size, smart outline, he was shown in super coat on the day and of a correct texture. He is sound coming and going. He is good in neck and shoulder, excellent topline. Very pleasing in head and expression. Should have a rosy future. **2 Clarke's Watercroft Pickled Pudding:** Young dog of 16 mths and still quite immature in body for his age. To go over on the table there is so much to like about him. He has good bone. His head a typical for the breed with nice dark eye small neat ears which he used all the time. Not quite as sound in front as my winner.

Special Beginners Dog (1) 1 Harrison's Jacquidon Rich Tea: A smart red dog who really moved so well. He is good in neck and shoulder, he was in excellent coat and of a good texture. His topline is good and also tail set. His head is well balanced with true Norfolk expression. Well handled to get the very best out of him.

Novice Dog (1) 1 Wren's Jaeva Strut Your Stuff.

Limit Dog (4) 1 Gee's Watercroft Tiger Feet: 14mths old and very full of himself both standing and moving. On the table he was so nice so go over, i liked his overall balance, super outline, well ribbed, right amount of leg. His head is typical, correct expression, using his small ears the whole time. Quite sound on the move though he gave his handler a hard time. One I'm sure we will hear more off as time goes by. **2 Darnell's Jacquidon Hot Off The Press:** A red dog and close up to 1 but non the final run just didn't move well in front. on the table he is all male but without any coarseness, his head is balanced, strong in muzzle, however his eye could be a little darker, He was also in super coat, correct texture and well presented.

Open Dog (2) 1 Jenkins' Kinsridge Cash Point: Very smart red dog. Short and compact. His head is well balanced, he has a dark eye, small well placed ears. He has right amount of next, his topline and tailset is good. He was in good body condition, well ribbed. Not quite so good in front both standing and moving and was my decider when it came to the CC. Res CC. **2 Thompson-Morgan's Belleville Plum Sauce:** Red dog who was not quite as compact as my winner. I really liked his head and expression, nice dark and full of expression. He has a good neck but not quite as

good in should as 1 and on the move rather paddles in front. Again shown in good coat and well presented. His topline and tailset are good as was his hindquarters. On the moved really drives out.

Champion Dog (1) 1 Gee's Ch Watercroft Boozy Miller: A dog I have seen many times and couldn't wait to get my hands on him. For me he is all Norfolk. I really like his overall balance and type. Reminds me a lot of the Nanfan's in their heyday. He is all male without coarseness. His head is well balanced, nice small ears, dark eyes giving true expression. Good in neck and shoulder. Never stands wrong in front. firm topline, well ribbed. Just comes together on the move, he is sound coming and going and really covers the ground in profile. He isn't perfect, but for me his attributes far outweigh anything I might like to change. Dog CC and BIS.

Good Citizen Bitch (1) 1 Macartney's Ivrig First Bit Of Joy: 7 and a half year old and a nice free mover for her age. Her head is well balanced with a nice dark eye. Her topline is good and tailset. just carrying a little too much weight but certainly was very happy and enjoying her day.

Veteran Bitch (1) 1 Macartney's Nordalset Little Bit Of Sun for Ivrig: A rather nice moving bitch and shown in first class coat and condition at 11 and a half years old. She is sound and free moving. Still has most of her teeth. Her topline is good, she is well ribbed. and has good bone and nice feet.

Puppy Bitch (3) 1 Gee's Watercroft Crafty Monkey: A well grown and together young bitch, both standing and together. Her head is balanced, nice dark eye and neat small ears giving a typical expression. Her front is excellent both standing and moving, her topline is level and firm. She was in super coat and body condition and moved so well and in profile. I'm sure we will hear more about her in the future. **2 Jenkins' Kinsridge Pocket Money:** Similar in age to my winner but was very raw. Not as compact as my winner, she had a good neck and shoulder placement. Her topline is good, excellent coat texture. On the move she was ok in front but a bit narrow behind. Really a bit unfair to say too much as she was such a baby and will be interesting to see how these two develop.

Junior Bitch (1) 1 Nash's Silverlily Of Housenash at Raphiggy: A very feminine B/T bitch. She is well balanced. Good in head and expression, well placed small ears. Good bone and feet. Ex topline. Would just like her a touch shorter coupled.

Yearling Bitch (3) 1 Cooper's Settrenda Saucy Style: A red bitch who is pleasing in head and expression, nice well placed ears. good neck and shoulder, ex topline and tailset. Nicely presented. Could just be a little shorter coupled. **2 Gee's Watercroft Back In A Jiffy:** A nice B/T and again a good moving bitch. Nice in head, small neat ears which she carried well. Ex mouth. Nice dark eye, her topline is good and she is well ribbed. For me I felt she could have touch more leg and she was not as good in neck as my winner. **3 Geary's Watercroft Quick As A Flash To Germanus.**

Post Graduate Bitch (1) 1 Jenkins' Kinsridge Songbird: A very feminine red bitch. Scores in neck and shoulder, good topline, well ribbed, topline is good and tailset. Nice straight front with good bone. Quite sound on the move.

Limit Bitch (1) 1 Atkinson's Moortop Bobby's Girl: A very workmanlike bitch. Firm in body and obviously gets plenty of exercise. She has a good neck and shoulder, nice straight front, well bones. She has a super wire coat and nicely presented. Very sound and free moving.

Open Bitch (4) 1 Thompson-Morgans Belleville Hope Star: This is a really good moving red bitch, plenty of reach and drive. She holds herself so well on the table and was so nice to go over. She is good in neck and shoulder, her topline is good. Her head is very typical and has a nice dark well shaped eye which gives that true terrier expression. She is firm in body and hall well ribbed. Very pleased to give her the CC which I believe was her second. **2 Gee's Watercroft Gold Leaf:** A red bitch shown in super hard wire coat. She is very feminine in head and expression, well placed small ears but i felt maybe her head could be a little stronger. Her front is straight and was well boned and has nice feet. Her topline is good and she moved out well both up and down and again in profile. **3 Philips' Blakens Catch The Stars.**

Champion Bitch (2) 1 Thompson-Morgan's Ch Belleville Citation: A very smart little bitch and very full of herself on the day and certainly enjoying herself. Very feminine in head and expression. Nice dark eye, small neat ears which were well placed. She has a good front. her topline is good. Maybe would just like a touch more leg under her.

Puppy Dog (1) 1 Gee's Watercroft Moon Dust: very raw full of fun & vigour & top drawer, one with a great future, he was keen at all times showing correct spirit, well-proportioned in skull & jaw with good dentition, moderate length of neck & has balance in shoulder & upper arm, body still raw, sound in his rear with hocks well set, well presented wiry coat, excels on the move when settled.

Post Graduate Dog (1) 1 Ward's Littlemount Celyn Y Mor: up to size & certainly masculine, desirable in head shape & has an excellent abundant coat which was well presented and also of good texture, moderate neck, clean balanced front, in good body, lovely round feet, moving better in rear than in front.

Open Dog (1) 1 Gee's Watercroft Tiger Feet: loved his size & shape, presents a masculine profile and is in excellent condition, desirable head proportions & excellent strength of jaw, loved his alert expressive oval eyes, v shaped ears held close to cheek, level top line at all times, loved his low driving movement, stands firm in rear, good tail set on.

Special Beginners Dog (1) 1 Ward's Littlemount Celyn Y Mor

Puppy Bitch (1) 1 Gee's Watercroft Crafty Monkey: quite mature for her age, lovely compact body with well sprung ribs, feminine well shaped head, firm neck fitting well into shoulders, correct feet, profuse harsh jacket, well set & carried tail, moved well in class but could not match her kennel mate today for B. Puppy.

Junior Bitch (1) 1 Geary's Watercroft Quick As A Flash to Germanus: correct for size & substance, excels on the move, desirable head shape with good neck, in hard condition & stands firm with sound hocks, driving action was of power. Profuse coat of good texture but looks like it may be ready to blow.

It is always a pleasure to be with the Norfolks and I was honoured to be invited to judge this breed Club's Ch show. Thank you for a lovely entry and for a warm welcome. Thank you also to the Officers and Committee who worked so hard to put on this super show. The hospitality was excellent as well.

Thank you also to my hardworking stewards who made everything so seamless.

Overall I felt that the breed is in quite good shape. There were enough good ones to make for interesting competition and I was delighted with all my principal winners who were all top quality. Quite a few puppies here with some making

their debut. In fact 5 of the unbeaten bitches in the bitch CC challenge were puppies so awarding best puppy bitch was like judging another class. Generally heads were good, some fronts and rears could be better, mouths were a bit mixed although overall the teeth are a now generally of good size. Coat and presentation is good as are temperaments. I kept them moving quite a bit as they tend to look their best then.

Special Beginners Dog (4) 1 Harrison's Jacquidon Rich Tea: Deserved his first place here. Smart boy with a good rear, straight front although a fraction wide, nice proportions as he was compact but with enough scope to enable reach and drive. Well handled and looked the part. Best special beginner. **2 Powell's Watercroft Brown Boots:** Lots to like about this one. Good temperament, nicely headed, decent jacket, a fraction longer than the winner and not quite as good on the move.

Minor Puppy Dog (1) 1 Thompson-Morgan's Belleville Infamous Colin: Interesting name-a real baby who was a bit overawed. A pity he stood alone as some company may have given him a bit more confidence. I did see flashes of good movement both ways and in profile. Head correct for age and will obviously develop as he matures. Needs plenty of time.

Puppy Dog (2) 1 Gee's Watercroft Moon Dust: Gorgeous black and tan and just right for his age. I loved his type and overall look, super outline with good proportions. Strong in rear, ok in front, super showy temperament, good bite. One for the upper house I would think. A well deserved BPIS. I shall follow him with interest. **2 Davis' Watercroft Cosmic Dust:** Litter brother to the winner and he too is a lovely type, good substance, decent coat and good in rear. Unfortunately decided to put a stop in making things a bit easier for his brother.

Junior Dog (3) 1 Phillips' Blakens In The Mix: The best type in this class, looked lovely on the table, super head, decent neck and topline which gave him a good outline. A little untidy up and back but looked good in profile movement. **2 Thompson & Pope's Belleville In A Word:** Rangier than the winner and the ears were a little untidy. Super temperament, good body coat with some undercoat, is still young so may look better with a little more maturity.

Yearling Dog (1) 1 Gee's Watercroft Tiger Feet: Decent sort, typy, nice proportions, lovely coat, head still developing but has good expression, front ok, would like a little more drive in the rear.

Novice Dog (2) 1 Thompson & Pope's Belleville In A Word: This boy was 2nd in the junior class.

Limit Dog (3) 1 Darnell's Jacquidon Hot Off The Press: 2 years old so quite mature, the best type in the class with a super head, decent body proportions, good ribs, moved well behind. Pinned a bit in front. Good quality. **2 Harrison's Jacquidon Rich Tea:** This typy boy won the Special Beginners class. **3 Davis' Watercroft Earl Grey**

Open Dog (5) This was a lovely class to judge with plenty of quality. Good for the breed to have this sort of competition. **1 Jenkins' Kinsridge Cash Point:** This one caught my eye immediately as he really is a lovely type, cracking head, lovely bite with big teeth and correct head proportions. He is compact and balanced and has both reach and drive. Good in rear and looks super in profile. Well presented. Kept catching my eye to take the CC and ultimately BIS. A lovely boy. **2 Tate's Int Ch Jaeva Rock The Boat:** This boy is remarkably 5 years old. Looks and shows like a youngster. A real stallion of a dog, plenty of bone and substance but not heavy or cloddy. Super coat and presentation, handled well on the table, lovely fronted boy, would prefer a slightly stronger rear but that is nit picking as he scores so well in most departments. A well deserved Res CC and that stallion look carried him through to Res BIS. **3 Thompson-Morgan's Belleville Plum Sauce**

Champion Dog (1) 1 Gee's Ch Watercroft Boozy Miller: This boy is of obvious quality, super type, in great coat and condition, lovely mature head with good expression, strong rear. Not at his most cooperative today which pegged him. Easy to see why he has done so well.

Minor Puppy Bitch (4) 1 Dragon & Tate's Noragad's Royal Flush with Jaeva: Very pretty black and tan baby, scored heavily in body and substance for her age. Super outline and topline. Obviously her head needs to develop and she needs to settle in movement. Ultimately her substance and lovely outline earned her best puppy bitch. I see that she is by the res BIS which explains why her bone and body are good. **2 Thompson-Morgan's Belleville Saucy Number:** This one was a real baby. Super proportions and sound up and back. Tons of baby coat but underneath she is developing well. **3 Mullan's Watercroft Maybelline**

Puppy Bitch (2) 1 Gee's Watercroft Nora Batty: Another real baby, nice type, super proportions, steady up and back. Pushed hard for best puppy bitch but the minor puppy was slightly firmer in topline on the day. **2 Jenkins & Simpson's Kinsridge Pin Money:** 11 months and more mature than most of the puppy bitches here today. Super head, nice outline and good in profile. Just needed to settle a little more to really show herself off. Promising.

Junior Bitch (4) 1 Gee's Watercroft Fairy Dust: 9 month black and tan. Lovely type, good outline and topline, delightful temperament. Just needs a bit more ringcraft to stop her bouncing around.

Yearling Bitch (1) 1 Jenkins' Kinsridge Brownie Point: Very nice sort, cobby, decent head, lovely neck, good outline and drives from the rear. In good coat and good condition. Very typy and is very competitive.

Novice Bitch (4) 1 Jenkins Kinsridge Pocket Money: 10 months but still has some maturing to do. Pretty, good front, decent temperament, would just like her to thicken all through.

Post Graduate Bitch (1) 1 Gee's Watercroft Crafty Monkey: Yet another puppy. This one is ok for bone, pretty head, good outline with decent topline, coat in good order. Moved ok both ways. Shows promise.

Limit Bitch (5) 1 Stevenson's Brickin Country Charm: Liked this bitch for type, lovely head, body proportions good, moved ok in front, could drive a little more from the rear. **2 Atkinson's Moortop Bobby's Girl:** Not quite the outline or the head of the winner. Scored well in temperament, good coat, the best tail of the day. **3 Macartney's Ivrig Dancing In The Sun**

Open Bitch (3) 1 Thompson--Morgan's Belleville Hope Star: This girl was bang on today, caught my eye as soon as she came in, lovely sort, super outline, looked really good on the table and on closer examination she had good neck flowing into correctly placed shoulders and a super front assembly. Her front movement did not disappoint on the floor and neither did her profile movement as she had plenty of reach and drive. Nicely headed too. She had a touch more maturity than the Res CC winner which carried the day. CC-her third and a well deserved title. **2 Phillips' Blakens Catch The Stars:** Pretty girl, looked good on the table but was a bit windy on the floor. Super dentition. Would prefer a little more substance. Good in rear. **3 Macartney's Ivrig Dancing In The Sun**

Champion Bitch (3) 1 Gee's Ch Watercroft Back In A Jiffy: 14 month old and already has her title-easy to see why as there is so much to like about her, super outline and proportions, feminine, good coat and condition, pretty head, shows well. With a little more maturity will look even better. A well deserved Res CC. **2 Tate's Ch Jaeva Puzzle Piece:** Eyecatching super temperament which means that she shows so well. Scored in substance, good mover. Was just a bit tall for me.

Veteran Bitch (2) 1 Macartney's Nordalset Little Bit Of Sun for Ivrig: This girl did not look 11.5 years old. In good body condition, super jacket and delightful temperament. Held herself well when going around which earned her the class and ultimately best veteran in show. **2 Philip's Nordalset Chase The Storm:** This girl looked lovely on the table, feminine, another with a super jacket, just lost her outline when moving round. Good type.

Puppy Dog (4) 1 & BP Gee's Watercroft Moon Dust: I thought this b/t scored in head and expression, so alive with that "up and ready for anything" look. Decent width in skull which is gently rounded, excellent eyes sufficient neck and a decent spring of rib affording a level backline. He is well off for substance throughout and moved around the ring with such determination and drive. **2 Smith's Javidel May You Never:** just 6 months and very much the baby compared to the winner. Well balanced head, very good muzzle, nice eyes and well set and carried ears. Just about enough neck, fair bend of stifle and quite sound on the move. **3 Haydon's Earthtaw Patrick**

Junior Dog (1) 1 Gee's Watercroft Hallmark: another very promising puppy from this famous and highly successful affix. This boy is red, just 6 months old and loving his day out so much that his movement was hard to fairly assess!! Handles well on the table, delightful head with that almost mischievous expression, so well ribbed, very good bend of stifle and well coated. I will be surprised if he does not go on to his title in due course, just a bit over enthusiastic today!

Post Graduate Dog (2) 1 Thompson-Morgan's Belleville Playmate: this is a very sound moving red with an air of quality and good breeding. Loved his head and expression, decent neck affording good head carriage, well bodied and as always from this kennel, ring trained. His coat has a good texture and I am sure he will clock up some good wins. **2 Ward's Littlemount Celyn Y Mor:** I liked his head with such mischievous eyes and ever so attentive ears! He is a bit on the bulky side for me in rib and body development and when circling the ring with the winner he was short stepping in comparison. But certainly is a character!

Limit Dog (4) 1 & Res CC Gee's Watercroft Tiger Feet: all male in head and expression, loved his skull width, good stop and correct muzzle. He is well ribbed, uses his neck to best advantage and circled the ring with such a positive stride. Surely title bound. **2 Harrison's Jacquidon Rich Tea:** a smaller dog as his leg length is on the short side for his body. However he has a nice reach of neck, is firm in backline and his tailset and carriage were one of the best of the day. His head handles well, eyes a little on the full side for me, but his ears are the correct shape and are well carried. In profile his action is balanced and sound. **3 Stockley's Nordalset Destiny's Child.**

Open Dog (3) 1 CC & BOB Thompson-Morgan's Belleville Plum Sauce: a class item. So sound, a lovely size, ample substance throughout for a male, in excellent coat, quality head and expression and his profile action shows reach and drive as he asserted himself when circling the ring. Deserved to represent the breed in the Group ring. **2 Jenkins' Ch Kinsridge Cash Point:** when I went over him on the table I knew we had a very handsome chap indeed. Loved his head and expression, nicely arched neck, decent forechest and spring of rib and such good, tight feet. Well coated, his movement just lacked the oomph and drive which I expected from his construction. But a very worthy Ch. **3 Tate's Int Ch Jaeva Rock the Boat (Re-imp)**

Good Citizen Dog (2) 1 Powell's Watercroft Brown Boots: a quality example of the breed. Delightful head and expression which convinced me he is quite a character!! A credit in body and muscle tone and he certainly shifted his way around the ring with an air of bravado. **2 Walker's Roxypark Spring Time:** a quite different chap altogether, very workmanlike in type to go over but then he showed disdain when asked to move! It just was not on his agenda, although he did just enough to earn the blue card.

Veteran Dog/Bitch (1) 1 McCartney's Nordalset Little Bit Of Sun for Ivrig VW: 11 years young with a super "glad to see you" temperament. Carrying a bit too much body weight to really stride out but he made me smile as his tail never stops wagging. Clearly adored by his owner.

Puppy Bitch (6) 1 Gee's Watercroft Nora Batty: yet another very promising exhibit bearing this prefix. Again a red, with super length/height proportions, a decent spring of rib, excellent forechest with well boned straight legs., firm backline and adequate bend of stifle Her head is a delight and her expression from those ever so alert eyes will make many smile. Once settled covered the ground well. **2 Phillips' Blakens Candy Bar Girl:** I liked the head properties on this youngster and she is well balanced in length/height ratio. Her shoulder and hind angulations are balanced and she was in excellent jacket. Not as settled on the move as the winner but she gave glimpses of her potential. **3 Smith's Javidel May To December.**

Junior Bitch (2) One of the hardest decisions of the day as these are two very promising youngsters. They are similar in so many ways and both should have successful careers. They matched each other in soundness, coat, and length/height proportions. In a photo finish I felt that Point had a fractionally stronger muzzle and, for me, a tad better eye. **1 Jenkins' Kinsridge Brownie Point. 2 Brackner's Brupurhat Spirits Gift.**

Post Graduate Bitch (4) 1 Glynn's Kenberlynn Angels Spirit: this charmer has a good head and expression, ample reach of neck and has an eye catching outline on the stack. For me she is carrying that bit too much condition and although her profile action is balanced with reach and drive she came towards me somewhat wide in front. **2 Walker's Watercroft Golden Spice:** a nicely headed red with such expressive eyes and good ears. Non-stop tail wagger, but compared to the winner she was short stepping in front so in profile her action lacked the smoothness and ground cover, but the tail let me know she was happy!

Limit Bitch (4) 1 Smith's Javidel Handmayds Tale: very much my type of head and expression, super eyes and ears and enough reach in neck. She is well ribbed, short coupled with a well set and carried tail In lovely coat she was the best profile actioned in the class. **2 Atkinson's Moortop Bobby's Girl:** has appeal in length/height proportions, I would like a tad more strength in muzzle, but her skull, eyes and ears are good. Firm in backline, she has a well set and carried tail, and nicely angulated hindquarters. Not so tight in front action as the winner. **3 Glynn's Kenberlynn Angels Dreams.**

Open Bitch (4) 1 & CC Gee's Watercroft Back In A Jiffy: an ultra feminine b/t which oozes breed type with that lovely head and expression. She is shapely, was in excellent coat her length/height proportions are spot on and she is such a responsive showgirl. So full of herself when moving, becoming a tad jaunty, but I still felt she was the best bitch on show. Delighted to give her the big card and will be surprised if she does not go on to her title. **2 & Res CC Thompson-Morgan's Ch Belleville Hope Star:** another very classy true to breed type that this exhibitor always shows. My notes said future Ch but I see she is already ennobled. Breed type in spades, excellent coat presentation and she is a very sound, light stepping bitch of real quality. **3 Phillips' Blakens Catch The Stars**
